DARIEN KANE

Longbeard Basic Books
You can find countless stories of the atrocities

committed during the Holocaust as told firsthand by those souls that have witnessed, lived through, and survived indescribable horror. From great retellings

from authors such as Elie Wiesel to dramatized, influential works of fiction from writers including John Boyne, it becomes clear the Holocaust has impacted more than the people that directly experienced it. As the era of first-generation Holocaust survivors approaches its end, their stories as well as their trauma lives on, however, through their descendants. As a consequence, the descendants of Holocaust survivors, as current research suggests, have also been affected from the result of the experience of their parents and grandparents. Few stories are ever written by the heirs of those who endured that indescribable horror and in the way that it

manifests psychologically just two generations later. Author Dr. Jack Fried, born to the son and daughter of Holocaust survivors, is one of the many whose life has been forever changed by the events that transpired during the Holocaust. Intergenerational trauma is not a well-known concept, but, for Dr. Fried, it meant that he had to take a journey into a past he didn't personally know—his grandparents' past—to find pieces to a puzzle that may answer his questions about the origins of a lifelong battle he has had with separation anxiety. His trip took him to Poland where he uncovered a slew of pent-up emotions, fears, and dark histories. Oddly, as Dr. Fried learns

about his family's past and his present, he unknowingly embarks on a spiritual journey into Jewish mysticism, which slowly enables him to transcend his lifelong struggles with a fear and anxiety that didn't belong to him. All of the inhibiting emotions were released upon his connection to the strife of his ancestors. Heirs of Auschwitz is an extremely worthwhile read for anyone with unresolved feelings, anyone who has not witnessed or has avoided witnessing human suffering, and for those who cannot fathom what hell on earth is like.

Story of the Beards and Barths Macmillan

Thomas Beard was born in Charleston, South Carolina, 24 Feb 1772, the son of Joshua

and Agnes Beard. He was the only son to live to adulthood. He married Elizabeth ca 1795 and they had twelve children. He was a baker by trade. The family were members of the Washington Street Methodist Church in Columbia, South Carolina. Descendants live in South Carolina, Louisiana, Arizona, Texas, Georgia, Utah, California, Florida, Alabama and elsewhere. Originally the family name was Barth.

The Ecclesiastical History of England and Normandy BoD - Books on Demand

The stability of the Kingdom of Saudi Arabia remains critical to Western security and economic interests. This crucial study focuses on

generation change and identifies individuals with greatest leadership potential; examines their political, social, and religious views.

The ecclesiastical history of England and Normandy. Tr., with notes, and the intr. of Guizot, by T. Forester Springer

David and Lavina Beard, both born in North Carolina, lived in Wilson County, Tennessee in 1850. Descendants of their eight children and other relatives lived in New England and in the Midwest.

Longbeard: Or, The Revolt of the Saxons

GRIN Verlag
To hold onto her inheritance, Caroline must marry. But getting a husband isn't easy, because her estate is haunted by

Lord Hamilton. Desperate, she marries a rake from one of the worst criminal districts in London. As she falls in love with him, she wonders if he is possessed by the ghost. This lighthearted Regency romance is a departure for Beard.

The Encyclopaedia Britannica Or Dictionary of Arts, Sciences, and General Literature Lexington Books

This is the story of a brave young boy named Ronan, who tries to defend his island from attacking pirates but ends up being taken to sea with them. It follows his adventures as he grows up to be the pirate Long Beard and tries to uncover the secrets behind a mysterious treasure

map.

Heirs of Auschwitz

Archaeopress

Despite its reputation for religious intolerance, the Middle East has long sheltered many distinctive and strange faiths: one regards the Greek prophets as incarnations of God, another reveres Lucifer in the form of a peacock, and yet another believes that their followers are reincarnated beings who have existed in various forms for thousands of years. These religions represent the last vestiges of the magnificent civilizations in ancient history: Persia, Babylon, Egypt in the time of the Pharaohs. Their followers have learned how to survive

foreign attacks and the perils of assimilation.

But today, with the Middle East in turmoil, they face greater challenges than ever before. In *Heirs to Forgotten Kingdoms*, former diplomat Gerard Russell ventures to the distant, nearly impassable regions where these mysterious religions still cling to survival. He lives alongside the Mandaeans and Ezidis of Iraq, the Zoroastrians of Iran, the Copts of Egypt, and others. He learns their histories, participates in their rituals, and comes to understand the threats to their communities. Historically a tolerant faith, Islam has, since the early 20th century, witnessed the rise of militant, extremist sects. This

development, along with the rippling effects of Western invasion, now pose existential threats to these minority faiths. And as more and more of their youth flee to the West in search of greater freedoms and job prospects, these religions face the dire possibility of extinction. Drawing on his extensive travels and archival research, Russell provides an essential record of the past, present, and perilous future of these remarkable religions.

White Beards of Power: A Comparison between Gandalf and Dumbledore

Published

This is the first analysis of the fiction of Nathaniel Hawthorne and his perception of history. In his study,

Charles Swann examines the whole of Hawthorne's literary career and gives proper weight to the unfinished work.

Hawthorne saw history as a struggle between the authoritative claims of tradition on the one hand and the conflicting but equally valid claims of the desires for revolutionary transformation on the other. To evaluate Hawthorne's view of history, Swann provides close readings of such key shorter works as Alice Doane's Appeal and Main Street, as well as the most detailed analysis to date of the unfinished works The American Claimant Mss and The Elixir of Life Mss (two works which exemplify the temptations of

tradition and the exhilaration of the revolutionary moment). This study asks us to explore how Hawthorne presents and interprets history through his fiction: for example, the history of crucial sins of the past (and the contemporary placing of such sins) in Alice Doane's Appeal, the problematic nature of the American Revolution in The Elixir of Life Mss, and the role of society in The Scarlet Letter. Swann's innovative study will be of interest to students and scholars of American literature, history, cultural studies, and literary criticism.

The Ecclesiastical History of England and Normandy: Book 8, chapter 19-Book. 12, chapter 20 Atlantic Publishing Company

Very often, the Father gives to His children special presents! They are given, along with thousands of other blessings, on a daily basis, and if we are truly honest with ourselves and look at these presents, we will be all the more grateful! This is an account based on the facts presented in the Bible, and largely on the prophetic Scriptures. I realize that many in the church those who claim to be Christians will not allow themselves to believe on these Scriptures. This is heartbreaking, for I believe this will be to their great harm! This book will try to convince the reading Christian of how truly dear he or she is to the Father, and how He longs for us to be close

to Him in His Son. (And no, it isn't inspired, but God did through His Word turn the lights on!) This is more than a bedtime story for children of all ages. My hope is that it will be a great encouragement for though we may grow a bit weary in our journey, we still enjoy the good fight. We are very dear to the One who has already won it, and He looks forward to greeting us on the other side . . . And men everywhere should seek Him with a new zeal, for He will soon rise to shake violently the earth! Even so, come Lord Jesus!

A New System of Geography WestBow Press

Having rebuilt the NordornLand from rubble, Ashen and

Gaurin rule justly and fairly over a reinvigorated land. Beloved by their kingdom, they now turn their attention to the next generation of Nordorn royalty. Responsible Bjaudin, heir to the throne, focuses on his studies and Hegrin, Queen of Rendel, rears her own growing brood. But the youngest siblings, Elin and Mikkell, seem destined to alter the future of the NordornLand—for better or for worse. Thirteen-year-old Elin craves power, and believes her new alliance with the evil Ysa may help her achieve it. Eleven-year-old Mikkell stows away on a Sea-Rover ship, hoping for a brief adventure. But when the ship is attacked, Mikkell is taken

prisoner, and soon his bonds to the NordornLand are the last thing on his mind. Through births and deaths, celebration and wars, Ashen and Gaurin have worked tirelessly to bring peace and prosperity to their kingdom. But it appears that this era of peace may be at its end. This final installment of the Cycle of Oak, Yew, Ash, and Rowan brings the series to a thrilling climax worthy of these fascinating characters.

The Numismatist

Essay from the year 2012 in the subject English - Literature, Works, grade: 2,3, University of Paderborn (Institut für Anglistik/Amerikanistik), course: CIC Advanced Essay-writing, language: English, abstract: All mighty wizards we encounter in literature usually

possess one feature that immediately indicates their status as powerful sorcerers to the reader: a long, mostly white (occasionally grey) beard. A wizard simply can't be that powerful if he isn't depicted as an old man - very old to be precise - with a beard so enormous that he can effortlessly tuck its end into his belt. This cliché of the wise old man with magical abilities derives to a large extent from the depiction of Gandalf the Grey in J.R.R. Tolkien's fantasy novel The Hobbit and its even more famous successor The Lord of the Rings. The character of Gandalf became not only the iconic prototype for the description of wizards in literature but it

influenced a whole genre, making Gandalf the uber-father of all wizards, on whose typical features many authors still rely on. This also counts for the famous headmaster of a certain school for witchcraft and wizardry. Invented more than half a century after *The Hobbit*, J.K. Rowling's Albus Dumbledore from the Harry Potter-series heavily relies on the well-known image of how a versed magician has to act and look like.

The Encyclopædia Britannica: Austria Lower-Bisectrix

This authoritative volume analyzes the state of Russia's power transfer crises throughout time, taking aim at Russia's unpredictable leadership changes

and the consequent crises that result from the absence of a mechanism for legitimate succession. Leading scholars analyze this problem from the power struggles in the Kremlin immediately following Stalin's death to the rise of Putin. Shedding new light on Russia's systemic flaws and resulting instability, this work is essential for practitioners and students of policy, especially as the country reemerges as an international power with a leader who shows disconcerting tendencies to revert to authoritarian and imperial habits.
