From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Are you an introvert or loner who feels painfully different from others and unable to fit into society? Do you often feel misunderstood and alienated from those around you? Do you find yourself opposing conventional beliefs and society's values? Do you feel deeply frustrated and alien to this world, like you don't belong here? You are not alone. For most of my life I was convinced that I was deeply flawed because of my introverted nature and reclusive personality. Only years later would I realize the eye-opening truth that would allow me to accept my introversion and turn it into my greatest asset, guiding me onto the right path and toward inner peace. Trust me, no matter how alone and misunderstood you might feel, you too can find your own unique place in this loud, extroverted world. The path I propose is so much more rewarding than simply fitting in and conforming to social expectations. All it takes is to shift your focus in the right direction, and I'm here to show you how. This book won't turn you into a leader, a people person, the life of the party - it will teach you something much more important: how to be the authentic you and find your place in a world you don't fit in.

Determine your personality using a scientifically validated method based on the work of C.G. Jung and gain insight into why others behave the way they do, and why you are the person you are. What’s your type? Would you rather celebrate with the whole crowd or just a few friends? . . . focus on the facts or get an overall impression? . . . go with what “seems logical” or what “feels fair”? . . . keep to a schedule or keep your options open? How you answer these questions is the very beginning of understanding who you are and how you relate to those around you, by using a new and exciting method called Typewatching. Otto Kroeger and Janet M. Thuesen have developed Typewatching from the Myers-Briggs Type Indicator, which was derived from the work of C. G. Jung. Now they have put together the first and only popular guide to the MBTI in Type Talk. Here is a one-of-a-kind guide that describes this scientifically validated approach to “name-calling,” a method that has been used for more than forty years by individuals, families, corporations, and governments who want to communicate better. Typewatching as explained in Type Talk is easy to learn and natural to use. With even moderate practice it can help teachers teach and students learn, workers work and bosses boss. It can help lovers love, parents parent, and everyone accept themselves and others more easily. Best of all, Typewatching is fun. Type Talk examines the four pairs of preferences that are fundamental to every personality type: Extraversion/Introversion, Sensing/iNtuition, Thinking/Feeling, and Judging/Perceiving. Kroeger and Thuesen provide a self-evaluation that can be used to determine which of each of these preferences best describes you. They delineate every combination of preferences—there are 16 different personality types, so you are sure to find yourself—and they go on to demonstrate how to analyze and evaluate other people as well. Once armed with this knowledge, you will learn how to thrive in a world of so many different types. Here is a celebration of the similarities and differences in people, an odyssey of discovery in which the final destination is success, satisfaction, and serenity.

The term "INFJ" might mean little to most people, but to anyone who identifies with this personality type these four letters represent self-discovery, self-acceptance, and a radical new understanding of what it means to be introverted, Highly Sensitive, and empathic. But although ever-growing numbers of INFJs are waking up to the power of our intuitive gifts, we continue to struggle mentally, emotionally, and spiritually in a culture that does not value intuition. Lauren Sapala explores the roadblocks that are still holding many INFJs back and tackles the most important questions for INFJs today. How can we find our purpose? Where and why do we give away our power? And how can we use our unique gifts and innate passion in order to create a better world? Only by moving beyond limiting mindsets and beliefs can INFJs move forward to fulfill our purpose as the healers of the world, and then reclaim our power and step into the role of the leaders we were always meant to be.

Using the insights gleaned from years of coaching writers that were an INFJ or INFP personality, as well as her own personal story, the author shows us how the experience of this type of writer can be radically different from the norm, and how those writers can find their own magic and build the creative life they've always been searching for.
