Cat Person Andrews McMeel Publishing Anupama Chopra's The Front Row hosted some of the biggest names

from Bollywood, Hollywood and world cinema. There were candid, intelligent discussions on stardom, craft, fame, relationships, work-life balance and much more. The Front Row

broke the mould of the celebrity chat show, reflecting instead the thoughtful, straight-talking nature of the host herself. It brought to bear on the conversations Chopra's own deep understanding of cinema and of the world behind it. This book is a selection of the very best of The Front Row. From Salman Khan to Madhuri Dixit, Priyanka Chopra to Nicole Kidman, Raju Hirani to Rohit Shetty, they are all here. The insightful discussions range from the Rs 100-crore club, supporting actors and villains in Hindi cinema, to the making of some of the most celebrated movies in recent times. While Ang Lee talks about surrendering to the movie god, Amitabh

Bachchan discusses what it is like to be called God. If Aamir Khan owns up to how Satyamev Jayate changed him as a person, Shah Rukh Khan talks about what it is like to be 'just an employee of the Shah Rukh Khan myth'. Johnny Depp reacts to Tim Burton's verse about him - 'There was a young man, people thought he was handsome, so he tied up his face and held it to ransom' - Martin Scorsese wrestles with the question of how a film-maker can combine artistic integrity with commercial success, and Spielberg acknowledges how he 'wouldn't know how to make a Martin Scorsese movie' and how that makes him sad. Engaging,

penetrating and great fun, *The Front Row: Conversations on Cinema* is essential reading for all movie buffs.

From New York Times Best-Selling Author K. Bromberg comes an unforgettable series about lust, love, redemption, and

healing... Our paths should never have crossed. Colton Donovan was arrogant, exuded that bad boy vibe, and embodied everything I never wanted. And yet all it took was one night, one hallway, and one stolen kiss for me to know I hated him and desired him instantly. My heart was healing. His soul was damaged. But with one bid, one little boy, and one carnival date, I couldn't walk away and he wouldn't let me in. This is our story. Our fight. Our perfectly imperfect love.

What is it like to be known as Mansoor Ali Khan Pataudi's daughter? Or to have a mother as famous as Sharmila Tagore? Or to

be recognized as Saif Ali Khan's sister? Or as Kareena Kapoor's sister-in-law? And where do I stand among them? Actor Soha Ali Khan's debut book is at heart a brilliant collection of personal essays where she recounts with self-deprecating humour what it was like growing up in one of the most illustrious families of the country. With never before published photos from her family's archives, *The Perils of Being Moderately Famous* takes us through some of the most poignant moments of Soha's life—from growing up as a modern-day princess and her days at Balliol College to life as a celebrity in the times of social media culture and finding love in the most unlikely of places—

all with refreshing candour and wit. *DO EPIC SHIT.* EverAfter Romance This is the first book to tackle the diverse styles and multiple histories of popular musics in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in

popular music development both before and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music. The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in

North America, the book features an Oxford web music companion website of audio and video tracks.

In this memoir, Lana Wood investigates the mysterious drowning of her sister, the actress Natalie Wood, and clears up the myths and misconceptions behind one of the most notorious celebrity deaths of our time. On the night of November 29, 1981, Natalie Wood disappeared from her yacht, the *Splendour*, while visiting Catalina Island with her husband, Robert "R.J." Wagner and their friend, Christopher Walken. The beloved movie star's tragic drowning shook America, inspiring troves of magazine covers and media

pieces. What was originally believed to be an open-and-shut case of accidental drowning has been called into question over the years, and in 2011 the investigation was reopened. In 2018, at the urging of the public, it was reclassified as “suspicious.” Ever since, the question has remained: What really happened to Natalie Wood? Lana Wood, Natalie’s younger sister, long suspected nefarious circumstances surrounding her sister’s death. Her closest confidante from childhood, Lana stood witness to Natalie’s life: the successes, the heartache, and her deepest pain. But there was tremendous fear about investigating the case. Uncertain of what

her own search would unravel, and frightened of the possibilities, Lana stayed silent for years, until she no longer could. She realized she was ignoring what was in front of her, and that the best way to honor her sister’s legacy would be uncovering the secrets behind the very end of Natalie’s life. By elucidating previously unknown complications of Natalie’s life, and offering new evidence from key parties involved in the investigation—including the boat’s captain and other witnesses—Little Sister recounts Lana’s search for the truth and brings to light explosive details that have been suppressed for decades. Ranging from the bonds that hold

family together, to inconsistencies in interviews with detectives to complications with evidence, this story of sisterhood and mystery presents a fresh perspective on a night that has long been fodder for Hollywood lore.

The 1962 blockbuster that took on “one of the most absurd (if universal) myths of our time: that every girl must be married” (The New York Times). Helen Gurley Brown, the iconic editor in chief of *Cosmopolitan* for thirty-two years, is considered one of the most influential figures of Second Wave feminism. Her first book sold millions of copies, became a cultural phenomenon, and ushered in a whole

new way of thinking about work, men, and life. Feisty, fun, and totally frank, *Sex and the Single Girl* offers advice to unmarried women that is as relevant today as it was when it burst onto the scene in the 1960s. This spirited manifesto puts women—and what they want—first. It captures the exuberance, optimism, and independence that have influenced the lives of so many contemporary American women.

Award-winning photographer Matt Black traveled over 100,000 miles to chronicle the reality of today's unseen and forgotten America. When Magnum photographer Matt Black began exploring his hometown in California's rural Central Valley—dubbed "the other California," where one-third of the population lives in poverty—he knew what

his next project had to be. Black was inspired to create a vivid portrait of an unknown America, to photograph some of the poorest communities across the US. Traveling across forty-six states and Puerto Rico, Black visited designated "poverty areas," places with a poverty rate above 20 percent, and found that poverty areas are so numerous that they're never more than a two-hour's drive apart, woven through the fabric of the country but cut off from "the land of opportunity." American Geography is a visual record of this five-year, 100,000-mile road trip, which chronicles the vulnerable conditions faced by America's poor. This compelling compilation of black-

and-white photographs is accompanied by Black's own travelogue—a collection of observations, overheard conversations in cafe's and public transportation, diner menus, bus timetables, historical facts, and snippets from daily news reports. A future classic of photography, this monograph is supported by an international touring exhibition and is a must-have for anyone with an interest in witnessing the reality of an America that's been excluded from the American Dream. Anything But Khamosh: The Shatrughan Sinha Biography Rupa Publications India Allah Made Everything, the song book, is based on the lyrics of the

well-loved children's song by renowned singer and songwriter Zain Bhikha. The song was first released in 2015, and together with the hit video, has become one of the most popular Muslim children's songs across the world.

In her New York Times bestseller, *Radical Remission: Surviving Cancer Against All Odds*, Dr. Kelly A. Turner, founder of the Radical Remission

Project, uncovers nine factors that can lead to a spontaneous remission from cancer—even after conventional medicine has failed. While getting her Ph.D. at the University of California, Berkley, Dr. Turner, a researcher, lecturer, and counselor in integrative oncology, was shocked to discover that no one was studying episodes of radical (or unexpected) remission—when people recover against all odds without the help of conventional medicine, or after conventional medicine has failed. She was so fascinated by this kind of remission that she embarked on a ten month trip around the world, traveling to ten different countries to interview fifty holistic

healers and twenty radical remission cancer survivors about their healing practices and techniques. Her research continued by interviewing over 100 Radical Remission survivors and studying over 1000 of these cases. Her evidence presents nine common themes that she believes may help even terminal patients turn their lives around. *Pete the Cat* Andrews McMeel Publishing About the Book Every success story has its price to pay. So did Shatrughan Sinha (SS) who achieved the impossible twice over. The youngest and the most pampered in a family of academics and doctors where four sons were named after the four brothers of the Ramayan, SS stood out defiantly different. He

was born for applause and the limelight; he was besotted with Raj Kapoor and cinema. In the face of stiff opposition from disciplinarian father Bhuvaneshwar Prasad Sinha, mother Shyama Devi's chhutki bauwa (little darling) set out for the Film Institute of India (now FTII) in Poona. Bombay was the next logical destination. Without Kapoorian good looks or any connection with the Hindi film industry, the unknown scarface from Patna went on to create history on celluloid. In politics too, with no known surname or family to power his entry, he set a record as the first film star from India to be sworn-in as a Cabinet Minister. Quotes Anything But Khamosh: The
