Liaigre invites readers on  
a world tour of its newest  
generation of interiors  
exemplifying the  
renowned French brand's

masterful savoir-faire, pared-back elegance, and renewed vigor. In an exquisite volume, the illustrious French interiors house Liaigre takes us inside its latest cosmopolitan residences. For over thirty years Liaigre has solidified its signature excellent craftsmanship, precise aesthetic, and luxurious simplicity with a subtle eye for details; the house embodies elegant understatement, reminiscent of the most refined art de vivre. Following the departure of

its visionary founder in 2016, Liaigre has been infused with new energy. Throughout the book's pages, readers will delve into character-filled interiors that speak to its vision for the future. A Japanese house overlooking hot thermal springs; a modernist palace in New Delhi (Liaigre's first project in India); a delicate renovation of a traditional local villa in St. Moritz; an update to a glamorous Parisian villa from the early twentieth century; and a modern

reinterpretation of a Bavarian-style mansion in Munich--all of these projects and more represent manifestos of the "Liaigre style." Furthermore, a visual immersion into Liaigre's Paris studio offers a behind-the-scenes glimpse into the house's creative know-how. Featuring exceptional images from specially commissioned photoshoots and an engaging essay by French art historian Françoise-Claire Prodhon, this tome will delight new and old fans of Liaigre's designs

as well as interiors aficionados everywhere. [Bulletin de l'Association belge de photographie](#)

**Learn to train your eye and improve your timing in order to capture the decisive moment!**

Whether it's due to social media or the introduction of great rangefinder-style digital cameras over a decade ago, street photography has experienced a remarkable resurgence in recent years. You can be roaming the streets of a classic urban environment

(New York, Paris, Tokyo) or on a simple photo walk around a quiet neighborhood—it has never been more popular to pursue the art of capturing those candid, fleeting moments that happen throughout the day, of freezing a moment in time and transforming the ordinary into an extraordinary photograph.

But learning to see light and moment, to make quick decisions, and to nail a photographic composition are all crucial skills you must master in order to become a good

street photographer. Photographer, instructor, and author Valerie Jardin has been teaching photographers how to take better photographs for years, and in *Street Photography Assignments: 75 Reasons to Hit the Streets and Learn*, she provides dozens of prompts for you to practice in order to refine and improve your craft.

These activities focus on themes such as:

- Street portraits
- Gesture
- Shadows
- Silhouettes

- Rim light
- Humor
- Abstract
- Tension
- Motion
- Reflections
- Leading lines
- Creative framing
- Juxtapositions
- Double exposures
- And much, much

more!

Each assignment includes a description of the technique, various tips and tricks to practice, technical and compositional considerations, and an example photo that Jardin has captured when practicing

the same exercise. Whether you have 30 minutes or 3 hours, each assignment is an opportunity for you to take your camera and hit the streets. No more excuses!

With both training and preparation, a street photographer needs to make rapid decisions; there may only be a fraction of a second to immortalize a moment in time that has never happened before and will never happen again. This is where Street

Photography: Creative Vision Behind the Lens comes in. Follow Valérie Jardin on an inspiring photo walk around the world. After an overview of the practical and technical aspects of street photography, Valérie takes you along on a personal photographic journey as she hits the streets of her favorite urban haunts. technical and compositional choices she makes and the thought process that spurred the click of the shutter. Perfect for both the new photographer excited to capture the world around them and for the experienced street photographer wishing to improve their techniques and images, Street Photography requires no special equipment, just a passion for seeing and capturing the extraordinary in the ordinary.

tatoués ! Paris-Berlin-Montréal Véritable phénomène de société, le tatouage est entré depuis une vingtaine d'année dans le cercle prestigieux des cultures populaires. À la croisée des chemins entre la photographie, les tatouages, et surtout les tatoués, l'ouvrage The Tattoorialist met la lumière sur ces toiles humaines uniques en leur genre. Photographe-portraitiste, Nicolas Brulez a multiplié les rencontres et fédéré autour de lui une véritable famille de gens tatoués. Il nous

pousse à regarder au-delà de l'apparence, au-delà du premier abord. Entre art et sociologie, avec le tatouage au cœur du concept, cet ouvrage est aussi bien destiné aux amateurs qu'aux adeptes de ce savoir-faire.

L'ouvrage se présente comme une galerie de portrait, chaque personne prise en photo dans son environnement quotidien racontant son histoire et l'histoire de son tatouage. Les décors sont variés et chaque photographie dépeint un look, une attitude. Cet ouvrage rend

aussi hommage aux artistes tatoueurs les plus reconnus comme Tin-Tin, Dimitri HK à Paris, Aka à Berlin, ou encore Bodkin à Montréal.

Christiane de Nicolay-Mazery, a specialist in furniture and antiques at Christies and Honelon, invites her readers to enter the elegantly luxurious interiors of some of France's most exclusive abodes. From the classic taste of the

seventeenth and eighteenth centuries to the creativity of the nineteenth century, she traces the path to the finesse of the twentieth century, which combines tradition and modernity. The interiors portrayed in these nine exquisitely illustrated chapters pay tribute to the refinement of French taste, a savoir-faire that has been continually renewed. Classic hôtels particuliers in the heart of Paris and romantic châteaux, as well as a surprising isba--a traditional rural log house

in the Russian style--are but a few of the examples of the kinds of interiors that will inspire readers as they marvel over the art of French designers, including Madeleine Castaing, Hubert de Givenchy, Yves Saint Laurent, Jacques Grange, François Joseph Graff, and Pierre Bergé. Unlike most books on French style on the market, this book is not only a testimony to timeless French elegance, it is an invitation to discover a synthesis of contemporary and classic décor, in some of France's

most exclusive residences, firsthand. *Bulletin* Dunod In this series, Aperture Foundation works with the world's top photographers to distill their creative approaches, teachings, and insights on photography-offering the workshop experience in a book. Each volume is introduced by a

well-known student of the featured photographer. In this book, internationally acclaimed color photographers Alex Webb and Rebecca Norris Webb, offer their expert insight into street photography and the poetic image. Through words and photographs-their own and others'-they invite the reader into the heart of their artistic processes. They share their thoughts about a wide range of practical and philosophical issues, from questions about seeing and being in the world

with a camera, to how to shape a complete body of work in a way that's both structured and intuitive. *French Interiors* Abrams Portraits de Montréal, c'est une main tendue vers l'inconnu, une oreille attentive, une ouverture sur la différence. Postface de Patsy Van Roost, la fée urbaine Depuis quelques années, Mikaël Theimer et Thibault Carron parcourent les rues de Montréal avec leur appareil photo au cou, leur curiosité pour l'humain et leur cœur grand ouvert. Ainsi

équipés, ils ont croqué les visages et recueilli les histoires de plus de 2000 personnes rencontrées au hasard de leurs promenades urbaines. Dans ce livre-événement, ils nous offrent à admirer et à lire le compte rendu de plus de 200 rencontres marquantes. À l'heure des selfies et des échanges éclair sur les réseaux sociaux, c'est à travers l'écoute, le temps, la soif de savoir et un grand appétit pour l'inconnu que les deux photographes ont choisi d'en apprendre plus sur notre métropole

et sur les gens qui l'animent. Au-delà des différences qui distinguent parfois ces gens ils ont découvert (entre autres!) que l'âme humaine est colorée des mêmes peines, peurs, espoirs et rêves. Véritable galerie d'histoires vivantes, cet ouvrage magnifique fera sourire et verser une larme, en plus de brasser les convictions et de susciter la discussion. This updated edition profiles twenty of the world's leading street photographers and teaches readers how to capture profound urban moments. In recent years, photo sharing on social media has rejuvenated street photography, and its spirit has been reborn. The Street Photographer's Manual is about the possibilities of street

photography as a medium, and how it can be approached in an accessible way. The book begins with an overview of street photography, examining its past, present, and future, and looking at how the genre has changed over time. The reader is then introduced to twenty of the most acclaimed international street photographers. This new, revised edition features six new photographers: Troy Holden, Merel Schoneveld, Melissa Breyer, David Gaberle,

Michelle Groskopf, and Craig Whitehead. Integrated within the profiles are twenty fully illustrated tutorials, including how to shoot a face in a crowd and how to train your eye to observe and capture the unexpected. The Street Photographer's Manual shows you that being a street photographer is partly about looking for luck. But luck requires inspiration—and that is where this book is indispensable. Text and Image in Modern European Culture is a collection of essays that are transnational and interdisciplinary in scope. Employing a range of

innovative comparative approaches to reassess and undermine traditional boundaries between art forms and national cultures, the contributors shed new light on the relations between literature and the visual arts in Europe after 1850. Following tenets of comparative cultural studies, work presented in this volume explores international creative dialogues between writers and visual artists, ekphrasis in literature, literature and design (fashion, architecture),

hybrid texts (visual poetry, surrealist pocket museums, poetic photo-texts), and text and image relations under the impact of modern technologies (avant-garde experiments, digital poetry). The discussion encompasses pivotal fin de siècle, modernist, and postmodernist works and movements in Britain, France, Germany, Italy, Poland, Russia, and Spain. A selected bibliography of work published in the field is also included. The volume will appeal to scholars of comparative

literature, art history, and visual studies, and it includes contributions appropriate for supplementary reading in senior undergraduate and graduate seminars.

Ce manuel propose une approche pratique, cadrée et réflexive de méthodes empiriques de recherche en information-communication. Après un bref exposé des principales caractéristiques de ces méthodes envisagées dans une perspective

ethnographique, l'auteur aborde les dimensions concrètes de l'investigation : observer, documenter, photographier, interviewer, décrire, analyser, interpréter, rendre compte.

L'approche proposée dans ce manuel émerge de croisements avec des travaux et des démarches provenant de différents champs (anthropologie, sociologie, photographie documentaire, journalisme...) et prône la complémentarité des visées descriptives et

interprétatives. Cette conception de la recherche peut être singularisée dans le projet d'une ethnographie journalistique. Cet ouvrage souhaite fournir des repères et être un stimulant à la mise en oeuvre de recherches concrètes. Il est conçu et construit pour amener les étudiantes et les étudiants à s'approprier le positionnement et les démarches de façon à la fois rigoureuse, personnelle et critique. Ce manuel est une nouvelle édition (largement) revue

et augmentée de Méthodes empiriques de recherche en communication, ouvrage paru en 2009 chez le même éditeur. Cet ouvrage s'adresse prioritairement, mais pas exclusivement, aux étudiantes et aux étudiants en information-communication et en journalisme qui se préparent à faire leurs premières expériences de recherche in vivo.
