Le 26 juillet 1966, sur la plage de Celestum de Punta Ninum, dans la région du Yacatan au Mexique, une Québécoise en vacances est témoin (avec 5 autres personnes) de l'atterrissage forcé d'une soucoupe volante. Elle est soulevée de terre et transportée à bord du vaisseau où on la soumet à des examens méticuleux. Roseline décrit en détail sa rencontre physique avec des êtres venus de l'espace. Nous partagerons son angoisse terrible devant ces inconnus. Elle revient de cette traumatisante expérience, le visage brûlé par les radiations. Elle fuit le Mexique en tentant de se faire croire que rien n'est arrivé. Pendant des années, Roseline s'accrochera au quotidien de peur de basculer dans le délire total. Roseline a accepté de partager à nouveau le secret étouffant qu'elle avait gardé enfoui jusqu'en 1990, année de la première parution de son témoignage sous le titre de Fille de Mératos, épuisé deux mois après sa sortie. Quand vous refermerez TÉMOIGNAGE D'UNE RENCONTRE AVEC DES EXTRATERRESTRES, plusieurs d'entre vous sauront que, désormais, ils ne sont plus seuls... Quelqu'un a vécu le même cauchemar et on la croit!

Giacomo Meyerbeer, one of the most important and influential opera composers of the nineteenth century, enjoyed a fame during his lifetime hardly rivalled by any of his contemporaries. This ten volume set provides in one collection all the operatic texts set by Meyerbeer in his career. The texts offer the most complete versions available. Each libretto is translated into modern English by Richard Arseny; and each work is introduced by Robert Letellier. In this comprehensive edition of Meyerbeer's libretti, the original text and its translation are placed on facing pages for ease of use. The eleventh volume presents the fourth of Meyerbeer's grands opéras, and his final work. By 1860 long-imposed labor had started to tell upon the composer's health: he knew that he must concentrate on the "navigator project" which he had started twenty years earlier if he intended to finish it. Meyerbeer died on 2 May 1864, the day after the completion of the copying of the full score of this his last opera, *Vasco da Gama*. Minna Meyerbeer and César-Victor Perrin, the director of the Opéra, entrusted the editing of a performing edition to the famous Belgian musicologist François-Joseph Fétyl, while the libretto was revised by Mélesville. The original title of *L'Africaine* was restored out of deference to public expectation. Much of the music and action was suppressed, in spite of the strain this inflicted on the internal logic of the story. While *L'Africaine* is not lacking in the grandeur of statement and stirring climaxes for which the composer was so famous, there is a new intimacy, a new intensity of melancholic lyricism. Like its famous predecessors, it is basically an historical work, derived from the period of sixteenth-century Renaissance. The account of Vasco da Gama's voyage of discovery around the Cape of Good Hope and conquest of Calicut (1497-98) is subjected to a fictional treatment that raises many interesting issues. The framework is historical, but most of the characters and course of action are not; in fact the end of the opera, in the suicide of the heroine, suddenly leaves the terra firma of reality, and transports us into the mystical realms of the spirit. It is this mixture of modes that is central to the dramaturgy of *L'Africaine*, a confusion of history and fairytale, ancient certainties and challenging discoveries, in the creation of a new mythology. There is also originality in formal developments, with the great tenor scene in act 4 providing a new malleability in handling the constraints of shape and genre: recitative, arioso and cabaletta have a fluent integration in trying

to explore the text more pointedly. *L'Africaine* was produced on 28 April 1865, a great posthumous tribute to its famous creators. The Ship Scene, the exotic Indian act, and the Scene of the Manchineel Tree exerted a fascination on audiences, and elicited new praise. The work full of melodic beauty and rapturous lyricism, began a triumphal progress through the world, beginning with the big stages of London and Berlin.

Jargonaphasia covers the different forms of posterior aphasia and the relations of these pathological states to focal brain lesions. The book presents the behavior of eight patients with full-blown jargonaphasia. The text then describes the components and analysis of the neologism, the conditions under which it can appear, and its possible functions; the localization of lesions in jargonaphasia and the utilization of IS and CT localization; and the gestures and lexical processes in jargonaphasia. The aphasic jargon and the speech acts of naming and judging; the behavioral aspects of jargonaphasia; and the associative processes in semantic jargon and in schizophrenic language are also considered. The book further tackles case reports of semantic jargon; a case with phonemic jargon; and the vowel timing and linguistic organization of articulatory sequences in jargonaphasia. The text also looks into the therapy with the jargonaphasic. Psychiatrists, neuropsychologists, speech therapists, psychologists, and linguistics will find the book invaluable.

French Sentences Vol.3: English & French THIS EDITION: The dual-language text has been arranged into sentences for quick and easy cross-referencing. The text can be used on its own.

However, the content is ideal for reinforcing grammar, and as a precursor to more advanced bilingual editions. Volume 3 in this series takes a more in depth look at French grammar. It also includes some of the basic verb charts. Like in the first two volumes, the text uses a bilingual sentence structure to tackle grammar. It can be used as a primary source for grammar, or as a way for reinforcing an alternative text on grammar. However, it can also be read in a relaxed manner without endeavouring to analyse to excess, thus learning key grammatical concepts in a somewhat passive manner. The reader can choose between four formats: Section 1: English to French Section 2: French to English Section 3: English Section 4: French A methodology for getting the most out of this bilingual format is explained in the book's Foreword. Once a student has studied the basics, a suitable book about basic grammar can be helpful. The suggestion is that any alternative grammar book be studied more with the intent of recognition and understanding, rather than memorising and obsessive rote learning. Go through as much of the grammar book you feel you can digest — maybe even the whole book — skipping over what is not easily understood. Then, read through a portion of text in this book, looking for examples of what you have picked up (or gleaned) in your hopefully not so arduous study of grammar. Then, depending on your inclination, return to the grammar book (or your basic French book), or move on to lengthier bilingual text — like in 2Language Books texts, for example —, or find some suitable French text: a simple novel, a French news website, etc. Grammar books will likely have some verb charts. However, there are currently good on-line resources that go further — dictionaries with a verb conjugation 'search' option. Many basic language books offer some form of audio support. Internet services — primarily news based radio stations — offer podcasts. Audio from television is an additional resource, and can be formatted for use on various digital platforms.

However, if audio is an important component of your interest in languages, electronic devices that support quality text-to-speech (TTS) will likely be appealing. With a library card, TTS technology (in a device that supports the relevant content), and the above mentioned resources (as digital content), an entire language learning system is available for not much more than a cup of coffee! There is no substantial financial outlay to get you started. Furthermore, there are no additional ongoing fees (and updates), and there are no expiry dates on 'premium' content and resources. This volume is a collection of articles written by more than 40 scholars who work in the field of Arabic dialectology. All articles are revised versions of papers presented at the 9th Conference of the Association Internationale de Dialectologie Arabe (AIDA) held in Pescara in March 2011. The variety of dialects represented in the book engage various issues in Arabic dialectology - such as sedentary and Bedouin dialects, sociolinguistic phenomena, and the written dimension - investigated from both synchronic and diachronic perspectives. The broad range of meaningful subjects that are tackled in the book offer an important contribution to the current debates on general linguistics and sociolinguistics, Arabic linguistics, Arabic literature, as well as Semitic and Islamic studies.  „The enamel pictures of the Hungarian Saint Crown" mark the pick of the successful painter's carrier of Éva Nyáry. Her uncle, Ernest Nyáry, Archbishop of Baghdad inspired the paintings of equal size, representing the pictures decorating the crown of our first king, Saint Stephan's, presented with national and international recognition to the interested public. the artist published the birth of the art pieces and the spirit and history of the crown in a work published with the similar title in 2002. She took the pen in 2006 and composed her following book entitled the Ancient Hungarian decorative art. Mgr. Ernest Nyáry, Carmelite monk, archbishop of the Catholic Latin mission of Baghdad, a member of the Saint Congregation of the Oriental Churches, awarded with the French Legion of Honor, approaching the age of 80 came to see his disciples, parents and friends living in Hungary for the last time, and than he transmitted his legacy in full to his brother Joseph's daughter, confiding her to preserve and manage it. Her father told many stories to Éva Nyáry about the romantic priest's carrier in her childhood. the several long meeting with him in the eighties meant her extraordinary impressions. the recorded conversations, the writings published about the noble thinking, sainted monk, matured the conception to share her impressions with readers. When she was handed over his diaries, texts, correspondence, photos and recorded memories, having his uncle's complete confidence, she has

already felt as an obligation to work this fantastic treasury up. Ernest Nyáry's history of life who was born in an ancient Hungarian noble family in Turcansky Peter, today Slovakia in 1906, evolved in the priest's vocation, bridging world wars and continents--served as a lesson about faith, tolerance, decisions made in critical moments, and especially about humanity. Éva Nyáry's newest work follows her uncle's fantastic life relying on the documents at her disposal, many original quotations, and contemporary descriptions with historic fidelity. the unordinary story is completed by the archive photos of the legacy.
