**Alfred Hitchcock Presents Stories that Go Bump in the Night** Scarecrow Press

Alfred Hitchcock is not often associated with a social justice movement. But in 1956, the world's most famous director focused his lens on an issue that cuts to the heart of our criminal justice system: the risk of wrongful conviction. The result was *The Wrong Man*, a wrenching and largely overlooked drama based on the false arrest of Queens musician Christopher “Manny” Balestrero. Despite a detective's assurance that the innocent have “nothing to fear,” Manny and his family faced ruin from false charges that he twice robbed an insurance office.Aspiring to documentary-like authenticity, Hitchcock and his team meticulously recreated one man's odyssey through the corridors of justice. In so doing, they opened a window into New York's history of mistaken identity cases. The Balestrero prosecution was not an isolated miscarriage of justice. Instead, Manny fell victim to the same rush to judgment and suggestive eyewitness identification procedures that had doomed innocent defendants in earlier cases. In this sense, his ordeal is part of a larger story of how New York's legal institutions failed to reckon with their role in other wrongful prosecutions in the first half of the 20th century.Attorney Jason Isralowitz tells this story in a fascinating book that situates both the real-life Balestrero case and its cinematic counterpart in their historical context. At the same time, *The Wrong Man* transcends its era. Isralowitz examines how Hitchcock fused striking visual motifs with social realism to create a timeless work of art. The film bears witness to the unreliability of identification testimony, the need for police lineup reforms, the dangers of investigative “tunnel vision,” and other issues that animate the contemporary innocence movement. When seen in light of the hundreds of exonerations of imprisoned defendants over the past thirty years, *The Wrong Man*'s power reasserts itself.A genre-busting work of legal history and film analysis, *Nothing to Fear: Alfred Hitchcock and the Wrong Men* is a must-read not only for fans of Hitchcock, but also for anyone interested in the history and causes of wrongful convictions.

**Alfred Hitchcock's Supernatural Tales of Terror and Suspense** Random House (NY)

Alfred Hitchcock: A Life in Darkness and Light is the definitive biography of the Master of Suspense and the most widely recognized film director of all time. In a career that spanned six decades and produced more than 60 films – including *The 39 Steps*, *Vertigo*, *Psycho*, and *The Birds* – Alfred Hitchcock set new standards for cinematic invention and storytelling. Acclaimed biographer Patrick McGilligan re-examines his life and extraordinary work, challenging perceptions of Hitchcock as the “macabre Englishman” and sexual obsessive, and reveals instead the ingenious craftsman, trickster, provocateur, and romantic. With insights into his relationships with Hollywood legends – such as Cary Grant, James Stewart, Ingrid Bergman, and Grace Kelly – as well as his 54-year marriage to Alma Reville and his inspirations in the thriller genre, the book is full of the same dark humor, cliffhanger suspense, and revelations that are synonymous with one of the most famous and misunderstood figures in cinema.

*Alfred Hitchcock* Galahad Books

Sinister apparitions and other unnatural phenomena terrify unsuspecting citizens as avenging spirits seek retribution for their unhappy lives

*Alfred Hitchcock Presents Stories that Go Bump in the Night* Dell Publishing Company

This definitive illustrated survey of all of Alfred Hitchcock's films is a book no movie buff or Hitchcock fan can afford to be without. The monumental scope of Alfred Hitchcock's work remains unsurpassed by any other movie director, past or present. So many of his movies have achieved classic status that even a partial list—*Psycho*, *The Birds*, *Rear Window*, *Vertigo*, *Spellbound*—brings a flood of memories. In this essential text, reissued on the occasion of Hitchcock's centennial, internationally renowned Hitchcock authority Donald Spoto describes and analyzes every movie made by this master filmmaker. Illustrated throughout with shots from each film, *The Art of Alfred Hitchcock* also includes a storyboard section, a complete filmography, and “A Hitchcock Album” (sixteen pages of photos) as an added celebration of his life.

*Alfred Hitchcock* New York : Dell

After a decade of successful films that included *Rear Window*, *Vertigo*, *North by Northwest*, and *Psycho*, Alfred Hitchcock produced *Marnie*, an apparent artistic failure and an unquestionable commercial disappointment. Over the decades, however, the film's reputation has undergone a reevaluation, and both critics and fans alike have come to appreciate *Marnie*'s many qualities. In *Hitchcock and the Making of Marnie*, Tony Lee Moral investigates the cultural and political factors governing the 1964 film's production, the causes of its critical and commercial failure, and *Marnie*'s relevance for today's artists and filmmakers. Hitchcock's style, motivation, and fears regarding the film are well-documented in this examination of one of his most undervalued efforts. Moral uses extensive research, including personal interviews with Tippi Hedren and *Psycho* screenwriter Joseph Stefano—as well as unpublished excerpts from interviews with Hitchcock himself—to delve into the issues surrounding the film's production and release. This revised edition features four new chapters that provide even more fascinating insights into the film's production and Hitchcock's working methods. Biographies of Winston Graham—the author of the novel on which the film is based—and screenwriter Jay Presson Allen provide clues into how they brought a feminist viewpoint to *Marnie*. Additional material addresses Hitchcock's unrealized project *Mary Rose* and his efforts to bring it to the screen, the director's visual style and subjective approach to *Marnie*, and an exploration of the “real” Alfred Hitchcock. The book also addresses criticisms of the director following the HBO television movie *The Girl*, which depicted the filming of *Marnie*. With newly obtained access to the Hitchcock Collection Production Archives at the Margaret Herrick Library, the files of Jay and Lewis Allen, and the memoirs of Winston Graham—as well as interviews in 2012 with the Hitchcock crew—this new edition of *Hitchcock and the Making of Marnie* provides an invaluable look behind the scenes of a film that has finally been recognized for its influence and vision. It contains more than thirty photos, including a storyboard sequence for the film.

*Nothing To Fear* Taylor Trade Publishing

Thirty-seven chilling exercises in the art of murder and suspense.

*Alfred Hitchcock's Tales to be Read with Caution* Random House (NY)

Winner of the 2022 Edgar Award for Best Biography An Economist Best Book of 2021 A fresh, innovative biography of the twentieth century's most iconic filmmaker. In *The Twelve Lives of Alfred Hitchcock*, Edward White explores the Hitchcock phenomenon—what defines it, how it was invented, what it reveals about the man at its core, and how its legacy continues to shape our cultural world. The book's twelve chapters illuminate different aspects of Hitchcock's life and work: “The Boy Who Couldn't Grow Up”; “The Murderer”; “The Auteur”; “The Womanizer”; “The Fat Man”; “The Dandy”; “The Family Man”; “The Voyeur”; “The Entertainer”; “The Pioneer”; “The Londoner”; “The Man of God.” Each of these angles reveals something fundamental about the man he was and the mythological creature he has become, presenting not just the life Hitchcock lived but also the various versions of himself that he projected, and those projected on his behalf. From Hitchcock's early work in England to his most celebrated films, White astutely analyzes Hitchcock's oeuvre and provides new interpretations. He also delves into Hitchcock's ideas about gender; his complicated relationships with “his women”—not only Grace Kelly and Tippi Hedren but also his female audiences—as well as leading men such as Cary Grant, and writes movingly of Hitchcock's devotion to his wife and lifelong companion, Alma, who made vital contributions to numerous classic Hitchcock films, and burnished his mythology. And White is trenchant in his assessment of the Hitchcock persona, so carefully created that Hitchcock became not only a figurehead for his own industry but nothing less than a cultural icon. Ultimately, White's portrayal illuminates a vital truth: Hitchcock was more than a Hollywood titan; he was the definitive modern artist, and his significance reaches far beyond the confines of cinema.

### The Best of Mystery

In this engaging and intriguing work, renowned Japanese psychologist Hayao Kawai examines his own personal experience of how a Japanese became a Jungian psychoanalyst and how the Buddhism in him gradually reacted to it. Kawai reviews his method of psychotherapy and takes a fresh look at it in the context of Buddhism. His analysis, divided into four chapters, provides a new understanding of the human psyche from the perspective of someone rooted in the East. Kawai begins by contemplating his personal koan: "Am I a Buddhist and/or a Jungian?" His honest reflections parallel Jung's early skepticism about Buddhism and later his positive regard for Buddha's teachings. He then relates how the individuation process is symbolically and meaningfully revealed in two philosophical and artistic picture series, one Eastern and one Western. After exploring the Buddhist conception of the ego and the self, which is the opposite of to the Western view, Kawai expands psychotherapy to include sitting in silence and

holding contradictions or containing opposites. Drawing on his own experience as a psychoanalyst, Kawai concludes that true integration of East and West is both possible and impossible. *Buddhism and the Art of Psychotherapy* is an enlightening presentation that deepens the reader's understanding of this area of psychology and Eastern philosophy.

### **Alfred Hitchcock Presents: Stories to be Read with the Lights on**

Known as one of the most influential filmmakers of all time, Alfred Hitchcock's unique vision in movies like *Psycho* and *The Birds* sent shivers down our spines and shockwaves through the film industry. His innovative camera techniques have been studied for decades and his gift for storytelling cemented his place in history.
