BLANCHARD COLLINS

Bleeding the Brakes (6520 and 6620 Tractors) - John Deere Jd 2020 Brakes Just finished getting the brakes working on a JD 400 (same as a 2020). If you remove the brake assembly off of the side of the transmission you will find a ball bearing that is used to block the hole during manufacturing of the proportioning valve. We had this ball bearing come out and it allowed the fluid to drain back into the transmission.
