A prevailing light over darkness. This book is a non-fictional story of intrigue, mystery and unimaginable accounts of my younger years, through to adulthood, experiencing times of unthinkable events that will stretch your belief in all directions. What initially seemed normal to an innocent child soon became apparent that this was not the case. These experiences didn't happen

to everyone. This was not something that most people would encounter. The paranormal intensity became ever stronger, leaving a troubled mind, feelings of loneliness in a world that not all could see and hear. I was living in a world normally watched on a big screen, but to me, this was as real as it gets. Bedtime brought its own horror. Keeping my family and faith close by, I learnt to be strong and stand firm in the adversity of fear. This is my story about the visitations I've had over the years from the unknown realms known to us all as heaven and hell.
