Learning Addition and Subtraction for Kids Ages 2 To 5 Kumon Publishing North America

This book is meant to strengthen your child's addition skills. This workbook is a bind-up of three of our "Math Skills" titles,

including "My Book of Simple Addition," "My Book of Addition, " and "My First Book of Money: Counting Coins."

My Big Book of Mazes Kumon Workbooks

This book focuses on helping children learn how to add numbers 1 and 2 to other numbers. This very basic mathematic skill cannot be acquired through repetition alone. By using this book, children will be able to understand, without difficulty, the concept of addition by repeatedly tracing and reciting numbers first and then gradually shifting to addition formulas that include the numbers 1 and 2.

Grace Lisa Vandenburg, the narrator of this pleasant neurotic-girl-meets-boy debut, is 35 years old and has been addicted to counting since she was eight. She lives alone in Melbourne, Australia, and is on sick leave from her teaching job, filling her weeks with counting-'steps and syllables and bites and things'-and sticking to her rigid routines, which include trips to the cafe and phone calls from her mother and self-absorbed younger sister. The only person in her life Grace relates to is her 10-year-old niece, Hilary, who is as quirky and charming as Grace is. Things are fine until Grace meets Seamus Joseph O'reilly, an Irish transplant who works at the local movie theater. Grace has not been on a date in two years and six months and hasn't been in love in forever, but as things progress with Seamus, she realizes what she has been missing. With some gentle encouragement, Grace agrees to test her boundaries and tries to find a happy medium between her obsession and living a full life. The novel does everything a sweet, agreeable romantic comedy should. (Feb.)

Math Games Kumon Publishing North America

Let's make Math fun for kids !Mathematics teaches us that every problem has a solution and this Double-Digit Math Practice Workbook is the perfect way to begin learning Math. Strength your kids' learning skills with Simple Addition and Subtraction for Grade 1, 2 and 3 by Playzu-Ville.Many parents find it difficult to make the kids practice math because the kids can't see the application in real life. Math Addition and Subtraction Workbook provides practice with: Adding and Subtracting double-digit numbers. Every page has a name and date column to keep track of the daily progress. This resource will make your kids learning fun and interactive. * Double-digit math workbook gives students an opportunity to work with addition and subtraction facts to 10 in a variety of relevant activities involving writing, problem-solving, estimating, and counting. Each page includes 25 problems. * Answer sheets are provided at the end of the workbook. * Playzu-Ville preschool workbooks are indeed the best choice for home school learning resources and includes visual spacing lines that help kids to write straight and maintain consistent and proper number size. * Great for

parents who are home-schooling their kids.

Such a Fun Age Kumon Speed & Accuracy Workboo

'Queer delight through and through' - Leah Johnson, author of *You Should See Me in a Crown* A teen girl navigates friendship drama, the end of high school, and discovering her queerness in *Ophelia After All*, the hilarious and heartfelt contemporary YA debut by Racquel Marie. Ophelia Rojas knows what she likes: her best friends, Cuban food, rose-gardening, and boys – way too many boys. Her friends

and parents make fun of her endless stream of crushes, but Ophelia is a romantic at heart. She couldn't change, even if she wanted to. So when she finds herself thinking more about cute, quiet Talia Sanchez than the loss of a perfect prom with her ex-boyfriend, seeds of doubt take root in Ophelia's firm image of herself. Add to that the impending end of high school and the fracturing of her once-solid friend group, and things are spiraling a little out of control. But the course of love - and sexuality - never did run smooth. As her secrets begin to unravel, Ophelia must make a choice between clinging to the fantasy version of herself she's always imagined or upending everyone's expectations to rediscover who she really is, after all.

Addition Kumon Math Workbooks Audisee® eBooks with Audio combine professional narration and text highlighting for an engaging read aloud experience! the best-selling Words Are CATegorical® series use their trademark sense of humor to add up the fun!

I Know Addition & Subtraction Kumon Publishing North America
 A Best Book of the Year: The Washington Post • Chicago Tribune • NPR • Vogue • Elle • Real Simple • InStyle • Good Housekeeping • Parade • Slate • Vox • Kirkus Reviews • Library Journal • BookPage Longlisted for the 2020 Booker Prize An Instant New York Times Bestseller A Reese's Book Club Pick "The most provocative page-turner of the year." -- Entertainment Weekly "I urge you to read *Such a Fun Age*." --NPR A striking and surprising debut novel from an exhilarating new voice, *Such a Fun Age* is a page-turning and big-hearted story about race and privilege, set around a young black babysitter, her well-intentioned employer, and a surprising connection that threatens to undo them both. Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand,

showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times.
