Ro murmurs into my ear. "Don't be afraid, Dol. They're not coming for us." Still, he slips his arm around me and we wait until the sky is clear. Because he doesn't know. Not really. Everything changed on The Day. The day the Icon appeared in Los Angeles. The day the power stopped. The day Dol's family dropped dead. The day Earth lost a war it didn't know it was fighting. Since then, Dol has lived a simple life in the countryside with fellow survivor Ro-safe from the shadow of the Icon and its terrifying power. Hiding from the one truth she can't avoid. They're different. They survived. Why? When the government discovers their secret, they are forced to join faint-hearted Tima and charismatic Lucas in captivity. Called the Icon Children, the four are the only humans on Earth immune to the power of the Icons. Torn between brooding Ro and her evolving feelings for Lucas, between a past and a future, Dol's heart has never been more vulnerable. And as tensions escalate, the Icon Children discover that their explosive emotions-which they've always thought to be their greatest weaknesses-may actually be their greatest strengths. Bestselling author Margaret Stohl delivers a thrilling novel set in a haunting new world where four teens must piece together the mysteries of their pasts-in order to save their future.

A collectible hardcover edition of one of the great American novels—and one of America's most popular—featuring an introduction by Min Jin Lee, the New York Times bestselling author of Pachinko
A Penguin Vitae Edition Young, handsome, and fabulously rich, Jay Gatsby seems to have everything. But at his mansion east of New York City, in West Egg, Long Island, where the party seems never to end, he's often alone in the glittering Jazz Age crowd, watching and waiting, as speculation swirls around him—that he's a bootlegger, that he was a German spy during the war, that he even killed a man. As writer Nick Carraway is drawn into this decadent orbit, he begins to see beneath the shimmering surface of the enigmatic Gatsby, for whom one thing will always be out of reach: Nick's cousin, the married Daisy Buchanan, whose house is visible from Gatsby's just across the bay. A brilliant evocation of the Roaring Twenties and a satire of a postwar America obsessed with wealth and status, The Great Gatsby is a novel whose power remains undiminished after a century. This edition, based on scholarship dating back to the novel's first publication in 1925, restores Fitzgerald's masterpiece to the original American classic he envisioned, and features an introduction addressing how gender, race, class, and sexuality complicate the pursuit of the American Dream. Penguin Vitae—loosely translated as "Penguin of one's life"—is a deluxe hardcover series from Penguin Classics celebrating a dynamic and diverse landscape of classic fiction and nonfiction from seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

Heimat - A German Dream
Simon and Schuster

The world's most powerful man, Qi nl ng, emperor of China, invites the famous eighteenth-century clockmaker Alister Cox to his court in Beijing. There, in the heart of the Forbidden City, the Englishman and his assistants are to build machines that mark the passing of time as a child or a condemned man might experience it and that capture the many shades of happiness, suffering, love, and loss that come with that passing. Mystified by the rituals of a rigidly hierarchical society dominated by an unimaginably wealthy, god-like ruler, Cox musters all his expertise and ingenuity to satisfy the emperor's desires. Finally, Qi nl ng, also known by the moniker Lord of Time, requests the construction of a clock capable of measuring eternity--a perpetuum mobile. Seizing this chance to realize a long-held dream and honor the memory of his late beloved daughter, yet conscious of the impossibility of his task, Cox sets to work. As the court is suspended in a never-ending summer, festering with evil gossip about the monster these foreigners are creating, the Englishmen wonder if they will ever escape from their gilded cage. Richly imagined and recounted in vivid prose of extraordinary beauty, Cox, or The Course of Time is a stunning illustration of Christoph Ransmayr's talent for imbuing a captivating tale with intense metaphorical, indeed metaphysical force. More than a meeting of two men, one isolated by power, the other by grief, this is an exploration of mortality and a virtuoso demonstration that storytelling alone can truly

conquer time.

"Der Weg der Arbeit als der einzigen Erlösung des Menschen" führt ihn nach Masuren, wo er das arbeitsreiche, einfache Leben eines Fischers findet und eine zumindest scheinbar heile Welt in ländlicher Idylle, die ihm das Trauma des Krieges bewältigen hilft.

Drowning in Stars
Boydell & Brewer

The discourse of Heimat, meaning homeland or roots, has been a medium of debate on German identity between region and nation for at least a century. Four phases parallel Germany's discontinuous history: Heimat literature as a response to modernization and to regional tensions before the First World War; the inter-war period when Heimat divided into racist ideology, left-wing opposition, and inner resistance to the Third Reich; a post-war dialectic between escapist 1950s Heimat films and right-wing claims to the lost lands in the East to which anti-Heimat theatre and films in the 1960s and 1970s were a response, with the urban Heimat in GDR films adding a socialist twist; regionalism and green politics in the 1980s and German identity beyond Cold War

divisions. A key point of reference in current debates on German history, Heimat looks likely to continue in postmodern and multicultural mode.

A Whole Life Penguin

One of Germany's literary giants, Ernst Emil Wiechert (1887-1950) was thrown into Buchenwald concentration camp for publicly backing anti-Nazi pastor Martin Niemöller. His final novel, published posthumously, deals with the aftermath of the Holocaust - how the survivors, both victims and perpetrators, seek healing and redemption as they pick up the shattered pieces of their world. Evoking comparisons to the Russian greats Dostoyevsky and Tolstoy, Wiechert displays an uncommon depth of insight into the human condition at its most degenerate and it ennobling best - an understanding born of his own suffering and quest for rebirth. His novel is peopled with rich and complex characters and charged with both violent feelings and spiritual hunger. First published in 1950 as *Missa Sine Nomine* (Mass Without a Name), *Tidings* deserves its

place among the masterpieces of European literature.
