MICHAELA PONCE

Adapting to Modernity Da Capo

Wacky but well-researched, unbiased and shameless, this informational book about drugs dares to take readers on a long, strange trivia trip. Following in the tradition of *The Ultimate Book of Useless Information*, *The Curious World of Drugs and Their Friends* is a wry potpourri of interesting information about every conceivable kind of drug. Readers can feed their heads with anecdotes, facts, lists, statistics, and illustrations, including:

- The test results of animals on LSD—cats lose their fear of dogs, and goats walk in geometric patterns
- Drugs found in nature, from magic mushrooms to St. John's wort to beaver secretions
- Celebrities who overdosed at age 27—Jimi Hendrix, Janis Joplin, Jim Morrison, Kurt Cobain, Brian Jones, and Jean Michel-Basquiat
- Imaginary drugs in literature and film, from spice the mélange in

Dune to Moloko plus in *A Clockwork Orange* • Nicknames for a joint—from doobie to giggly stick to Mr. Boom Bizzle • The global percentages of adults who have used cannabis—.004 percent in Singapore and 12.6 percent in the United States • The uses of opium in ancient Rome—from treatments for insomnia and epilepsy to colic and deafness • The most glamorous rehab clinics and their celebrity alumni • Mini-biographies of the biggest drug kingpins around the world

Niklas and Friends Prima Lifestyles

Translated from the author's unpublished manuscript. Includes bibliographical references and index.

Totemism and Exogamy Cambridge University Press

What Haruhi wants, Haruhi gets! Stunning, brash, and completely clueless about her powers, Haruhi Suzumiya can make anything bend to her will. Although she doesn't know it, she's a goddess who has the ability destroy the world--don't make her mad! Luckily, she has her SOS Brigade (a club comprised of her high school's most extraordinary students) to keep her happy. This

fifth volume in the wildly fun and unpredictable Haruhi Suzumiya series features three short stories for Haruhi's every mood--an endless (never-ending) summer, a heated (overheated) competition with the computer club, and a ski trip getaway (with a dangerous blizzard!). Join the frenzy and fun with the fifth book in the phenomenal bestselling series that took the world by storm with over 4.5 million copies sold.

Fragmented Urban Images No Starch Press

The author of "Country" now offers a paean to a forsaken time of relentless excess, sudden ruin, and fierce music--the days of rock 'n' roll, long before Elvis came on the scene. 42 illustrations.

Modern German Philosophy Wiley-Blackwell

Sample Text

The Curious World of Drugs and Their Friends Wiley-Blackwell

This book explains in down-to-earth language what analytical philosophy is, and presupposes no previous knowledge of the subject. Analytical philosophers aim at obtaining insight into the traditional topics of philosophy by logical, conceptual and linguistic analysis. In this book William Charlton answers relativist attacks on this ambition and argues that its methods can still provide fresh insight into the traditional problems of philosophy. Taking such central philosophical problems as meaning, time, causation and thought, the author shows why they are problems for philosophy rather than for any other discipline, and thereby illustrates and supports a new general theory of the nature and scope of philosophical enquiry. "The Analytic Ambition" is both an introduction to readers fresh to philosophy and a challenge to professional thinking that has become set in its ways.

Nederlandsch letterkundig nieuwsblad Modern Language Assn of Amer

This revised and updated edition of a standard work provides a clear and authoritative survey of the Western tradition in metaphysics and epistemology from the Presocratics to the present day. Aimed at the beginning student, it presents the ideas of the major philosophers and their schools of thought in a readable and engaging way, highlighting the central points in each contributor's doctrines and offering a lucid discussion of the next-level details that both fills out the general themes and encourages the reader to pursue the arguments still further through a detailed guide to further reading. Whether John Shand is discussing the slow separation of philosophy and theology in Augustine, Aquinas and Ockham, the rise of rationalism, British empiricism, German idealism or the new approaches opened up by Russell, Sartre and Wittgenstein, he combines succinct but insightful exposition with crisp critical comment. This new edition will continue to provide students with a valuable work of initial reference.

Little Women Married Penguin

Women philosophers have not received their due in the discipline's reference works. Kersey's international biographical dictionary of women philosophers from ancient times up until the present redresses that situation. . . . This very capably fills a very evident gap in the philosophy reference corpus. *Wilson Library Bulletin* This work developed from Kersey's discovery that there existed no biographical dictionaries of women philosophers, and few references to women in textbooks on the history of philosophy. Intended to fill that void, this source book covers

more than 170 women born before 1920 who wrote about or pondered questions of Western intellectual life. Using broad criteria, Kersey has included any woman who conducted serious work in the traditional fields of philosophy, including metaphysics, ethics, aesthetics, or logic. Although acknowledging that the field has been dominated by men, the author excluded feminist scholars on the grounds that they have been given serious attention elsewhere, and also omitted women theologians or devotional writers. The volume includes extensive bibliographies of both primary and secondary works about each philosopher. An in-depth introduction establishes the context for the reference, and an appendix provides charts showing women philosophers by century, nationality, and discipline. An index of names completes the source book. This reference will be an important addition to university and public libraries, and a valuable reference for courses in philosophy and women's studies.

Bevölkerungsverschiebungen und sozialer Wandel in den baltischen Provinzen Russlands 1850-1914 Amsterdam University Press

Providing an illuminating and informed introduction to central philosophical issues, concepts and perspectives in the core fields of metaphysics, epistemology and philosophical logic, the Dictionary takes the most common terms and notions and clarifies what they mean to the philosopher and what sort of problems the philosopher finds associated with them. Thoroughly revised and updated, the bibliographies supply core reading lists, and each entry uses extensive cross referencing to related themes and concepts to provide a greater sense of access,

control and comprehension. The Dictionary will also provide those working in proximate fields with an understanding of areas of overlapping interest, concepts of common applicability and the full range and diversity of philosophical analysis and insight.

Philosophy and Philosophers Routledge

A.S. Neill's classic educational story, written as a log of his first year as headteacher at Gretna Green Village School in Scotland. "A Dominie's Log" is the first book in Alexander Sutherland Neill's classic Dominie Series about a beloved school teacher whose engaging and nurturing methods educate students and help them mature. Neill's educational philosophy was tremendously influential on progressive education and the Free School Movement.

Wie Ich Es Sehe Peter Lang GmbH, Internationaler Verlag Der Wissenschaften

Der dritte Band der "Wiener Ausgabe" enthält die Manuskriptbände V und VI, Mss 109 und 110 aus dem literarischen Nachlass von Ludwig Wittgenstein. Sie sind im Besitz der Nachlassverwalter, Wren Library, Trinity College, Cambridge. Den Band "Bemerkungen V." hatte Wittgenstein am 11. August 1930 in Österreich begonnen. Nach den Sommerferien setzt er die Arbeiten in Cambridge fort; dann, über die Weihnachtsferien in Wien am Band VI, und wieder in Cambridge beendet er schließlich Band V. Der Band "VI. Philosophische Bemerkungen" ist also Teil und unmittelbare Fortsetzung von Band V. Am Band VI schreibt Wittgenstein in Cambridge bis zum 6. Juli 1931. Beide Bände werden in der "Wiener Ausgabe" erstmals veröffentlicht.

The encyclopedia of philosophy. Supplement Routledge

J.O. Urmson's *The Greek Philosophical Vocabulary* contains some five hundred alphabetically arranged entries, each aiming to provide useful information on a particular word used by Greek philosophers. The book includes a wealth of quotations ranging from the fifth century BC to the sixth century AD.

Invitation to Philosophy Cambridge University Press

In this revised and updated edition of a classic introductory text, Martin Hollis leads his readers through the age-old philosophical questions of free choice and human nature, appearance and reality, reason and experience, and to newer ones of rationality and morality, other minds and inner selves, and the relation between the natural and human worlds. Using theories and examples ranging from Plato, Descartes, Hume and Kant to T.S. Eliot and Sherlock Holmes, the author paints a delightfully vivid picture of the discipline that is a perfect start for students beginning courses in philosophy or for anyone meeting the subject for the first time.

The Reader MIT Press

What if you woke up one morning, and everything changed? It's

one week before Christmas Eve, and Haruhi and the S.O.S. Brigade (a club for her high school's strangest and most extraordinary students) are gearing up for holiday festivities. But just before the fun kicks off, Kyon, the only "normal" member, wakes up in a weird alternate dimension, one where Haruhi attends another school entirely, Nagato the time traveling robot is just an ordinary human, and Mikuru (the cute girl of Kyon's dreams) doesn't even recognize him-in other words, S.O.S. Brigade never existed. The only clue Kyon can find is a bookmark left by the robot version of Nagato, which leads him on a quest back in time, where he interacts with the storyline from "Bamboo Leaf Rhapsody", a short story from the previous Haruhi book, *The Boredom of Haruhi Suzumiya*. This fun and quirky holiday tale is reminiscent of *A Christmas Carol* and *It's a Wonderful Life*.

Palmström Yen Press LLC

An intimate and at times savagely funny psychological study of two sisters, one of who has made her home in East Berlin and one who has stayed on in their native London. Fleeing from an encounter that has destroyed her marriage, Rosa Brine leaves Berlin in the wake of the downing of the Wall and seeks shelter with her sister Alice. But the sinister figure of 'Berlin Bertie' follows and finds her. A turbulent Easter weekend of explosive confrontations ends in an oddly comic kind of salvation. Howard Brenton's play *Berlin Bertie* was first performed at the Royal Court Theatre, London, in 1992.

Good system administrators recognize problems long before anyone asks, "Hey, is the Internet down?" Nagios, an open source system and network monitoring tool, has emerged as the most popular solution for sys admins in organizations of all sizes. It's robust but also complex, and Nagios: System and Network Monitoring, 2nd Edition, updated to address Nagios 3.0, will help you take full advantage of this program. Nagios, which runs on Linux and most *nix variants, can be configured to continuously monitor network services such as SMTP, POP3, HTTP, NNTP, SSH, and FTP. It can also supervise host resources (processor load, disk and memory usage, running processes, log files, and so on) and environmental factors, such as temperature and humidity. This book is your guide to getting the most out of this versatile and powerful monitoring tool. Inside Nagios, you'll learn how to:

- Install and configure the Nagios core, all standard plugins, and selected third-party plugins
- Configure the notification system to alert you of ongoing problems—and to alarm others in case of a serious crisis
- Program event handlers to take automatic action when trouble occurs
- Write Perl plugins to customize Nagios for your unique needs
- Quickly understand your Nagios data using graphing and visualization tools
- Monitor Windows servers, SAP

systems, and Oracle databases The book also includes a chapter that highlights the differences between Nagios versions 2 and 3 and gives practical migration and compatibility tips. Nagios: System and Network Monitoring, 2nd Edition is a great starting point for configuring and using Nagios in your own environment.
