The 19th-Century French Short Story, by eminent scholar, Allan H. Pasco, seeks to offer a more comprehensive view of the definition, capabilities, and aims of short stories. The book examines general instances of the genre specifically in 19th-century France by recognizing their cultural context, demonstrating how close analysis of texts effectively communicates their artistry, and arguing for a distinction between middling and great short stories. Where previous studies have examined the writers of

short stories individually, *The 19th-Century French Short Story* takes a broader lens to the subject, and looks at short story writers as they grapple with the artistic, ethical, and social concerns of their day. Making use of French short story masterpieces, with reinforcing comparisons to works from other traditions, this book offers the possibility of a more adequate appreciation of the under-valued short story genre.

Each year in France approximately 1.5 million people practice naturisme or "naturism," an activity more commonly referred to as "nudism." Because of France's unique tolerance for public nudity, the country also hosts hundreds of thousands of nudists from other European nations, an influx that has contributed to the most extensive infrastructure for nude tourism in the world. In *Au Naturel*, historian Stephen L. Harp explores how the evolution of European tourism encouraged public nudity in France, connecting this cultural shift with important changes in both individual behaviors and collective understandings of the body, morality, and sexuality. Harp's study, the first in-depth historical analysis of nudism in

France, challenges widespread assumptions that "sexual liberation" freed people from "repression," a process ostensibly reflected in the growing number of people practicing public nudity. Instead, he contends, naturism gained social acceptance because of the bodily control required to participate in it. New social codes emerged governing appropriate nudist behavior, including where one might look, how to avoid sexual excitation, what to wear when cold, and whether even the most modest displays of affection -- including hand-holding and pecks on the cheek -- were permissible between couples. Beginning his study in 1927 -- when naturist doctors first advocated nudism in France as part of "air, water, and sun cures" -- Harp focuses on the country's three earliest and largest nudist centers: the Île du Levant in the Var, Montalivet in the Gironde, and the Cap d'Agde in Hérault. These places emerged as thriving tourist destinations, Harp shows, because the municipalities -- by paradoxically reinterpreting inde-cency as a way to foster European tourism to France -- worked to make public nudity more acceptable. Using the French naturist movement as a lens for examining the evolving notions of the body and sexuality in twentieth-century Europe, Harp reveals how local practices served as agents of national change.

Karen Lord's debut novel, which won the prestigious Frank Collymore Literary Prize in Barbados, is an intricately woven tale of adventure, magic, and the power of the human spirit. Paama's husband is a fool and a glutton. Bad enough that he followed her to her parents' home in the village of Makende, now he's disgraced himself by murdering livestock and stealing corn. When Paama leaves him for good, she attracts the attention of the undying ones - the djombi - who present her with a gift; the Chaos Stick, which allows her to manipulate the subtle forces of the world. Unfortunately, a wrathful djombi with indigo skin believes this power should be his and his alone. Bursting with humor and rich in fantastic detail, *Redemption in Indigo* is a clever, contemporary fairy tale that introduces readers to a dynamic new voice in Caribbean literature. Lord's world of spider tricksters and indigo immortals, inspired in part by a Senegalese folk tale, will feel instantly familiar - but Paama's adventures are fresh, surprising, and utterly original.

A literary treasure: the recently discovered letters that chronicle the passionate affair of a young woman in Paris in 1928 While helping a friend clear out an old apartment in Paris, diplomat Jean-Yves Berthault came upon a leather portfolio that contained a collection of handwritten letters. After reading the first one, Berthault realized that he had stumbled upon an extraordinary correspondence—a charged and passionate epistolary love affair that brought to mind the French classics *The Story of O*, *Justine*, and *Delta of Venus*. He began to piece together clues. The letters were from Simone, a well-to-do, unmarried Parisian woman, to her younger, married lover, Charles. Written between 1928 and 1930, they tell the story of an illicit love affair that sparked a sexual awakening for both lovers. As the affair intensifies, Simone becomes obsessed with Charles, even as he

begins to grow more distant. As her hunger deepens, she pushes him beyond all boundaries into dangerous and forbidden realms, in an effort to keep him enthralled. With each broken taboo, Charles submits—until their last fateful encounter. *The Passion of Mademoiselle S.* is a tour de force. In language that is by turns elegant, impassioned, and surprisingly graphic, these love letters are a portrait of a sexual and psychological obsession. Berthault's notes on the period add dimension and context to the correspondence. But it is the voice of Simone—that of a sensual, vulnerable, and curiously modern woman—that comes through most vibrantly and echoes down the centuries. Praise for *The Passion of Mademoiselle S.* "The steamiest . . . text ever."—*Le Parisien*
