*The King of Children*  
Macmillan  
Ingeborg Bachmann (1926-1973) is recognized as one of post-war German literature's most important novelists, poets, and playwrights. Influenced by Hans Weigel and the legendary literary circle Gruppe 47, Bachmann gained international renown for her poems, short stories, and novels, and won numerous awards for her work. Sadly, her life ended abruptly in October of 1973 when a lit cigarette burned down her apartment causing Bachmann to suffer severe burns that would eventually prove fatal.

The author was only forty-seven, and her tragic death left what could have been a long and lustrous writing career regrettably stunted. Nearly twenty years after her death, during an estate sale in Vienna, fifteen episodes of the popular Viennese radio drama *The Radio Family* were discovered. Remarkably, they happened to be written by Ingeborg Bachmann herself, who had been a writer on the show just after she graduated university. *The Radio Family* was a popular radio soap opera broadcast in the American sector of occupied Vienna in the 1950s. The program focused on a middle-class Viennese family and their everyday life. Topics ranged from birthday parties and holiday plans

to profiteering and currency fraud in the commercial sector, and Austrians' involvement in the Nazi past. All fifteen scripts have now been compiled and masterfully translated, revealing an early and significant piece of Bachmann's body of work, while simultaneously offering a rare glimpse into Vienna's quotidian history. *Briefe Aus Der Schweiz* A&C Black  
As stirring as "Schindler's List", this classic biography focuses on the first advocate of children's rights--the man known as the savior of hundreds of orphans in the Warsaw Ghetto. A "New York Times" Notable Book. photos.  
*Peter Handke* Seagull Library of German Literature

"The Invisible Lodge" by Jean Paul, translated by Charles Timothy Brooks, is a whimsical and philosophical exploration of human nature and existence. Jean Paul's enchanting narrative weaves together themes of mystery, love, and spiritual growth, creating an allegorical tale that transcends time and place. Brooks' translation captures the essence of Jean Paul's poetic prose, allowing readers to immerse themselves in the magical world of "The Invisible Lodge."

*Sheep Machine* Oxford University Press

Probably the most autobiographical of his novels, *From the Diary of a Snail* balances the agonising history of the persecuted Danzig Jews with an account of Grass's political campaigning with Willie Brandt. Underlying all is the snail, the central symbol that is both model and a parody of social progress, and a mysterious metaphor for political reform. From the winner of the Nobel Prize for Literature and author of *The Tin Drum*.

**Madame Thérèse, Or The Volunteers of '92**

Springer

Serious illness and mortality, those most universal, unavoidable,

and frightening of human experiences, are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times.

As modern medicine has become more scientific and dispassionate, a new literary genre has emerged: pathography, the personal narrative concerning illness, treatment, and sometimes death.

Hawkins's sensitive reading of numerous pathographies highlights the assumptions, attitudes, and myths that people bring to the medical encounter. One factor emerges again and again in these case studies: the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease. Pathography allows the individual person a voice-one that asserts the importance of the experiential side of illness, and thus restores the feeling, thinking, experiencing human being to the center of the medical enterprise.

Recommended for medical practitioners, the clergy, caregivers, students of popular culture, and the general reader, *Reconstructing*

Illness demonstrates that only when we hear both the doctor's and the patient's voice will we have a medicine that is truly human.

*The Fortunate Traveller*  
Macmillan

The volume presents Handke's works from *Hornissen* (1966) to *Das zweite Schwert* (2020) in individual analyses and at the same time opens up overarching orientations of Handke's writing. The autoreflexive traces that characterise the author's experimental early work are perpetuated in a middle phase by a return to traditional forms of epic narrative and literary models that is philosophically influenced. In the late work, these approaches give rise to a comprehensive poeology of narrative that links all the texts together. In the process, previously developed motifs are condensed into overarching thematic complexes. Alongside the reality of war, the relationship between image and writing, text and film, social and media developments of modernity come to the fore. The reference of Handke's texts to images of the painterly tradition and visual strategies of his writing are given

special weight. This book is a translation of the original German 1st edition Peter Handke by Rolf G. Renner, published by Springer-Verlag GmbH Germany, part of Springer Nature in 2020. The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.

The latest publication in the award-winning Discussions in Contemporary Culture series, Black Popular Culture gathers together an extraordinary array of critics, scholars, and cultural producers. 30 essays explore and debate current directions in film, television, music, writing, and other cultural forms as created by or with the participation of black artists. 30 illustrations.  
From the Diary of a Snail

Allen Lane  
LOTHAR STRUCK, geb. 1959, lebt in Düsseldorf. Neben seinem Beruf als kaufmännischer Angestellter ist er Blogger (begleitschreiben.net) und Autor vor allem für das Online-Literaturmagazin Glanz und Elend. 2012 erschien die bisher einzige umfassende Monographie zu Handkes Jugoslawien-Engagement: 'Der mit seinem Jugoslawien - Peter Handke im Spannungsfeld zwischen Literatur, Medien und Politik' beim Verlag Ille & Riemer, 2013 im Mirabilis Verlag 'Der Geruch der Filme - Peter Handke und das Kino'. Ebenfalls bei Mirabilis erschien 2014 seine Erzählung 'Grindelwald'. Mit 'Erzähler, Leser, Träumer. Begleitschreiben zum Werk von Peter Handke' legt Struck nun seinen dritten Band über das Werk Peter Handkes vor. Diesmal sind es Essays zu Teilaspekten des umfangreichen Oeuvres des Dichters, die zum Teil verblüffende Einsichten und neue Perspektiven abseits von eingeschlagenen Pfaden der Handke-Rezeption eröffnen. Etwa wenn Handkes arkadische Sicht auf Jugoslawien der Algerienliebe von Albert Camus gegenübergestellt

wird. Oder in Nicolas Borns Roman 'Die Fälschung' der Keim für Handkes sprachkritische Auseinandersetzung mit den Medien während der Jugoslawienkriege sichtbar ist. Wenig beachtet wurde bisher in der Literatur auch, dass Handke sich bereits sehr früh mit dem sozialen Miteinander beschäftigt hat. Vom virtuellen 'Volk der Leser' über das weltzugewandte Leben in Enklaven bis zum Refugium der Familie wird Handkes Suche nach einem idealen Zusammenleben herausgearbeitet. Struck klärt auf, was Handke meint, wenn er sich (und andere) als 'Idiot' bezeichnet. Das Kinoideal des Dichters sieht Struck weniger bei Wim Wenders als bei dem französischen Regisseurpaar Huillet/Straub verwirklicht. Und es wird gezeigt, wie schwierig es ist, Filme mit und über Peter Handke zu machen. Das Vorwort zum Buch verfasste Klaus Kastberger.  
The Invisible Lodge  
Springer Nature  
Throughout his career, David Grossman has been a voice for peace and reconciliation in the Israeli-Palestinian divide. In this groundbreaking collection of essays on

literature and politics, he addresses the conscience of present-day Israel, a country that has lost faith in its leaders and its ideals. Writing in the Dark ends with the speech in which Grossman famously attacked Israel's disastrous Lebanon war that tragically took the life of his twenty-one-year-old son, Uri. Moving, brave and clear-sighted, these essays on literature, political ethics and the morality of the imagination are a *cri de coeur* from a calm voice of reason at a time of doubt and despair.

Idleness Createspace Independent Publishing Platform

From one of the most original, creative, and provocative culture critics comes an eye-opening collection of essays and tales about American music and culture. Under the guise of writing about a single subject, Greg Tate's essays in *Flyboy* in the Buttermilk branch out from his usual and explore social, political, and economic subjects. Taking on a wide diversity of subjects from irony of the GOP recruiting Blacks to the crisis of the Black intellectual and the music Miles Davis, James Brown, and many others, Tate writes in a brave and

distinctive voice that is angry, joyous, anxious, and funny. In every piece of this collection, Tate offers informed insight into where America is going and why.

A Critique of Postcolonial Reason University of Chicago Press

Are the "culture wars" over? When did they begin? What is their relationship to gender struggle and the dynamics of class? In her first full treatment of postcolonial studies, a field that she helped define, Gayatri Chakravorty Spivak, one of the world's foremost literary theorists, poses these questions from within the postcolonial enclave.

**Erzähler, Leser, Träumer** Haus Publishing  
In derelict Dresden a cultivated, middle-class family does all it can to cope amid the Communist downfall. This striking tapestry of the East German experience is told through the tangled lives of a soldier, surgeon, nurse and publisher. With evocative detail, Uwe Tellkamp masterfully reveals the myriad perspectives of the time as people battled for individuality, retreated to nostalgia, chose to conform, or toed the

perilous line between East and West. Poetic, heartfelt and dramatic, *The Tower* vividly resurrects the sights, scents and sensations of life in the GDR as it hurtled towards 9 November 1989. Uwe Tellkamp was born in 1968 in Dresden. After completing his military service, he lost his place to study medicine on the grounds of 'political sabotage'. He was arrested in 1989, but went on to study medicine in Leipzig, Dresden and New York, later becoming a surgeon. He has won numerous regional prizes for poetry, as well as the Ingeborg Bachmann Prize for *The Sleep in the Clocks*. In 2008, he won the German Book Prize for *The Tower*.

**A Question of Upbringing** Princeton University Press

As the first translation of Karl Gutzkow's 1835 novel, *Wally the Sceptic*, this edition is meant to make an important, yet long misunderstood work available to a non-German-speaking audience. The extensive footnotes and the critical introduction attempt to interpret and explicate this pivotal novel - the best of the so-called Young Germans - and to make clear its vital role in

the literary and cultural history of the 1830's. Capitalism's Future Good Press

"For millennia, idleness and laziness have been regarded as vices. We're all expected to work to survive and get ahead, and devoting energy to anything but labor and self-improvement can seem like a luxury or a moral failure. Far from questioning this conventional wisdom, modern philosophers have worked hard to develop new reasons to denigrate idleness. In *Idleness*, the first book to challenge modern philosophy's portrayal of inactivity, Brian O'Connor argues that the case against an indifference to work and effort is flawed--and that idle aimlessness may instead allow for the highest form of freedom. *Idleness* explores how some of the most influential modern philosophers drew a direct connection between making the most of our humanity and avoiding laziness. *Idleness* was dismissed as contrary to the need people have to become autonomous and make whole, integrated beings of themselves (Kant); to be useful (Kant and Hegel); to accept communal norms (Hegel);

to contribute to the social good by working (Marx); and to avoid boredom (Schopenhauer and de Beauvoir). O'Connor throws doubt on all these arguments, presenting a sympathetic vision of the inactive and unserious that draws on more productive ideas about idleness, from ancient Greece through Robert Burton's *Anatomy of Melancholy*, Schiller and Marcuse's thoughts about the importance of play, and recent critiques of the cult of work. A thought-provoking reconsideration of productivity for the twenty-first century, *Idleness* shows that, from now on, no theory of what it means to have a free mind can exclude idleness from the conversation."-- Provided by publisher Black Popular Culture Cambridge University Press

This ambitious study offers a comprehensive analysis of the visual in authors from the Anglophone Caribbean. Mary Lou Emery analyses works by George Lamming, C. L. R. James, Derek Walcott, Wilson Harris, Jamaica Kincaid and David Dabydeen. This study is an original and important contribution to both transatlantic and postcolonial studies.

### **Opera in the Tropics** BRILL

Appearing for the first time in English, this masterful novel by one of the foremost figures of postwar German literature is an indelible portrait of Nazism slowly overtaking and poisoning a small town. Semi-autobiographical, it is also a remarkably vivid account of a childhood fraught with troubles, yet full of remembered love and touched by miracle. In a provincial town on Lake Constance, Johann basks in the affection of the colorful staff and regulars at the Station Restaurant. Though his parents struggle to make ends meet, around him the world is rich in mystery: the attraction of girls; the power of words and his gift for music; his rivalry with his best friend, Adolf, son of the local Brownshirt leader; a circus that comes to town bringing Anita, whose love he and Adolf compete to win. But in these hard times, with businesses failing all around them and life savings gone in an instant, people whisper that only Hitler can save them. As the Nazis gradually infiltrate the churches, the school, the youth organizations—even the

restaurant—and come to power, we see through Johann's eyes how the voices of dissent are silenced one by one, until war begins the body count that will include his beloved older brother. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

[Sailing by Starlight](#) Peter Lang GmbH, Internationaler Verlag Der Wissenschaften

A stunning new insight into how the most crucial lesson you can learn in today's challenging business environment is how to change the fundamentals of what you

do, rather than carry on fighting a battle that is already lost. The near destruction of the music industry at the hands of online piracy and its subsequent recovery on the backs of digital streaming platforms is more than just the biggest story of disruption and reinvention of the digital age. It is also a trove of insights on how to confront the metamorphosis we are all facing in dealing with the Covid-19 era, as accelerating tech and economic changes reshape our work, our play and our very minds. Will Page, Spotify's first chief economist, extrapolates music's journey into eight guiding principles for pivoting through the ubiquitous disruption in nearly all industries. Expect the unexpected with transferable lessons coming from Starbucks, Tupperware and even Groucho Marx. The notion of 'Tarzan Economics' ties these principles together: a framework for recognising and acting on disruption, by letting go of the old vine and grabbing onto the new. Page joyfully brings these insights to life and provides a guide for knowing not just how to

grab the new vine, but when. He assesses the new dynamics of the 'long tail', identifies friends and foes in the battle for scarce attention and provides a practical tool for discovering the right role for each of us to succeed in this new modern world. As we emerge from the unprecedented disruption of a global pandemic, Pivot shows all of us - individuals, organisations and institutions - that if the vine we are holding onto is withering, we can have confidence to reach out for a new one in 2023 and beyond.

### **Modernism, the Visual, and Caribbean**

**Literature** Touchstone s there a moral economy of capitalism? The term moral economy was coined in pre-capitalist times and does not refer to economy as we know it today. It was only in the nineteenth century that economy came to mean the production and circulation of goods and services. At the same time, the term started to be used in an explicitly critical tone: references to moral economy were normally critical of modern forms of economy, which were purportedly lacking in morals. In our times, too,

the morality of capitalism is often the topic of debate and controversy. *Moral Economies* engages in these debates. Using historical case studies from the eighteenth, nineteenth, and twentieth centuries the book discusses the degree to which economic actions and decisions were permeated with moral, good-vs-bad classifications. Moreover it shows how strongly antiquity's concept of embedded economy is still powerful in modernity. The model for this was often the private household, in which moral, social, and economic behavior patterns were intertwined. The do-it-yourself movement of the late twentieth and early twenty-first centuries was still oriented towards this model, thereby criticizing capitalism on moral grounds.

*Young People* Random House

Pollard looks to recent Caribbean poetry as a means of reassessing modernism's cosmopolitanism; in particular, his book redefines the cosmopolitan influence of T.S. Eliot's modernism by examining how his ideas have been transformed by the two leading Anglophone Caribbean poets, Derek Walcott and Kamau Brathwaite.

FLYBOY IN THE BUTTERMILK: ESSAYS ON CONTEMPORARY AMERICA

Forgotten Books

Excerpt from *Das Fähnlein Der Sieben Aufrechten: Novelle* In this edition of Keller's *Falmlez'rz*, the text has been somewhat abbreviated and otherwise adapted to practical use in school and college. Dr. Sturtevant has prepared the Vocabulary and contributed to the Notes, but I have revised both

and am jointly responsible with him for their final form. We have derived assistance from the following authorities. About the Publisher
