The inherent contradictions of the Space Age -- the mixture of technologies high and low, of nostalgia and progress, of pathos and promise -- are revealed in Kosmos, Adam Bartos's astonishing photographic survey of the Soviet space program. Bartos's fascination with this subject led him to seek out places like the bedroom where Yuri Gagarin slept the night before his history-making flight into space, located in the Baikour Cosmodrome, the one-time top-secret space complex in the Kazakh desert. Kosmos presents 94 of Bartos's photographs, rich with the incongruities of the history, science, culture, and politics of the Space Age.

Geothermal springs constitute a major tourism resource, providing spectacular settings, recreation facilities, a recognised value in treatments beneficial for health and wellness, a sense of heritage and adventure, and links with the natural environment. Health and wellness tourism accounts for a significant proportion of the world's tourism consumption, with components ranging from hot spring bathing for leisure and recreation, through mineral water use in health treatments under the supervision of highly specialised medical professionals, to water treatments in the wellness and beauty therapy sector and the use of mineral water for drinking purposes. This makes it an economically and socially important area of tourism demanding in-depth analysis. This book explores health and wellness tourism from a range of perspectives including usage, heritage, management, technology, environmental and cultural features, and marketing.

*German books in print* Travelers' Tales

Modern Israel is a place filled with contradictions: the beautiful landscape often rife with human conflict; the tranquil and the peaceful in constant struggle with terrible destruction; and amazing human love and kindness set against a backdrop of civil strife. Through the eyes of a writer like Batya Gur and her finest creation, Chief Superintendent Michael Ohayon, these complexities are treated with an intimate familiarity and rare depth of understanding. When a woman's body is discovered in the wardrobe warehouses of Israel Television, the brooding Ohayon embarks on a tangled and bloody trail of detection through the corridors and studios of Israel's official television station and, especially, through the relations, fears, loves, and courage of the people who make the station what it is. It is a journey that brings into question the very ideals upon which Ohayon -- and indeed the entire nation -- was raised, ideals that may have led to terrible crimes. Chief Superintendent Ohayon has spent his career surrounded by perplexing and horrific cases, but perhaps nothing disturbs him more deeply than what this mysterious woman's murder reveals. For the media, often at the center of the Israeli consciousness -- a place where political tensions; hostility; corruption; and the ethnic, social, and religious divisions that shake the nation come together -- may indeed be at the root of an unspeakable evil. Murder in Jerusalem is the crowning achievement of a magnificent career, this final installment in the Michael Ohayon series a wonderful parting gift from the incomparable Batya Gur -- one last fascinating visit to an always tumultuous land, in the company of a writer and a detective so many devoted readers have loved so well.
