*A Pronouncing Dictionary of the Spanish and English Languages ... Upon the Basis of Seoane's Edition of Neuman and Baretti ...*  
JHU Press

This book focuses on the voices and experiences of non-traditional students in European higher education. It examines the impact that access to higher education is having on these students' lives and discusses what this tells us about European education and society. In particular, it explores the multi-dimensional nature of inequality in varied national contexts focusing on the issues of class, gender, ethnicity, age and disability. The book contributes to the on-going debate about the changing nature of European higher education and argues that research based on the experiences of non-traditional students can be used to improve policy and practice in tertiary education. Drawing on biographical narrative interviews with 'non-

traditional' students, the book covers topics including: • the contemporary nature of inequality and how the various forms of inequality intersect and overlap in higher education and society • the formation and transformation of learner identities • the structural barriers faced by non-traditional students • the sources of student resilience and agency • a comparison of patterns of inequality, access and retention in various European countries • the implications of these findings for practice and policies. Student Voices on Inequalities in Higher Education will appeal to academics, researchers, policy-makers and practitioners working in higher education institutions as well as people working in the field of widening participation, adult education, access and centres for teaching and learning. It will also be of interest to postgraduate students in higher education.

Why did trade with the United States prolong Spanish colonial rule during the Venezuelan independence struggles? From 1790 to 1815, much of the Atlantic World was roiled by European

imperial wars. While the citizens of the United States profited from the waste of blood and treasure, Spanish American colonists struggled to preserve their prosperity on an imperial periphery. Along the Caribbean coast of South America, colonial elites and officials fought to secure Venezuela from threats of foreign invasion, slave rebellion, and revolution. For these elites, trading with the United States and other neutral nations was not a way to subvert colonial rule but to safeguard the prosperity and happiness of loyal subjects of the Spanish Crown. Food insecurity, deprivation, and political uncertainty left Venezuela vulnerable to revolution, however. In *Sustaining Empire*, Edward P. Pompeian lets readers see liberal free trade just as colonial Venezuelans did. From the vantage point of the slave-holding elite to which revolutionary figures like Simón Bolívar belonged, neutral commerce was a valuable and effectual way to conserve the colonial status quo. But after Spain's crisis of sovereignty in 1808, it proved an impediment to Venezuelan independence. Analyzing the diplomatic and economic linkages between the new US republic and revolutionary Latin American governments, Pompeian reminds us that the United States did not, and does not, exist in a vacuum, and that the historic relationships between nations mattered then and matters now. Examining an overlooked region, Pompeian offers a novel interpretation of early United States relations with Latin America, showing how US merchants executed government contracts and established flour, tobacco, and slave trading monopolies that facilitated the maintenance of colonial rule and the Spanish Empire. Trading with the United States, Pompeian argues, kept both colony and empire under a tenuous hold despite revolutionary

circumstances. A fascinating revisionist history, *Sustaining Empire* challenges long-standing assertions that this commerce served primarily as a vector for the one-way transmission of revolutionary, liberal ideas from the North to South Atlantic.

**The Future of Spanish in the United States** Scarecrow Press

Focusing on the processes of political socialisation and democratisation that took place in Spain during the nineteenth and twentieth centuries, this book brings together specialists who propose the need to rethink the contemporary history of democracy in Spain to build a new narrative. To do so, the authors go down to the local level, where they are able to trace a political culture that forged the foundations of a process of political "modernization" much more complex than what conventional historiography has conveyed, even though it was not always transferred institutionally to the national level. The idea of a rural Spain that was backward, apolitical, violent and unprepared for democracy gives way to a more interesting history which, while recognising the peculiarities of the country and the important limitations to democracy, shows examples that could help build a new narrative closer those of other neighbouring countries. Aimed at contemporary historians interested in Spain and Europe, the book also addresses the debates faced by other social scientists on the concept of democracy. This dialogue between history, sociology and political science is particularly present in a special final chapter featuring a discussion of democracy and its application to Spanish history.

This book examines why centralism failed during the Age of

Santa Ana in Mexico, and how federalism came to be abandoned.  
*Neuman and Baretti's Dictionary of the Spanish and English Languages* Mia Sheridan

Choice Outstanding Academic Title "State-of-the-art yet accessible analyses that significantly expand understanding of the role of anarchism in Latin America. . . . Will long be a standard text that provides [an] important reference for scholars and students of labor and social movement history."--Choice "A vivid picture of the transnational nature of the anarcho-syndicalist/anarchist movement."--Anarcho-Syndicalist Review "A pioneering collection of essays on the world of anarchists, anarcho-syndicalists and libertarian thinkers in Latin America."--Barry Carr, coeditor of *The New Latin American Left: Cracks in the Empire* "An important contribution to a recent trend which sees anarchism not as derived from a European center but as a genuine Latin American phenomenon."--Bert Altena, coeditor of *Reassessing the Transnational Turn: Scales of Analysis in Anarchist and Syndicalist Studies* "Thoughtful, well-researched, and well-written. As a collection, this goes a long way to furthering our understanding not just of anarchism in Latin America, but of anarchism more generally."--Mark Leier, author of *Bakunin: The Creative Passion*. In this groundbreaking collection of essays, anarchism in Latin America becomes much more than a prelude to populist and socialist movements. The contributors illustrate a much more vast, differentiated, and active anarchist presence in the region that evolved on simultaneous--transnational, national, regional, and local--fronts. Representing a new wave of transnational scholarship, these essays examine urban and rural movements, indigenous resistance, race, gender,

sexuality, and social and educational experimentation. They offer a variety of perspectives on anarchism's role in shaping ideas about nationalism, identity, organized labor, and counterculture across a wide swath of Latin America.

The Facts On File Companion to World Poetry : 1900 to the Present is a comprehensive introduction to 20th and 21st-century world poets and their most famous, most distinctive, and most influential poems.

*La Voz* Parlor Press LLC

The religion question—the place of the Church in a Catholic country after an anticlerical revolution—profoundly shaped the process of state formation in Mexico. From the end of the Cristero War in 1929 until Manuel Ávila Camacho assumed the presidency in late 1940 and declared his faith, Mexico's unresolved religious conflict roiled regional politics, impeded federal schooling, undermined agrarian reform, and flared into sporadic violence, ultimately frustrating the secular vision shared by Plutarco Elías Calles and Lázaro Cárdenas. Ben Fallaw argues that previous scholarship has not appreciated the pervasive influence of Catholics and Catholicism on postrevolutionary state formation. By delving into the history of four understudied Mexican states, he is able to show that religion swayed regional politics not just in states such as Guanajuato, in Mexico's central-west "Rosary Belt," but even in those considered much less observant, including Campeche, Guerrero, and Hidalgo. *Religion and State Formation in Postrevolutionary Mexico* reshapes our understanding of agrarian reform, federal schooling,

revolutionary anticlericalism, elections, the Segunda (a second Cristero War in the 1930s), and indigenism, the Revolution's valorization of the Mesoamerican past as the font of national identity.

Archer's Voice Wayne State University Press

Lydia De Havilland is shocked when Brogan Ramsay suddenly reappears in her life. Several years before, Brogan was the son of her family's gardener, and the boy she hurt and betrayed. But Brogan is no longer the quiet, sensitive boy she remembers. Now he's a man—gorgeous, powerful . . . and seeking vengeance. Brogan Ramsay can't let go of the memory of Lydia tricking him cruelly, leaving his heart shattered and his family penniless. And now he's back to destroy her family the way his was destroyed. There's only one problem . . . the girl who wounded him so badly years ago is now a woman who still has the power to render him breathless. Ramsay is the story of betrayal and wrath, of the strength of regret and the power of forgiveness. It is the story of the thin veil between love and hate, and how more often than not, when we seek to inflict pain on others, the heart we wound is our own. THIS IS A STAND-ALONE SIGN OF LOVE NOVEL, INSPIRED BY ARIES. New Adult Contemporary Romance: Due to strong language and sexual content, this book is not intended for readers under the age of 18.

In Defiance of Boundaries Editorial Verbo Divino

From the New York Times bestselling author of *Archer's Voice* comes an "uplifting story of two broken souls" (Corinne Michaels) in this "exquisite, beautifully written romance" (Samantha Young). A broken woman . . . Crystal learned long ago that love brings only pain. Feeling nothing at all is far better than being

hurt again. She guards her wounded heart behind a hard exterior and carries within her a deep mistrust of men, who, in her experience, have only ever used and taken. A man in need of help . . . Then Gabriel Dalton walks into her life. Despite the terrible darkness of his past, there's an undeniable goodness in him. And even though she knows the cost, Crystal finds herself drawn to Gabriel. His quiet strength is wearing down her defenses and his gentle patience is causing her to question everything she thought she knew. Only love can mend a shattered heart . . . Crystal and Gabriel never imagined that the world, which had stolen everything from them, would bring them a deep love like this. Except fate will only take them so far, and now the choice is theirs: Harden their hearts once again or find the courage to shed their painful pasts.

Sustaining Empire Fundación Telefónica

Who Should Rule? traces the ambitious imperial reform that empowered new and competing political actors in an era of intense imperial competition, war, and the breakdown of the Spanish empire. Mónica Ricketts examines the rise of men of letters and military officers in two central areas of the Spanish world: the viceroyalty of Peru and Spain. This was a disruptive, dynamic, and long process of common imperial origins. In 1700, two dynastic lines, the Spanish Habsburgs and the French Bourbons, disputed the succession to the Spanish throne. After more than a decade of war, the latter prevailed. Suspicious of the old Spanish court circles, the new Bourbon Crown sought meritorious subjects for its ministries, men of letters and military officers of good training among the provincial elites. Writers and lawyers were to produce new legislation to radically transform

the Spanish world. They would reform the educational system and propagate useful knowledge. Military officers would defend the monarchy in this new era of imperial competition. Additionally, they would govern. From the start, the rise of these political actors in the Spanish world was an uneven process. Military officers became a new and somewhat solid corps. In contrast, the rise of men of letters confronted constant opposition. Rooted elites in both Spain and Peru resisted any attempts at curtailing their power and prerogatives and undermined the reform of education and traditions. As a consequence, men of letters found limited spaces in which to exercise their new authority, but they aimed for more. A succession of wars and insurgencies in America fueled the struggles for power between these two groups, paving the way for decades of unrest. Emphasizing the continuities and connections between the Spanish worlds on both sides of the Atlantic, this work offers new perspectives on the breakdown of the empire, the rise of modern politics in Spanish America, and the transition to Peruvian independence.

A New Dictionary of the Spanish and English Languages Forever U.S. leadership will be a strong factor in the persistence of Spanish in its midst as a living language will be a powerful factor in the strengthening of the language on the international stage. In this volume, a number of specialists, all professors of Latino origins currently working in U.S. universities, analyze a variety of factors, from different perspectives, that play a role in the present and future vitality of Spanish as a second language in the U.S. The result is a rich and complex work surrounding a crucial issue that will influence the future of Spanish as an international

language.

With a focus both historical and literary, Enrique Anderson-Imbert surveys the literature of Hispanic America. His study is not merely an historical synthesis of names, titles, and dates; it is, rather, a critical analytical appraisal of the verse, prose, and drama written in Spanish in the Americas in the contemporary period.

*Ramsay University of Wales Press*

El estudio del peso de la religión y más específicamente de la Biblia en los contenidos de la polémica de los sexos constituye un importante filón de análisis escasamente abordado por la historiografía dedicada a la Querella de las mujeres. Este importante hilo temático tampoco ha sido abordado en su amplitud desde la tradición de los estudios bíblicos y la teología feminista. El corpus de escritos que aquí se presenta asienta importantes bases de estudio sobre las temáticas, los argumentos, los contextos y las distintas constelaciones socioculturales que ofreció la materia bíblica en el debate sobre los sexos y la condición femenina. Nos constatan el peso de los relatos fundamentales de la creación y de la redención humana en la Querella, y también los diversos usos y apelaciones que se hicieron de las diversas figuras y citas bíblicas. El activismo de las mujeres en la elaboración de respuestas está fuera de dudas. Ahora su recuperación para la historia del pensamiento universal nos ofrece nuevas herramientas de profundización.

Genre studies and genre approaches to literacy instruction continue to develop in many regions and from a widening variety of approaches. Genre has provided a key to understanding the varying literacy cultures of regions, disciplines, professions, and educational settings. *GENRE IN A CHANGING WORLD* provides a wide-ranging sampler of the remarkable variety of current work. The twenty-four chapters in this volume, reflecting the work of scholars in Europe, Australasia, and North and South America, were selected from the over 400 presentations at SIGET IV (the Fourth International Symposium on Genre Studies) held on the campus of UNISUL in Tubarão, Santa Catarina, Brazil in August 2007—the largest gathering on genre to that date. The chapters also represent a wide variety of approaches, including rhetoric, Systemic Functional Linguistics, media and critical cultural studies, sociology, phenomenology, enunciation theory, the Geneva school of educational sequences, cognitive psychology, relevance theory, sociocultural psychology, activity theory, Gestalt psychology, and schema theory. Sections are devoted to theoretical issues, studies of genres in the professions, studies of genre and media, teaching and learning genre, and writing across the curriculum. The broad selection of material in this volume displays the full range of contemporary genre studies and sets the ground for a next generation of work.

Oxford University Press

From New York Times bestselling author Mia Sheridan comes an

emotional, slow burn romance about a woman desperate to hide and the man who sees through her walls, perfect for fans of Colleen Hoover and Lucy Score. I wanted to lose myself in the small town of Pelion, Maine. To forget everything I had left behind. The sound of rain. The blood. The coldness of a gun against my skin. For six months, each breath has been a reminder that I survived--and my dad didn't. I'm almost safe again. But the moment I meet Archer Hale, my entire world tilts on its axis . . . and never rights itself again. Until I trespass into his strange, silent, and isolated world, Archer communicates with no one. Yet in his whiskey-colored eyes, something intangible happens between us. There's so much more to him than just his beauty, his presence, or the ways his hands communicate with me. On me. But this town is mired in secrets and betrayals, and Archer is the explosive center of it all. So much passion. And so much hurt. But it's only in Archer's silence that we might just find what we need to heal . . . and live. Includes an exclusive extended epilogue from Archer's POV! A Goodread's "Top Romance Novel of All Time" A New York Times, USA Today, and Wall Street Journal bestseller

Religion and State Formation in Postrevolutionary Mexico Taylor & Francis

This is the first monograph on the performance and reception of sixteenth- and seventeenth- century national drama in contemporary Spain, which attempts to remedy the traditional absence of performance-based approaches in Golden Age studies. The book contextualises the socio-historical background to the modern-day performance of the country's three major Spanish baroque playwrights (Calderón de la Barca, Lope de Vega

and Tirso de Molina), whilst also providing detailed aesthetic analyses of individual stage and screen adaptations.
