The pure luxury of soaps made with coconut butter, almond oil, aloe vera, oatmeal, and green tea is one of life's little pleasures. And with the help of author Anne-Marie Faiola, it's easy to make luscious, all-natural soaps right in your own kitchen. This collection of 32 recipes ranges from simple castile bars to intricate swirls, embeds, and marbled and layered looks. Begin with a combination of skin-nourishing oils and then add blueberry puree, dandelion-infused water,

almond milk, coffee grounds, mango and avocado butters, black tea, or other delicious ingredients — and then scent your soap with pure essential oils. Step-by-step photography guides you through every stage of cold-process soapmaking.

NATIONAL BESTSELLER •
A “suspenseful, dazzlingly
clever and gravely
profound” (The
Washington Post) novel
that brilliantly recasts
Shakespeare and lends

new weight to the age-old question of Hamlet's hesitation, from the Booker Prize winner and bestselling author of *Atonement*. Trudy has been unfaithful to her husband, John. What's more, she has kicked him out of their marital home, a valuable old London town house, and in his place is his own brother, the profoundly banal Claude. The illicit couple have hatched a scheme to rid themselves of her inconvenient husband forever. But there is a witness to their plot: the inquisitive, nine-month-old resident of Trudy's womb. As Trudy's unborn son listens, bound within her body, to his mother and his uncle's murderous plans, he gives us a truly new perspective on our world, seen from the

confines of his. Don't miss Ian McEwan's new novel, *Lessons*, coming in September!

Vanity, Vitality, and Virility: The Science Behind the Products You Love to Buy GABAL

Verlag GmbH

Wie schön ist es, ein selbst ausgedachtes Geschenk zu überreichen. Wie motivierend ist es, ein selbst entwickeltes Produkt zu vermarkten. Wie cool ist es, einen Grundriss selbst zu gestalten und später sogar zu bewohnen. Wie lustig ist es, mal nicht nach Rezept zu kochen, sondern mit den letzten Resten. Und wie befriedigend ist es, die eigene Kreativität am Arbeitsplatz einzusetzen. Das alles sind Facetten unserer Kreativität. Im besten Fall durchdringt das Kreativsein alle Lebensbereiche und macht uns glücklicher und zufriedener. Denn wer eigene Ideen umsetzt – und dazu gehören auch die ganz kleinen Ideen im Alltag –, der schafft Einzigartiges. Nutzen Sie Ihre kreative Ader und werden Sie Selbstausedenker! Denn Nachmacher gibt es schon genug. Dieses Buch wird Sie dabei unterstützen. Mit insgesamt 157,5 Tipps und Anleitungen bietet

das Buch witzige, dennoch leicht umsetzbare Inspirationen, mit denen Sie sofort ideenreicher und kreativer durchs Leben gehen.

Cause and Effect

Psychology Press

The Toolset is a comprehensive collection of the relevant Design for Six Sigma+Lean tools, which are necessary for successfully implementing innovations. All tools are presented in a clear structure, providing a good overview of the methodology. The chronology of the listed tools corresponds to the procedure in a Design for Six Sigma+Lean development project with the stages Define, Measure, Analyze, Design, and Verify. Due to this unique structure by which tools can be found and applied quickly we created a book that facilitates project work in practical use enormously. Migrating from a tool based approach to a question based approach is a decisive success factor in our opinion enabling firstly, increased efficiency of project work for the Project Leader, his team and the associated Stakeholders, and secondly, significantly increasing the probability of success for the

respective innovation projects.

Tintenklecks Dreams Ten Speed Press

This book describes the current state of the art of various types of immersive learning: in research, in practice, and in the marketplace. It discusses advanced approaches in the design and development for various forms of immersive learning environments, and also the emerging innovations in assessment and research in the field. In addition, it demonstrates the opportunities and challenges in implementing advances in VR and immersion at scale in formal and informal learning. We are living in a time of rapid advances in terms of both the capabilities and the cost of virtual reality, multi-user virtual environments, and various forms of mixed reality. These new media potentially offer extraordinary opportunities for enhancing both motivation and learning across a range of subject areas, student developmental levels, and educational settings. With the development of practical and affordable virtual reality and mixed

reality, people now have the chance to experience immersive learning both in classrooms and informally in homes, libraries, and community centers. The book appeals to a broad readership including teachers, administrators, scholars, policy makers, instructional designers, evaluators and industry leaders.

Das Buch der Ideen

Storey Publishing
Offers a different perspective on global governance from the vantage point of a global knowledge society. Employing a case study of the global financial system and an analysis of several governance regimes, this work contends that markets, legal systems, and morality must evolve to cope with uncertainty, build capacities, and achieve resilience.

Brainstorming for One

Penguin
The hilarious and heartwarming companion to international bestselling author Liz Climo's *You're Mom From new dads to those who've been around the block, dads who go to work to those who are at home, and all the dads in between, You're Dad is a touching tribute to fathers*

everywhere. With humor, heart, and adorable drawings, Liz Climo celebrates fatherhood in all its shapes and sizes (and species). Featuring different types of dads and the paths they can travel, Climo's whimsical animal illustrations take us through the adventures of fatherhood, commemorating the laughter and the tears as well as the stumbles and the triumphs. Perfect for dads, the dad-like, any and all parents, and the people who love them, this sweet collection of fatherly love will move and delight.

Photographing Men

Junfermann Verlag GmbH
If you work in business, the chances are you have fallen under the poisonous spell of business bullshit and jargon. Very few of us seem able to avoid "reaching out", or "touching base", or "shifting paradigms", or "thinking outside the box". No longer solely the province of management consultants, investors and MBA types, business

gobbledygook has mesmerized the rank and file around the globe. Help is at hand with this Dictionary of Business Bullshit, aptly described as "the world's most comprehensive collection" of the top 2,000 business terms and jargon that have infected us all. Stay sane (and keep your colleagues and customers from suffocating you) from the business bullshit madness by having this dictionary by your side. Based on his wide and extensive experience with business bullshit, Kevin Duncan deciphers the terms and language of modern-day business speak.

Leadership styles in comparison. Effects of the three classic leadership styles as well as transactional and transformational leadership Harvard University Press
Patrice Gueniffey, the leading French historian of the Revolutionary and Napoleonic age, takes up the epic narrative at the heart of this turbulent period: the life of Napoleon himself, from his boyhood in Corsica, to his meteoric rise during the Italian and Egyptian campaigns, to his proclamation as Consul for Life in 1802.

Post Otto Wagner GRIN Verlag

Much more than sausage and sauerkraut, German Cooking combines traditional recipes with lighter dishes that reflect the contemporary German lifestyle. From soups and salads to entrees and desserts, this book is packed with more than 200 easy-to-follow recipes—accompanied by intriguing details about the historical and cultural origins of the dishes.

You'll find classic favorites such as Wiener Schnitzel and Black Forest Cherry Cake, as well as modern innovations like Quick Marinated Beef and Chilled Peach & Pear Soup, in this collection of authentic German recipes adapted for the American kitchen.

The Dictionary of Business Bullshit expert verlag

First Published in 1986. This book marks a watershed in cognitive science activity at Yale University. Over the past decade, the cognitive science orientation has become more and more integrated into the mainstream of cognitive psychology, and artificial intelligence workers now feel comfortable thinking about psychological experimentation. This

book collects in one place the research work which concentrates on covering topics in the representation, processing, and recall of meaningful verbal materials. Several of the chapters are first reports of research; others are specially prepared reviews and elaborations of research reported previously. Here it is all together: Studies of scripts, plans, and higher-level knowledge structures; analyses of knowledge structure activation, of autobiographical memory, of the phenomenon of reminding, of the summarization of text, of explanations for events, and more.

Smart Governance Anchor Vanity, Vitality, and Virility is a fascinating portrait gallery of chemicals involved in our everyday life, from Viagra and selenium to whispering asphalt, nappies, and chewing gum. While it will not advise you what to do if you want to improve your looks, your health, your peace of mind or your sex life, it explains the science behind many of the products that claim to be able to do just that. Lift the lid on the secrets behind products we use every day with renowned

science communicator John Emsley, author of *The Consumer's Good Chemical Guide*, *Molecules at an Exhibition*, and *Nature's Building Blocks*. - ;Vanity, Vitality, and Virility is a fascinating portrait gallery of chemicals involved in our everyday life, from Viagra and selenium to whispering asphalt, nappies, and chewing gum. While it will not advise you what to do if you want to improve your looks, your health, your peace of mind or your sex life, it explains the science behind many of the products that claim to be able to do just that. Chemistry is too often associated with poisonous gases and strange bubbling solutions, yet it is all around us, and inside us too. Renowned science communicator John Emsley lifts the lid on the secrets inside the products we use every day. -

Teaching English: Differentiation and Individualisation

NorthSouth Books
Yes, there actually is a way to let everything become your teacher, to let life itself, and everything that unfolds within it, the "full catastrophe" of the human condition in the

words of Zorba the Greek, shape your ongoing development and maturation. Millions have followed this path to greater sanity, balance, and well-being, often in the face of huge stress, pain, uncertainty, sorrow, and illness. In his landmark book, *Full Catastrophe Living*, Jon Kabat-Zinn shared this innovative approach, known as mindfulness-based stress reduction (MBSR), with the world. Now, in this companion volume, 100 pointers from that groundbreaking work have been carefully selected to inspire you to embrace what is deepest and best and most beautiful in yourself. Whether you are trying to learn patience, cope with pain, deal with the enormous stress and challenges of the age we live in, improve your relationships, or free yourself from destructive emotions, thoughts, and behaviors, these deceptively simple meditations will remind you that you have deep inner resources to draw upon, the most important of which is the present moment itself. Regardless of your age or whether you are familiar with the healing power of mindfulness, this

insightful, inspirational guide will help you to honor, embrace, learn from, and grow into each moment of your life. *German Cooking* Peachpit Press
 Named a Best Book of the Year for the Know-It-All by The Globe and Mail In this richly illustrated volume, a leading neurobiologist presents fascinating stories of plant migration that reveal unexpected connections between nature and culture. When we talk about migrations, we should study plants to understand that these phenomena are unstoppable. In the many different ways plants move, we can see the incessant action and drive to spread life that has led plants to colonize every possible environment on earth. The history of this relentless expansion is unknown to most people, but we can begin our exploration with these surprising tales, engagingly told by Stefano Mancuso. Generation after generation, using spores, seeds, or any other means available, plants move in the world to conquer new spaces. They release huge quantities of spores that can be transported thousands of miles. The number and

variety of tools through which seeds spread is astonishing: we have seeds dispersed by wind, by rolling on the ground, by animals, by water, or by a simple fall from the plant, which can happen thanks to propulsive mechanisms, the swaying of the mother plant, the drying of the fruit, and much more. In this accessible, absorbing overview, Mancuso considers how plants convince animals to transport them around the world, and how some plants need particular animals to spread; how they have been able to grow in places so inaccessible and inhospitable as to remain isolated; how they resisted the atomic bomb and the Chernobyl disaster; how they are able to bring life to sterile islands; how they can travel through the ages, as they sail around the world. *Greenfeast: Spring, Summer* LID Editorial Empresarial, S.L.
 Becoming more agile - that's what many companies want in order to remain successful in the digital age. But new processes, working methods and open-plan offices alone are not enough. The attitude, the

mindset of the employees and, above all, of the managers is decisive for sustainable change. This attitude is characterized by a way of thinking and acting that productively copes with comprehensive changes and that not only takes people along but lets them grow. Svenja Hofert defines the term "mindset" and uses concrete approaches from developmental psychology as well as many checklists, case studies and interviews to show how managers develop their employees in a targeted manner in order to drive change forward together. This book is a translation of the original German 1st edition *Das Agile Mindset* by Svenja Hofert, published by Springer Fachmedien Wiesbaden GmbH, part of Springer Nature in 2018. The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further

the development of tools for the production of books and on the related technologies to support the authors.
Nutshell UTB GmbH
 110 vegetarian spring and summer recipes that provide nourishing and simple plant-based suppers while paying homage to the warm seasons—from the beloved author of *Tender*. *Greenfeast: Spring, Summer* is an eclectic and comprehensive collection of recipes, perfect for people who want to eat less meat, but don't want to compromise on flavor and ease of cooking. With Nigel Slater's famous one-line recipe introductions, the recipes are quick and easy and inspire you to dip into your pantry for ingredients. Inventive recipes showcase the creative ingredients used such as Asparagus, Broad Beans & Eggs; Ricotta, Orange Blossom & Cherries; and Halloumi, Melon & Chile and provide a plant-based guide for those who wish to eat with the seasons.

Elements of Conic Sections Flatiron Books
 Ist Kreativität ... eine Eigenschaft der großen Künstlerinnen und Erfinder? Eine gottgegebene Fähigkeit? Oder reine Spinnerei und

„nichts für mich“?
 Kreatives Denken ist jedem von uns angeboren, sagt Petra Hennrich. Aber es muss systematisch geübt, verbessert und erweitert werden, um verlässlich zur Verfügung zu stehen. Dafür hat sie einfach zu benutzende Werkzeuge zusammengestellt, mit deren Hilfe Sie gewohnte Denkbahnen leichter verlassen und neue Ideen entwickeln können. Ein Kreativitätsseminar in Buchform ist so entstanden, das Sie ausdrücklich einlädt, Neues auszuprobieren und mitzumachen. Denn mit der Kreativität ist es wie mit dem Schwimmen: Es kann zwar ganz nützlich sein, Bücher darüber zu lesen und Wissen anzusammeln, aber wirklich verstehen werden Sie es erst, wenn Sie ins Wasser springen und losstrampeln.
Erfolgreiches Selfpublishing Die Gestalten Verlag-DGV
 In der Zeit beschleunigter Globalisierung und Digitalisierung ist Kreativität zu einem wichtigen Wettbewerbsfaktor geworden. Der Wettbewerb der Wirtschaft auf den regionalen, nationalen und globalen Märkten

verlangt von den Managern und allen Mitarbeitern eine kontinuierliche Innovationsfähigkeit und kreative Strategien, um die Potenziale in ihren Unternehmen optimal zu entwickeln. Der Begriff "Kreativität" hat inzwischen auch Eingang in fast alle Lebensbereiche gefunden. Dieses Lexikon enthält alle grundlegenden Begriffe und Probleme zur Kreativität des Menschen, um dieses faszinierende Thema für einen breiten Interessentenkreis zu erschließen. Im Zentrum der Darstellung stehen

Fragen und Probleme der kreativen Persönlichkeit, des kreativen Prozesses und Produktes, der angewandten Kreativität, Methoden der Ideenfindung und Problemlösung. Weitere Schlüsselbegriffe sind: Kreativwirtschaft, kreatives Denken, Selbstverwirklichung, Innovation, Intuition, Persönlichkeitstypen kreativer Intelligenz, Leistungsmotivation, intrinsische und extrinsische Motivation u. v. m. Alle Begriffe werden umfassend definiert und durch Literaturangaben ergänzt. Die Neuartigkeit,

Tiefe und Dichte der Informationen zu den einzelnen Stichwörtern der theoretischen und angewandten Kreativitätsforschung ist bisher einzigartig, da noch kein derartiges Nachschlagewerk existiert. Dieses Lexikon dient der begrifflichen Orientierung auf dem wichtigsten Bewährungsfeld menschlicher Selbstverwirklichung und bietet auch zahlreiche Anregungen, um die eigene Kreativität zu steigern, für den persönlichen und unternehmerischen Erfolg.
