SUNSHINE x REESE
WITHERSPOON BOOK
CLUB PICK At the height of the Cold War, Irina, a young Russian-American secretary, is plucked from the CIA typing pool and given the assignment of a lifetime. Her mission: to help smuggle Doctor Zhivago into the USSR, where it is banned, and enable Boris Pasternak's magnum opus to make its way into print around the world. Mentoring Irina is the glamorous Sally Forrester: a seasoned spy who has honed her gift for

deceit, using her magnetism and charm to pry secrets out of powerful men. Under Sally's tutelage, Irina learns how to invisibly ferry classified documents—and discovers deeply buried truths about herself. The Secrets We Kept combines a legendary literary love story—the decades-long affair between Pasternak and his mistress and muse, Olga Ivinskaya, who inspired Zhivago's heroine, Lara—with a narrative about two

women empowered to lead lives of extraordinary intrigue and risk. Told with soaring emotional intensity and captivating historical detail, this is an unforgettable debut: a celebration of the powerful belief that a work of art can change the world.

 WINNER OF THE NOBEL PRIZE IN LITERATURE "A brilliant literary murder mystery." —Chicago Tribune "Extraordinary. Tokarczuk's novel is funny, vivid, dangerous,

and disturbing, and it raises some fierce questions about human behavior. My sincere admiration for her brilliant work." —Annie Proulx In a remote Polish village, Janina devotes the dark winter days to studying astrology, translating the poetry of William Blake, and taking care of the summer homes of wealthy Warsaw residents. Her reputation as a crank and a recluse is amplified by her not-so-secret preference for the company of animals over humans. Then a neighbor,

Big Foot, turns up dead. Soon other bodies are discovered, in increasingly strange circumstances. As suspicions mount, Janina inserts herself into the investigation, certain that she knows whodunit. If only anyone would pay her mind . . . A deeply satisfying thriller cum fairy tale, *Drive Your Plow over the Bones of the Dead* is a provocative exploration of the murky borderland between sanity and madness, justice and tradition, autonomy and fate.

Whom do we deem sane? it asks. Who is worthy of a voice?

Told through Angie's lively diary, this is a bittersweet story about friendship and growing up. Little Cloud Xist Publishing
 Ten-year-old Beverly is an ordinary girl with an extraordinary best friend. Her name is Kabungo, and she lives in a cave on Main Street. No one knows where she comes

from or who she really is, but life is never dull when Kabungo is around. Beverly tries to teach her friend about the ways of the modern world — the importance of teeth brushing, understanding strange holidays like Halloween, learning how to read. But Kabungo doesn't take well to being civilized, and she can be stubborn, bossy, and plain infuriating. Sometimes Beverly gets so mad that she just wants to move to Cincinnati. Besides, Kabungo is a skittish cavegirl, and it takes a

while to win her trust, even among Star City's eccentric denizens, such as Mr. Gobshaw, who owns the local drug shop ("We have everything!") where you'll find the stuffed tigers right next to the breath mints. And there is Ms. VeDore, who seems to float as she walks around her decrepit mansion, and who throws the most amazing Halloween parties. Then, just when you least expect it, Kabungo will do something surprising (and when you're best friends with a cavegirl, you're not

easily surprised). Like planning an unexpected birthday treat for Beverly (even though it isn't actually her birthday) — at the city dump. In other words, Beverly learns that there are times for teaching, and times for tipping your head back and laughing. Hilarious and poignant, Kabungo is the most originally voiced and endearing middle-grade heroine since Pippi Longstocking. Accompanied by quirky line drawings by Milan Pavlovic, this is a gently humorous novel about

friendship and community that raises for young readers deeper questions about finding beauty in unexpected places, accepting and celebrating differences, and what it really means to be civilized.

"Biting nonfiction about the creatures readers have found irresistible ever since Bram Stoker's *Dracula*. Authoritative, chilling, and complete, *Lust for Blood* is a hypnotic, popularly written history of

vampires from their most ancient predations all over the world, up to and including 20th-century cases in America and in Europe. Revealing the various forms of vampires and their character, it also spells out the traditional methods men and women have used to protect themselves against the creatures of the night and how both clergy and laity have worked to destroy them. This book surveys not only the famous cases such as that of Countess Báthory, the 'Vampire Lady of the Carpathians',

but details even more gripping tales of the undead, and interviews actual modern American vampires--people obsessed by their own lust for blood." --Back cover.
