ARMSTRONG ANAYA

Delirium Vintage

Novela ganadora del Premio Alfaguara de Novela 2019 La gran urbe de Madrid en la actualidad, y una pareja, unos Ella y Él emblemáticos que se separan tras cuatro años de convivencia. Ella, arquitecta, tiene miedo a hacer proyectos de futuro, aunque ha esgrimido una razón falsa: un amante. Él, escritor de ensayos, se queda totalmente desconcertado ante una nueva realidad indescifrable. En el naufragio de la relación, por las grietas de lo que fue entran las amistades, sus consejos y sus vidas, la mayoría de las veces con más penas que claves. Es la generación Tinder, de fotos de pretendientes que se borran con un dedo caprichoso, donde casi todos quedan expuestos y a la postre desencantados. La ruptura de una pareja también dice mucho de un país, de su proyecto de convivencia. Y la radiografía de estos tiempos es dura: padres que lo son por obligación, experimentos de reinención personal que son performances sin público. Ella y Él, ya próximos a los cuarenta, comienzan a habitar esos nuevos espacios posibles en paralelo, sin desgarros románticos pero con una fuerte añoranza misteriosa que tal vez vuelva a acercarlos. Mañana tendremos otros nombres es una novela íntima y simbólica que aborda las relaciones sentimentales del animal humano desde una óptica sociológica bien apuntalada en la ternura. ENGLISH DESCRIPTION Winning novel of the 2019 Premio Alfaguara de Novela 2019 The great city of Madrid today, a couple, an emblematic He and She who are separating after four years of living together. She, an architect, is afraid to make future projects and has made up a false reason: a lover. He, an essayist, is totally bewildered by a new, indecipherable reality. In the wreckage of a relationship, through the cracks of what once was, filter in the friends, their advice, and their lives, most of the time offering more problems than solutions. It is the Tinder generation, pictures of suitors are quickly erased with the glide of a volatile finger, where almost all are exposed and in the end are also disappointed. A couple's breakup also says a lot about a country, about its project of cohabitation. And doing an x-ray of these times is hard: parents who are forced to become parents by society, acts of self-reinvention that are like performances with no audience. He and She, who are close to turning forty, begin to embrace these new possible spaces, without sentimental tears but with a strong mysterious nostalgia that may just bring them close again.

The Peculiar State Houghton Mifflin Harcourt

The anticipated American debut of one of Granta's Best Young Spanish-Language Novelists: a daring, deeply affecting novel about the secrets buried in the past of an Argentine family. A young writer, living abroad, makes the journey home to South America to say good-bye to his dying father. In his parents' house, he finds a cache of documents—articles, maps, photographs—and unwittingly begins to unearth his father's obsession with the disappearance of a local man. Suddenly he comes face-to-face with the ghosts of Argentina's dark political past and with the long-hidden memories of his family's underground resistance against an oppressive military regime. As the fragments of the narrator's investigation fall into place—revealing not only a part of his father's life he had tried to forget but also the legacy of an entire generation—this audacious novel tells a completely original story of corruption and responsibility, history and remembrance.

Dance for Me When I Die ALFAGUARA

PREMIO ALFAGUARA DE NOVELA 2019 «La autopsia de una ruptura amorosa que refleja la época contemporánea de manera excepcional.» (Del acta del jurado) Viven en Madrid, en la actualidad. Ella es arquitecta, tiene miedo a hacer proyectos de futuro y busca algo que no puede definir. Él escribe ensayos, lleva cuatro años a su lado y nunca pensó en verse soltero de nuevo, en un «mercado» sentimental del que lo desconoce todo. Por las grietas de su derrumbe como pareja entran las amistades, sus consejos y sus vidas, la mayoría de las veces con más dudas que certezas. Es la generación Tinder, la de unas personas que eliminan a otras con un dedo; una generación en la que todos están expuestos y a la postre desencantados. La ruptura de una pareja también dice mucho de un país, de un momento, de una idea de convivencia. Y la radiografía de los tiempos es dura: padres que lo son por obligación, experimentos de reinención personal que son performances sin público, unas tecnologías que lo penetran todo, incluyendo la intimidad. Ella y Él, ya próximos a los cuarenta, comienzan a habitar esos nuevos espacios posibles en paralelo, sin desgarros románticos pero con una fuerte añoranza misteriosa que tal vez vuelva a reunirlos. *Mañana tendremos otros nombres* es una mirada a las relaciones sentimentales del animal humano desde una óptica sociológica que no excluye la ternura. Es, sobre todo, la gran novela del amor en los tiempos de las redes. Han dicho sobre la novela: «*Mañana tendremos otros nombres* es la fascinante autopsia de una ruptura amorosa, que va más allá del amor: es el mapeo sentimental de una sociedad neurótica donde las relaciones son productos de consumo. Bajo la anonimidad de unos Él y Ella, construye la historia de dos personajes que son vagamente conscientes de su alienación. Un texto sutil y sabio, de gran calado psicológico, que refleja la época contemporánea de manera excepcional y toma el pulso a las nuevas formas de entender los afectos.» Jurado del Premio Alfaguara de novela 2019 «Tengo la impresión de que hemos premiado una novela excelente que quizá el tiempo convierta en una obra maestra.» Juan José Millás (presidente del Premio Alfaguara de novela 2019) «Esta novela es la afilada historia de una ruptura amorosa celebrada en el corazón del capitalismo actual.» Manuel Vilas «*Mañana tendremos otros nombres* reflexiona sobre el presente y propone la literatura como "esa inteligencia colectiva que todavía realiza las preguntas importantes para la vida, a las cuales también intenta responder.» Adrián Malagamba, *Última Hora*

From acclaimed Colombian author Laura Restrepo comes a prize-winning novel inspired by a true crime that shattered a community and exposed the dark recesses of toxic masculinity and privilege. Immune to the consequences of immorality, five privileged young men in Bogotá bond over a shared

code: worship drugs and drink, exploit women, and scorn the underclass. As males, they declare the right to freedom of pleasure. As friends, only disloyalty to each other is forbidden. When a little girl from the slums disappears, the limits of a perverse and sacred bond will be tested in ways none of them could have imagined. Hauntingly true, this daringly told work of fiction explores the tragic dynamic between genders, social classes, and victim and victimizer, and between five men whose intolerable transgressions will shake the conscience of a country.

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According

to the diary of Reverend Stephen Williams who attended the sermon, “Before the sermon was done there was a great moaning and crying through the whole House, ‘what shall I do to be saved; oh, I am going to hell, etc.’” The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, “the amazing and astonishing power of God” was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.

Pinerolo, Italy. April 1945. At a fascist conference, a writer disappears and is found dead at the bottom of a cliff. Thirty years later, a young man—a political activist or maybe a terrorist—interviews the survivors to try to uncover the truth about what happened and its consequences. Who was this writer? What did he believe in? Why, shortly before his death, did he save a man who could have killed him? Where is his lost work? And what does any of this have to do with a teenager in contemporary Milan involved in a violent confrontation with the police? Bold and incisive, *Don’t Shed Your Tears for Anyone Who Lives on These Streets* is a gripping examination of art-as-politics and politics-as-crime.
