### *Mixed Metal Mania* Penguin

A bright and vibrant guide to contemporary knot making—learn knotting basics, create gorgeous pieces, and discover a meditative and meaningful crafting practice. The ancient craft of knotting connects our past to our present, helping us tap into ancestral wisdom and dream for the future, while grounding us in the present moment. It offers a meditative break from our busy

lives, calming the mind in a tactile and engaging way. Through a journey of creative exercises and projects, this book offers tools to form a knotting practice that will fuel creativity and inspire mindfulness. With illustrated step-by-step instructions, you'll learn to tie basic knots and then develop skills further to create larger projects that focus on color and experimentation with unconventional materials. Along the way, you'll discover how to adapt knot tying to your own personal creative practice, use it as a way to manifest intentions, and embrace it as a platform for meditation. Projects such as the Pipa Knot Earrings, Sun Worshipper Statement Necklace, Colorblock Woven Knot Panel, and Double Coin Curtain go beyond the basics to incorporate various fiber art mediums and craft techniques spanning cord wrapping, jewelry making, macramé, tassel making, and more.

### *DIY Stamped Metal Jewelry* A&C Black

Over the past ten years, crochet has developed in an exciting new direction, as many artists have begun using wire to create unique jewelry. Arline Fisch, an internationally acclaimed jeweler and one of the foremost experts in adapting textile techniques for metal, introduces this new form of needlework and provides a wide range of exceptional projects from 16 international designers.

### *Kumihimo Wire Jewelry* Kalmbach Books

The Napier Jewelry book is a visual encyclopedia of Napier Costume Jewelry. It tells the heretofore untold and phenomenal story of The Napier Co. inception, development, flowering, and ultimate success. It chronicles the history of its management, manufacturing, marketing, and most importantly, the unparalleled beauty of Napier fashion jewelry. With approximately 4000 pictures of Napier jewelry history and over 250,000 words of text and descriptions, you will be taken step-by-step, decade by

decade, through the development of the Napier style. As a collector, you will learn to recognize the findings, materials, and designs to appropriately circa-date the Napier jewelry in which you are investing. As a lover of vintage costume jewelry, you will enjoy the drama and excitement of the trials, tribulations, and breakthroughs at each stage of the Napier journey. In the end, you will have a deep and lasting appreciation of the romantic story infused into the metal, gemstones, crystals, cabochons, and elegance of each piece of Napier jewelry that you own or are considering owning

### *Stamp Artistry* Sterling Publishing Company, Inc.

Metal stamping is one of the hottest trends in metal jewelry. Using purchased metal stamps and sterling silver blanks, you can personalize your metal jewelry designs with words, textures, and creative designs. Lisa Niven Kelly, creator of the online Beaducation workshops and website, specializes in the technique and has been teaching stamping for more than six years to enthusiastic students. Although stamping is a simple technique, the right tools and skills will help you create professional and exciting results. Stamped Metal Jewelry teaches multiple metal stamping and texturing techniques, and the projects incorporate wirework and metalsmithing to create fabulous necklaces, beads, charms, bracelets, cuffs, and earrings. The book opens with an

extensive section on stamping, wirework, and metalsmithing tools and techniques. With these skills, you can begin the inspiring jewelry designs with confidence. Nineteen projects cover a variety of techniques and designs such as creating charms, incorporating stamped links into beaded projects, making stamped links from flat wire and wire-wrapping them together, stamping on blanks and layering them, riveting, texturing metal, oxidizing, and more. In addition to Lisa's projects, the book features contributions by nationally known guest artists Tracy Stanley, Kriss Silva, Lisa Claxton, Kate Richbourg, Janice Berkebile, and Connie Fox.

**Metal Style** Kalmbach Books

A world of creative jewelry design at your fingertips! Now you can combine the self-expressive qualities of rubber stamping with the elegance of jewelry-making. It's easier than you think! **Making Wow Jewelry** Sterling Publishing Company, Inc.

The art of soldering—permanently joining metal components with a torch and solder—can open up a new world of creative possibilities for jewelry makers. In *Hot Connections Jewelry*, award-winning jewelry designer Jennifer Chin guides you through every step, from choosing a torch to basic techniques like sawing, filing, and riveting, as well as more advanced techniques like creating surface textures, setting stones, and using inlay. With 23 in-depth lessons and 15 stunning projects, as well as inspiring examples from contributing artists, *Hot Connections Jewelry* is your essential guide to unleashing your creativity and confidence in jewelry making.

**Creative Soldered Jewelry and Accessories** Sterling Publishing Company, Inc.

Rubber-stamping is one of the most exciting artistic techniques because its applications are virtually limitless. No matter what medium they work in, artists and decorators continue to find new and exciting ways to incorporate rubber-stamping into beautiful, one-of-a-kind creations using simple techniques. *Stamp Artistry* showcases the innovative techniques and cutting-edge materials

being used in stamping. This collection of creative projects will inspire you and teach you how to combine stamps with fabric, leather, beading, clay, metal, glass, and more to create artwork for every part of your life. Covering the gamut of rubber-stamping know-how -- from basic tools to professional tips to an extensive resource listing -- as well as complete step-by-step instructions for every project, this how-to guide is a must have for artists who want to incorporate the latest techniques and trends in their work. Book jacket.

**Wrap, Stitch, Fold & Rivet** Penguin

Add personal style at minimal cost with custom-made findings!

Why spend hundreds of dollars stocking up on expensive manufactured clasps, jump rings, ear wires, bails, and more when you can make exactly what you need for a fraction of the cost? Making custom findings enables jewelry makers to affordably create just the right component to complement their own jewelry designs. *Handcrafted Wire Findings* looks at your wire stash and focuses on how to create custom, professional-quality findings. With fundamental skills for beginners that progress to more sophisticated designs, this book covers techniques such as basic wirework, texturizing, silver fusing, adding patina, and traditional finishes. Included are over 30 projects for making custom wire findings, each accompanied by step-by-step photographs and directions to ensure success.

**The Stamp Artist's Project Book** Interweave

This comprehensive guide to working with wire, focusing on the intricate and rewarding craft of wire weaving, will delight and inspire all levels of jewellery-maker. The 24 projects, ranging from elegant pendants to earrings, rings, brooches and bracelets, will appeal to a wide range of tastes and are grouped into beginner, intermediate and advanced sections so that confidence grows in the reader to feel able to move on a stage. Abby's experience running tutorials on this wonderful craft shines out in the clarity of the step by step instruction for each project and the invaluable tools and techniques section. To Abby, teaching is all about getting the detail right and taking out the guess work so the maker can concentrate on the end result of a beautiful piece of jewellery.

**Wire Jewelry Masterclass** National Geographic Books

When you think of fiber arts, materials like copper, silver, gold, and steel probably don't come to mind. But renowned artist and

jeweler Arline Fisch has transformed this unlikely combination into a striking movement that is limitless in its formal possibilities and capacity for beauty. Showcasing stunning work that blends jewelry, sculpture, and clothing, *Textile Techniques in Metal* is the first and only comprehensive book on the innovative intersection of the fiber and metal arts. This richly illustrated book explains, in easy-to-follow language, a variety of methods and strategies for manipulating metals with techniques borrowed from textiles. The author provides detailed instructions for adapting techniques like Knitting Crocheting Weaving Basketry Braiding And lacemaking With insightful historical information and numerous inspiring examples of work by the author and other talented artists, *Textile Techniques in Metal* will serve as an eye-opening reference for textile artists, sculptors, and jewelers alike. Arline M. Fisch, Professor of Art Emerita at San Diego State University, is an artist and jeweler working primarily in precious metals. She exhibits work nationally and internationally. Her work melds jewelry, sculpture, and clothing, and she incorporates the structure of textiles and fiber craft into metal-based pieces that are often inspired by ancient cultures and the natural world. Fisch is the recipient of numerous honors, including an honorary doctorate from Skidmore; a gold medal from the American Craft Council; the Lifetime Achievement Award in Crafts from the National Museum of Women in the Arts; and multiple Fulbright fellowships. Her work is represented in numerous museum and

private collections.

*Metalworking 101 for Beaders* GMC Publications

Discover the possibilities of cold joins! The hottest trend is cold. Cold-connection techniques are pushing the envelope of what is possible in metal without the use of a torch or kiln. All the necessary tools and materials--a common drill, hammer, sandpaper, wire, metal sheet--are all readily available and affordable for almost any budget. Learn how to use rivets, screws, and other materials to combine elements without having to deal with heat. Master jewelry designers Robert Dancik, Connie Fox, Susan Lenart Kazmer, Tracey Stanley, and others offer signature pieces, constructed using cold-joins. Accompanying each project are expert tips and tricks for additional ideas and customization. *Metal Style* is full of inspiration and techniques for jewelry makers looking to ignite a creative spark in their metal jewelry without lighting a flame.

**Exploring Metal Jewelry** Kalmbach Publishing Company

An invaluable step-by-step guide to traditional Native American jewelry. From exquisite squash blossom necklaces, buttons and bola ties to hair ornaments, pistol grips and silver goblets, traditional Indian silversmithing is one of the foremost crafts in America. In this Southwestern classic, Oscar T. Branson provides a wealth of knowledge on the tools, techniques, history, and styles of Indian jewelry--timeless art from yesterday that still

influences today's metal craftwork. Wire-O binding. 120 color photos.

*Jewellery* North Light Books

In ancient Japan, beautiful yet functional cords made with the traditional braiding art of kumihimo adorned everything from kimonos to samurai armor to prayer scrolls. In *Kumihimo Wire Jewelry*, innovative jewelry artist Giovanna Imperia offers a fresh twist on this time-honored technique, adapting it to create stunning wire jewelry. In addition to a concise history of kumihimo and an overview of its essential materials, tools, and techniques, readers will learn the basics of this braiding method, plus how to create 20 striking projects--stylish bracelets, rings, earrings, and necklaces--all supported with detailed, step-by-step instructions and illustrations. This comprehensive book, which also includes pieces by prominent kumihimo jewelry artists from around the world, will inspire jewelry makers, beaders, and wireworkers at all skill levels to take their craft in a vibrant new direction.

The Napier Co Quarry Books

Hundreds of color photographs detail the procedures and display a breathtaking assortment of pieces by talented artists. Each innovative project introduces techniques that range from casting and stamping to hand engraving, electroplating, and more specialized methods. The chapter on gems alone--featuring the work of Bernd Munsteiner, considered the world's best gem cutter--makes this source book invaluable.
