Since its emergence in the seventeenth century as a distinctive cultural system, children's literature has had a culturally inferior status resulting from its existence in a netherworld between the literary system and the educational system. In addition to its official readership—children—it has to be approved of by adults. Writers for children, explains Zohar Shavit, are constrained to respond to these multiple systems of often mutually contradictory demands. Most writers do not try to bypass these constraints, but accept them as a framework for their work. In the most extreme cases an author may ignore one segment of the readership. If the adult reader is ignored, the writer risks rejection, as is the case of popular literature. If the writer utilizes the child as a pseudo addressee in order to appeal to an adult audience, the result can be what Shavit terms an ambivalent work. Shavit analyzes the conventions and the moral aims that have structured children's literature, from the fairy tales collected and reworked by Charles Perrault and the Brothers Grimm—in particular, “Little Red

Riding Hood”—through the complex manipulations of Lewis Carroll in Alice's Adventures in Wonderland, to the subversion of the genre's canonical requirements in the chapbooks of the eighteenth century, and in the formulaic Nancy Drew books of the twentieth century. Throughout her study Shavit, explores not only how society has shaped children's literature, but also how society has been reflected in the literary works it produces for its children.

The Dark Lady's Mask Center Point
From the author of *Ecstasy*, a novel of Renaissance England's first female poet, and her collaboration—and love affair—with William Shakespeare. Aemilia Bassano Lanier is beautiful and accomplished, but her societal conformity ends there. She frequently cross-dresses to escape her loveless marriage and to gain freedoms only men enjoy—and then a chance encounter with a ragged, little-known poet named Shakespeare changes everything. The two outsiders strike up a literary bargain: they leave plague-ridden

London for Italy, where they begin secretly writing comedies together and where Will falls in love with the beautiful country—and with Aemilia, his Dark Lady. Their Italian idyll, though, cannot last. Will gains fame and fortune for their plays back in London and years later publishes the sonnets mocking his former muse. Not one to stand by in humiliation, Aemilia takes up her own pen in her defense, and in defense of all women. Named One of the Best Books of the Year by the St. Paul Pioneer Press “An absorbing bildungsroman that grapples with strikingly contemporary issues of gender and religious identification”—New York Times Book Review “An exquisite portrait of a Renaissance woman pursuing her artistic destiny in England and Italy, who may—or may not—be Shakespeare's Dark Lady.”—Margaret George, best-selling author of *The Splendor Before the Dark* “The idea of a smart, beautiful, artistic woman telling Shakespeare, ‘We shall write comedies, you and I’ is as heady as the elderflower wine Aemilia's household staff brews.”—Washington Post “Atmospheric, well-researched, carefully plotted...and, like Shakespeare's plays,

chock-full of equal parts mirth and pith to please all."—Minneapolis Star Tribune
