This beloved account about an intrepid young Englishman on the first leg of his walk from London to Constantinople is simply one of the best works of travel literature ever written. At the age of eighteen, Patrick Leigh Fermor set off from the heart of London on an epic journey—to walk to Constantinople. *A Time of Gifts* is the rich account of his adventures as far as Hungary, after which *Between the Woods and the Water* continues the story to the Iron Gates that divide the Carpathian and Balkan mountains.

Acclaimed for its sweep and intelligence, Leigh Fermor's book explores a remarkable moment in time. Hitler has just come to power but war is still ahead, as he walks through a Europe soon to be forever changed—through the Lowlands to Mitteleuropa, to Teutonic and Slav heartlands, through the baroque remains of the Holy Roman Empire; up the Rhine, and down to the Danube. At once a memoir of coming-of-age, an account of a journey, and a dazzling exposition of the English language, *A Time of Gifts* is also a portrait of a continent already showing ominous signs of the holocaust to come.

*Coloring Europe: Majestic Croatia* Farrar, Straus and Giroux Take a breath... Wow, life is so hectic these days! Everything seems to be keyed up to keep us permanently moving in the fast lane. We are constantly available through our phones and social media and it can feel as if the world expects us to juggle our time and to continuously keep going no matter what. Well, let's take a breath and, just for a second, let's see if we can't do things a little differently. The Mediterraneans have long been considered to hold the secrets of longevity and mostly we have attributed this to their diets. But having lived in Greece for many years I suspect it is more than that. I have never met a group of people more happy to just sit and be, in the present moment, and at these times they are relaxed and free of the stresses and strains of the modern world. Some call this mindfulness - the practice of purposely focusing your attention on the present moment, and accepting it without judgment. Mindfulness is now being examined scientifically and has been found to be a key factor contributing to happiness and wellbeing. But how easy to slip into a dream, stare without judgement at the beautiful landscapes of Italy or Greece! With this in mind, it seems clear that a therapeutic colouring book based on these images could be a great aid to relaxation and the practice of mindfulness.

Researchers have acknowledged the therapeutic qualities of art for years, and recent studies suggest that art therapy, practiced in a mindful way, can significantly to decrease symptoms of physical and emotional distress. One study concluded that after only one hour of art therapy, adults of all ages 'overwhelmingly expressed comfort' and a desire to continue with the therapy. So I offer you The Greek Village colouring book. . Half of the images I have drawn, and the others I feel do a better job of the subject than I could do myself. I love to draw but these days all my time is taken by writing The Greek Village series - a positive, feel-good set of books set under warm skies. Consequently I did not feel I could bring out a drawing book without slotting a few stories in between the images, just short enough to be read in one gulp and leave you smiling, or contemplating, or both. My hope is that you become lost in the images and transported by your creations. May time slow down and I hope you find peace within these pages. Happy Colouring! Sara Alexi

**A Druid's Herbal for the Sacred Earth Year** Magic Painting Books

Explore your inner goddess and discover peace and power through coloring with this goddess and mythology inspired

coloring book by Selina Fenech. This coloring book features 25 goddesses, gods, and female characters from many world mythologies, ready to be brought to life with color! This book includes TWO full sets of the 25 artworks, for a total of 50 pages to color in. Page size is 8.5x11inches, letter size. Images on one side only for easy removal and display. Images are framed within the page, not full bleed. These intricate designs are suitable for adults and experienced colorists. Parental discretion advised for younger artists as some artworks contain artistic/concealed nudity and sensual goddess imagery. Goddesses from all over the world, including Antheia, Aphrodite, Arianrhod, Athena, Blodeuwedd, Cerridwen, Coventina, Diana, Echo, Fidelma, Gaia, Guanyin, Horned God and Goddess, Ishtar, Isis, Lady of the Lake, Morrigan Triple Goddess, Nuwa, Oshun, Rhiannon, Selene, Shiva and Parvati, Tempestas, Valkyrie, Wiccan god and goddess. From the Artist: As an artist, color is a thing of magic in my life. Color creates shapes, forms, and feelings in the artworks I paint. Laying color onto a blank page is when I feel closest to true magic, when I feel happiest and most relaxed, and it's through what I create that I share my love of magic with the world. Through my coloring books I want to share that same magic with you. The artworks in my books are based on my completed paintings, which I have painted over the last ten years as a professional artist. I have created the coloring designs to be intricate and detailed but still fun and accessible. There is something for lovers of meditative detail while simple enough to not be overwhelming for younger colorists. When designing my books I decided to print them with two copies of each design, because I know as an artist there are always so many possibilities! I wanted to give everybody the

chance of a do-over with every design, because I also know mistakes can happen, and even the fear of mistakes can hamper creativity. I want you to be able to create without fear! Try a different medium, or a different color scheme. The double pages are also a chance to share the magic with a friend, child, parent, sibling. Because sharing your creativity and joy of color is the best magic of all.

#### Sophie's World Dover Publications

Hold your breath fantastical creature lovers, and try to stay calm coloring book fans because here comes a Monster Collection of All Coloring Books! "Naturally Monstrous and Magical Creatures" Is a series of coloring books filled with 'natural' monsters and/or magical creatures from around the world. Thirty dynamic portraits of female deities range from the well-

known Greek and Roman goddesses to legendary figures from Celtic, Norse, Egyptian, African, Native American, Asian, and other cultures. Brief captions.

*Coloring Europe: Vive la France* Magic Painting Books

For the ancient Druids, the healing and magical properties of herbs were inseparable from the larger cycles of the seasons, the movements of the planets, and the progression of a human life. A Druid's Herbal shows the reader how to use herbs when creating rituals to celebrate festivals and significant life passages such as births, house blessings, weddings, funerals, and naming ceremonies. Drawing on extensive research and a deep personal experience with Pagan traditions, Ellen Evert Hopman explores the history and folklore surrounding the eight major Celtic festivals: Samhain, Winter Solstice, Imbolc, Spring Equinox, Beltaine, Summer Solstice, Lughnasadh, and Fall Equinox. Included in each discussion are complete instructions on the medicinal and magical uses of the herbs associated with each celebration. Using these Celtic traditions as examples, the author suggests ways to incorporate the symbolic and magical power of herbs into personal rituals that honor all phases of life from childbirth to last rites. Also included are chapters on how to prepare herbal tinctures, salves, and poultices; herbs used by the Druids; herbal alchemy and the planets; and the relationships between herbs and sacred places. Filled with practical information and imaginative suggestions for using herbs for healing, ceremony, and magic, this book is an indispensable and comprehensive guide to age-old herbal practices.

*The Moral World of James Macmillan*

The 'creation myths' of modern witchcraft and Paganism were

decisively toppled at the turn of this century in Ronald Hutton's celebrated book, *Triumph of the Moon*. But did Hutton topple more than just myths? Are some truths also hidden in the rubble? Did paganism really die out centuries ago? Was witchcraft really no more than a fantasy? Were the Gods of Wicca really born out of the Romantic movement? Did Gerald Gardner lie about his initiation into witchcraft? Ben Whitmore has retraced many of Hutton's steps, critically evaluating the evidence, and he now suggests that the truth may be quite different and even more fascinating. Drawing on a wealth of scholarly material, Whitmore demonstrates that the field of Pagan history is anything but barren ground - it is rich and fertile, and we have barely begun to cultivate it.

*Naturally Monstrous and Magical Creatures of Eastern Europe*

John Wiley & Sons

"I doubt I would have grown up to be the writer and artist I became had I not fallen in love with D'Aulaire's *Book of Greek Myths* at the age of seven."—R. J. Palacio, author of *Wonder Kids* can lose themselves in a world of myth and magic while learning important cultural history in this beloved classic collection of Greek mythology. Now updated with a new cover and an afterword featuring never-before-published drawings from the sketchbook of Ingri and Edgar D'Aulaire, plus an essay about their life and work and photos from the family archive. In print for over fifty years, D'Aulaires *Book of Greek Myths* has introduced generations to Greek mythology—and continues to enthrall young readers. Here are the greats of ancient Greece—gods and goddesses, heroes and monsters—as freshly described in words and pictures as if they were alive today. No other volume of

Greek mythology has inspired as many young readers as this timeless classic. Both adults and children alike will find this book a treasure for years to come.

**Coloring Book and Poster Collection** Doubleday Books for Young Readers

Romanticism was always culturally diverse. Though English-language anthologies have previously tended to see Romanticism as predominantly British, the term itself actually originated in Germany, where it became the banner of a Europe-wide movement involving the profound intellectual and aesthetic changes which we now associate with modernity. This anthology is the first to place British Romanticism within a comprehensive and multi-lingual European context, showing how ideas and writers interconnected across national and linguistic boundaries. By reprinting everything in the original languages, together with an English translation of all non-English material in parallel on the opposite page, it offers a new intellectual map of Romanticism. Material is thematically arranged as follows: - Art & Aesthetics - The Self - History - Language - Hermeneutics & Theology - Nature - The Exotic - Science While focusing on European texts, the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon, influencing a surprising number of the ways in which the modern world sees itself.
