The Wild West: a term that conjures up pictures of wagon trains, unspoiled prairies, Indians, rough 'n' ready cowboys, roundups, and buffalo herds. Where did this collection of

images come from? Paul Reddin exposes the mythology of the American frontier as a carefully crafted product of the Wild West show. Focusing on such pivotal

figures as George Catlin, Buffalo Bill Cody, and Tom Mix, Reddin traces the rise and fall of a popular entertainment shaped out of the "raw material of America." Buffalo Bill and other entertainers capitalized on public fascination with the danger, heroism, and courage associated with the frontier by continually modifying their presentation of the West to suit their audiences. Thus the Wild West show, contrary to its own claims of accuracy and authenticity, was highly

selective in its representations of the West as well as widely influential in shaping the public image of life on the Great Plains. A uniquely American entertainment--colorful, energetic, unabashed, and, as Reddin demonstrates, self-made--the Wild West show exerted an appeal that was all but irresistible to a public hovering uncertainly between industrial progress and nostalgia for a romanticized past. Published for devotees of the cowboy and the West, American Cowboy covers all aspects of the Western lifestyle, delivering the best in entertainment, personalities, travel, rodeo action, human interest, art, poetry, fashion, food, horsemanship, history, and every other facet of Western culture. With stunning photography and you-are-there reportage, American Cowboy immerses readers in the cowboy life and the magic that is the great American West.

### American Cowboy

University of Illinois Press  
From April to November  
1935 in Belgium, fifteen  
Lakotas enacted their  
culture on a world stage.  
Wearing beaded  
moccasins and eagle-  
feather headdresses, they  
set up tepees, danced,  
and demonstrated  
marksmanship and horse  
taming for the twenty  
million visitors to the  
Brussels International  
Exposition, a grand event  
similar to a world's fair.  
The performers then  
turned homeward, leaving  
behind 157 pieces of

Lakota culture that they  
had used in the  
exposition, ranging from  
costumery to weaponry.  
In *Lakota Performers in  
Europe*, author Steve  
Friesen tells the story of  
these artifacts, forgotten  
until recently, and of the  
Lakota performers who  
used them. The 1935  
exposition marked a  
culmination of more than  
a century of European  
travel by American Indian  
performers, and of  
Europeans' fascination  
with Native culture,  
fanned in part by William  
F. "Buffalo Bill" Cody's

Wild West from the late  
1800s through 1913.  
Although European  
newspaper reports often  
stereotyped Native  
performers as "savages,"  
American Indians were  
drawn to participate by  
the opportunity to  
practice traditional  
aspects of their culture,  
earn better wages, and  
see the world. When the  
organizers of the 1935  
exposition wanted to  
include an American  
Indian village, Sam Lone  
Bear, Thomas and Sallie  
Stabber, Joe Little Moon,  
and other Lakotas were

eager to participate. By doing this, they were able to preserve their culture and influence European attitudes toward it. Friesen narrates these Lakotas' experiences abroad. In the process, he also tells the tale of collector François Chladiuk, who acquired the Lakotas' artifacts in 2004. More than 300 color and black-and-white photographs document the collection of items used by the performers during the exposition. Friesen portrays a time when American

Indians—who would not long after return to Europe as allies and liberators in military garb—appeared on the international stage as ambassadors of the American West. Lakota Performers in Europe offers a complex view of a vibrant culture practiced and preserved against tremendous odds.

[The Rough Guide to Canada](#) Taylor & Francis US

This book is about the trials, tribulations, and triumphs of two men, who struggle to overcome

crimes, or alleged crimes, committed as teenagers. Follow them as they attempt to lead productive lives, putting aside mistakes made while teen agers. Do they succeed in these arduous tasks? You decide as you follow the twists and turns in their adventure filled lives.

Macmillan

In the Cowboy State (also known as Wyoming), the Wild West has never died. The West has long been the favored repository of the East's cultural

fantasies, and in the late nineteenth and twentieth centuries, Eastern expectations and demands largely shaped Wyoming's image in this role. *Becoming Western* shows how the myth of the "American West" has acted as a force both in history and in individual lives. Liza J. Nicholas interrogates the creation of Western lore by looking at five stories that focus on, respectively, Jack Flagg, a Wyoming legend and the supposed model for Owen Wister's Virginian; an equestrian

statue of Buffalo Bill sculpted by Gertrude Vanderbilt Whitney; the dude ranch; the creation of the American studies program at Yale; and a campaign for the U.S. Senate. Each story reveals the ways in which the East consciously imagined and manipulated the West and how Wyomingites in turn interpreted this identity, manipulated it, and put it to work for themselves. *Becoming Western* is a fascinating study of how invented traditions can become potent cultural

and political ideology on a local as well as a national level.

*L'ultimo secolo di Roma*

Minotaur Books

ROMANZO (339 pagine) -  
FANTASCIENZA - Alla fine del ventunesimo secolo la Rivoluzione Francese viene studiata riprendendone gli eventi tramite una cinepresa temporale. E forse ha ancora il potere di cambiare qualcosa. Era chiamato "Gatto di Schrödinger" ed era, alla fine, una telecamera puntata sulla storia. Per usarlo occorrevano

conoscenze tecniche, abilità cinematografica, e conoscenza del periodo storico che si voleva riprendere: e Massenzio, studente italiano nella Parigi del 2089, sembra essere il candidato ideale. Ma mentre vive, letteralmente in presa diretta, gli ultimi giorni del grande artefice della Rivoluzione francese, Robespierre, i giorni in cui i grandi ideali vengono spezzati dalle forze di marea del dissidio interno, della lotta per il potere, dagli interessi personali, Massenzio non può

smettere di chiedersi chi sia il misterioso mecenate che gli ha messo a disposizione risorse tanto preziose, e quali siano in realtà i suoi scopi. Franco Ricciardiello, nato a Vercelli nel 1961, scrive e pubblica fantascienza dal 1981. Ha pubblicato due romanzi su "Urania", "Ai margini del caos", vincitore del premio Urania nel 1998 uscito anche in Francia da Flammarion, e "Radio aliena Hasselblad", nel 2002. Suoi racconti sono stati inclusi nelle antologie bestseller

Millelire di Stampa Alternativa. Negli anni ottanta ha collaborato e diretto la fanzine "The Dark Side". Più recentemente ha scritto anche gialli, vincendo nel 2002 il premio di narrativa poliziesca Orme Gialle e nel 2005 il premio Gran Giallo Città di Cattolica. Nel 2007 col romanzo "Autunno Antimonio" ha vinto il premio Delitto d'Autore.

Tutti i segreti di Scrivener per chi scrive Penguin  
Now that the West is no longer so wild, it's easy to dismiss Buffalo Bill Cody's world-famous Wild West shows as promoters of

stereotypes and clichés. But looking at this unique American genre from the Native American point of view provides thought-provoking new perspectives. Focusing on the experiences of Native performers and performances, Linda Scarangella McNenly begins her examination of these spectacles with Buffalo Bill's 1880s pageants. She then traces the continuing performance of these acts, still a feature of regional celebrations in both Canada and the

United States—and even at Euro Disney. Drawing on interviews with contemporary performers and descendants of twentieth-century performers, McNenly elicits insider perspectives to suggest new interpretations of their performances and experiences; she also uses these insights to analyze archival materials, especially photographs. Some Native performers saw Wild West shows not necessarily as demeaning, but rather as opportunities—for travel,

for employment, for recognition, and for the preservation and expression of important cultural traditions. Other Native families were able to guide their own careers and even create their own Wild West shows. Today, Native performers at Buffalo Bill Days in Sheridan, Wyoming, wear their own regalia and choreograph their own performances. Through dancing and music, they express their own vision of a contemporary Native identity based on powwow cultures. Proud of their

skills and successes, Native performers at Euro Disney are establishing promising careers. The effects of colonialism are undeniable, yet McNenly's study reveals how these Native peoples have adapted and re-created Wild West shows to express their own identities and to advance their own goals. Delos Digital srl

For more than a century, trading posts in the American Southwest tied the U.S. economy and culture to those of American Indian peoples—and in this capacity, Hubbell Trading Post, founded in 1878 in Ganado, Arizona, had no parallel. This book tells the story of the Hubbell family, its Navajo neighbors and clients, and what the changing relationship between

them reveals about the history of Navajo trading. Drawing on extensive archival material and secondary literature, historian Erica Cottam begins with an account of John Lorenzo Hubbell, who was part Hispanic, part Anglo, and wholly brilliant and charismatic. She examines his trading practices and the strategies he used to meet the challenges of Navajo exchange customs and a seasonal trading cycle. Tracing the trading post's affairs through the upheavals of the

twentieth century, Cottam explores the growth of tourism, the development of Navajo weaving, the automobile's advent, and the Hubbells' relationship with the Fred Harvey Company. She also describes the Hubbell family's role in providing Navajo and Hopi demonstrators for world's fairs and other events and in supplying museums with Native artifacts. Acknowledging the criticism aimed at the Hubbell family for taking advantage of Navajo clients, Cottam shows the

family's strengths: their integrity as business operators and the warm friendships they developed with customers and with the artists, writers, archaeologists, politicians, and tourists attracted to Navajo country by its unparalleled landscapes and fascinating peoples. Cottam traces the preservation efforts of Hubbell's daughter-in-law after the Great Depression and World War II fundamentally altered the trading post business, and concludes

with the post's transition to its present status as a National Park Service historic site.
