Testimonios brings together first-person narratives from the vibrant, diverse, and complex Latinx and Hispanic mathematical community. Starting with childhood and family, the authors recount their own individual stories, highlighting their upbringing, education, and career paths. Their particular stories, told in their own voices, from their own perspectives, give visibility to some of the experiences of Latinx/Hispanic mathematicians. Testimonios seeks to inspire the next generation of Latinx and Hispanic mathematicians by featuring the stories of people like them, holding a mirror up to our own community. It also aims to provide a window for mathematicians (and aspiring mathematicians) from all ethnicities, with the hope of inspiring a better understanding of the diversity of the mathematical community.

You Took the Last Bus Home is the first and long-awaited collection of ingeniously hilarious and surprisingly touching poems from Brian Bilston, the mysterious 'Poet Laureate of Twitter'. With endless wit, imaginative wordplay and underlying heartache, he offers profound insights into

modern life, exploring themes as diverse as love, death, the inestimable value of a mobile phone charger, the unbearable torment of forgetting to put the rubbish out, and the improbable nuances of the English language. Constantly experimenting with literary form, Bilston's words have been known to float off the page, take the shape of the subjects they explore, and reflect our contemporary world in the form of Excel spreadsheets, Venn diagrams and Scrabble tiles. This irresistibly charming collection of his best-loved poems will make you laugh out loud while making you question the very essence of the human condition in the twenty-first century.

As multicultural education is becoming integral to the core curriculum, teachers often implement this aspect into their courses through literature. However, standards and criteria to teach and promote active discussion about this literature are sparse. *Cultural Journeys* provides these guidelines through the age-appropriate fiction and non-fiction works embedded in the book. With the example unit plans and extensive annotated bibliography, this book is a valuable resource that pre-service and in-service teachers will utilize throughout their careers.

More effectively meet the diverse literacy needs of the growing Latino population by learning how to evaluate and select quality Latino children's literature. Latinos are the fastest growing and largest ethnic minority in the United States. The number of Latino children is at a historic high. As a result, librarians and teachers in the United States must know how to meet the informational, cultural, and traditional literacy needs of this student demographic group. An ideal way to overcome this challenge is by providing culturally accurate and authentic children's literature that represents the diversity of the Latino cultures. Much more than simply a topical bibliography, this book details both historical and current practices in educating Latino children; explains why having quality Latino children's literature in classrooms and libraries is necessary for the ethnic identity development of Latino children; and offers a historical overview of Latino children's literature in America. Web resources of interest to educators working with Latino children are also included.

Poetry by one of the most powerful female figures in twentieth-century surrealism, now collected in English for the very first time. Alice Paalen Rahon was a shapeshifter, a surrealist poet turned painter who was born French and died a naturalized citizen of Mexico. Her first husband was the artist Wolfgang Paalen, among her lovers were Pablo Picasso and the poet Valentine Penrose, and over the years her circle of friends included Frida Kahlo and Diego Rivera, Joan Miró, Paul Éluard, Man Ray, and Anaïs Nin. This bilingual edition of Rahon's poems confirms the achievement of this little-known but visionary writer who defies categorization. Her spellbinding poems, inspired by prehistoric art, lost love, and travels around the globe, weave together dream, fantasy, and madness. For the first time in any language, this book gathers the three collections of poetry Rahon published in her lifetime, along with uncollected and unpublished poems and an album of portraits, manuscript pages, and artworks.

In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to others. After an accident—or “the misfortune,” as his cancer-ridden father’s caretaker, Celeste, calls it—Eduardo is sentenced to a year of community service reading to the elderly and disabled. Stripped of his driver’s license and feeling impotent as he nears thirty-five, he leads a dull, lonely life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its lush gardens and swimming pools, the “City of Eternal Spring” is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Henry James, Daphne du Maurier, and more, but doesn’t truly understand them. His eccentric listeners—including two brothers, one mute, who moves his lips while the other acts as ventriloquist; deaf parents raising children they don’t know are hearing; and a beautiful, wheelchair-bound mezzo soprano—sense his detachment. Then Eduardo comes across a poem his father had copied by the Mexican poet Isabel Fraire, and it affects him as no literature has before. Through these fascinating characters, like the practical, quick-witted Celeste, who intuitively grasps poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, unequal society.

All the young women wanted to marry him because he was rich, powerful, and supposedly very handsome. But to marry the invisible being the women had to prove to his sister that they had seen him. And none had been able to get past the sister's stern, all-knowing gaze. Then came the Rough-Face girl, scarred from working by the fire. Could she succeed where her beautiful, cruel sisters had failed?

La mujer que brillaba aun mas que el sol Heinemann Educational Books

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of

most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of *The Book of Virtues* "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com
