This celebrated Kaula Stotra, which is now translated from the Sanskrit for the first time, is attributed to Mahākāla Himself. The Text used is that of the edition published at Calcutta in 1899 by the Sanskrit Press Depository, with a commentary in Sanskrit by the late

Mahāmahopādhyāya Kṛṣṇanātha Nyāya-  
pañcānana, who was both very learned in Tantra-Śāstra and faithful to his Dharma. He thus refused the offer of a good Government Post made to him personally by a former Lieutenant-Governor on the ground that he would not accept money for imparting knowledge. Some variants in reading are supplied by this commentator. I am indebted to him for the Notes, or substance of the notes, marked K. B. To these I have added others, both in English and Sanskrit explaining matters and allusions familiar doubtless to those for whom the original was designed, but not so to the English or even ordinary Indian reader. I have also referred to the edition

of the Stotra published by Gaṇeśa-Candra-Ghoṣa at Calcutta in 1891, with a translation in Bengali by Gurunātha Vidyānidhi, and commentary by Durgārāma-Siddhāntavāgīśa Bhattācārya. I publish for the first time Vimalānanda-Svāmī's Commentary to which I again refer later. When in this Introduction or in the Commentary I have not mentioned these two works my authorities are the Tantras or Tāntrik works which I cite, or the information I have gathered from those whom I have consulted. One of the chief features of this Stotra is that it gives the mantroddhāra of the Dakshina-Kālikā. It not only gives us the Dhyāna, Yantra, Sādhana and Svarūpa-varnanā of the Mahādevī, but it also contains the chief Mantras of Dakṣiṇakālikā. The adjective "Tava manu-samuddharaṇajanu" qualifying "idam stotram" in Śloka 21 expressly states this fact. Among the various Mantras of Dakṣiṇā Kālikā the greatest is the "Vidyā-rājñī" consisting of 22 syllables (Dvāvimsākṣarī). This mantra gives the fullest and the truest symbol of the Svarūpa of Her. This mantra is contained in the first five Ślokas. So the first five Ślokas give us altogether 22

akṣaras i.e. the full Vidyārājñī. In Vimalānanda-Svāmī's Tīkā of the 5th Śloka in the revised Sanskrit text he has proved by quotations from the 9th pataḷa of Śāktānanda-taraṅgiṇī that this 22-syllabled mantra is the full and true representation of the Svarūpa of the Mahādevī.

The school of Vedānta designated as Viśiṣṭadvaita was expounded by Sri Rāmanuja in the classic Sri-Bhāṣya, which were developed by Sri Vedānta Deśika in his two philosophical treatises titled Tattva-mukta-kalapa and Adhikāraṇa-saravali. This scholarly work of Dr. S.M.S. Chari deals with the Adhikāraṇa saravali. The variety of theories related to Vedānta which are discussed in the 156 Adhikāraṇas of the Vedānta-sūtras are consolidated and presented in a sequential order under five major headings: the doctrine of Brahman, the doctrine of universe and Brahman, the doctrine of sadhana and the doctrine of Paramapurusaṛtha. In the concluding chapter on General Evaluation, Dr. Chari discusses dispassionately the differing views of Saṃkara, Rāmanuja and Madhva

on the fundamental controversial theories of Vedānta. This volume along with the author's other books on Vedānta would be invaluable for a fuller understanding of Viśiṣṭadvaita in all its aspects.

In June 1976, Bhavan's Journal, a Bombay cultural and religious magazine, sent various religious and spiritual leaders a questionnaire looking for enlightened answers to some of the perplexing questions of the day, such as the place of religion in modern society. One recipient of their questionnaire was Srila Prabhupada, who took the opportunity to make a thorough presentation of the ideal Vedic civilization, show the faults of modern society from the viewpoint of transcendence, and offer practical solutions based on Krishna conscious teachings. His answers to the questionnaire were later compiled and published in this compact and lively book.

Every mind is unique and extraordinary, Its abilities and possibilities are infinite

and unimaginable. However, its blossoming depends on its will - Sankalpa. We can 'will' ourselves to enlightened heights or plunge ourselves into ignoble darkness. Shiva-Sankalpa Suktam is a praise of this extraordinary mind and a prayer for divinising its thoughts - Shiva Sankalpam astu. Swami Tejomayananda's commentary explores its beauty and depth and concludes on a sweet note of surrendering the mind to the will of Shiva-Sivasya sankalpam astu.

A collection of true events, *Song of the Free* illustrates beautifully the life of Dattatreya, a monk, a syncretic deity, who is considered to be an incarnation of Trimurti, blessed with the qualities of Brahma, Vishnu and Mahesh. An avatar and a wandering ascetic, Dattatreya's life stressed on the importance of learning. He taught us to recognise wisdom from even the smallest creature of nature, like the honey bee. The book gathers the profound cognisance of Dattatreya. The 24 gurus, as accepted by him, are individually

described, each forming a chapter. The guru is a source of divinity and the true guru guides us to attain our divine attributes. The book portrays the supreme consciousness of Dattatreya as he acknowledged the true guru found in nature-animals, birds and humans. He emphasised that if you have the desire to learn you can derive inspiration from anything. Moreover, his teachings inspire us to be in harmony with nature and other elements of the environment. *Song of the Free* acts as a true guru who will lead you to wisdom, allowing you to thrive on your own. Influenced by spirituality and philosophy, the book is a guide to learning-learning to live and live with wisdom.

This book presents the multi-faceted Hindu deity Dattatreya from his Puranic emergence up to modern times. Dattatreya's Brahmanical portrayal, as well as his even more archaic characterization as a Tantric antinomian figure, combines both Vaisnava Saiva motifs. Over the course of time,

Dattatreya has come to embody the roles of the immortal guru, yogin and avatara in a paradigmatic manner. From the sixteenth century Dattatreya's glorious characterization emerged as the incarnation of the trimurti of Brahma, Visnu, and Siva. Although Maharashtra is the heartland of Dattatreya devotion, his presence is attested to throughout India and extends beyond the boundaries of Hinduism, being met with in Sufi circles and even in Buddhism and Jainism via Nathism. The scarce attention which most Western scholars of Indian religions have paid to this deity contrasts with its ubiquitousness and social permeability. Devotion to Dattatreya cuts through all social and religious strata of Indian society: among his adepts we find yogis, Brahmans, faqirs, Devi worshippers, untouchables, thieves, and prostitutes. This book explores all primary religious dimensions: myth, doctrine, ritual, philosophy, mysticism, and iconography. The comprehensive result offers a rich fresco of Hindu religion as well as an understanding of Marathi integrative spirituality: precisely this complexity of themes constitutes Dattatreya's

uniqueness.

Three Views on the New Testament Use of the Old Testament Tattva Cintāmaṇi Publishing

The book is a survey of the rise and downfall of India with specific reference to the effect of political and social conditions on its educational system. The course of the low percentage of educated population today can be traced in the neglect of education by fanatic Muslim rulers and wrong policy of education wilfully adopted by Britishers.

**Mukunda-mālā-stotra** Association of Grandparents of Indian Immigrants  
Three approaches to questions about the theological connection between the Old and New Testaments. The relationship between the Testaments is not as simple and straightforward as it sometimes appears. When New Testament authors appeal to Old Testament texts to support their arguments, what is the relationship between their meanings and what was originally intended by their Old Testament forebears? Leading biblical scholars Walter Kaiser, Darrel Bock, and Peter Enns present their answers to questions about the use of the Old Testament in the New

Testament, addressing elements such as: Divine and human authorial intent. Context of passages. Historical and cultural considerations. The theological grounds for different interpretive methods. Each author applies his framework to specific texts so that readers can see how their methods work out in practice. Each contributor also receives a thorough critique from the other two authors. Three Views on the New Testament Use of Old Testament gives readers the tools they need to develop their own views on the meaning, contexts, and goals behind the New Testament citations of the Old. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

The Hanuman Chalisa authored by Goswami Tulsidas is one of the most popular Hindu devotional hymns. The 'Mahaviri' Hindi commentary (1984) by

Swami Rambhadracharya has been acclaimed as the best treatise on the Hanuman Chalisa. This book presents an annotated and expanded English translation of the 'Mahaviri' commentary by Nityanand Misra. Each of the 43 verses of the 'Hanuman Chalisa' is explained in three stages. The first phase being a word-for-word translation to help the reader understand the literal meaning of each word in a verse. The second is a simple English translation of each verse. This third and final phase is an informed commentary on the true meaning of the verse, explaining the deep essence of the text with citations from authoritative Hindu scriptures (the Vedas, Upanishads, Puranas, Ramayana, Mahabharata, Gita, etc.) and other works of Goswami Tulsidas. All such citations are also translated into English. Following the commentary, Misra also provides five useful appendices for advanced readers. These include more than 120 endnotes (annotations), a detailed note on the prosody and rhythm of all the verses for chanters, the musical notation of the traditional melody of the Hanuman Chalisa for devotional singers and instrumentalists, and two alphabetical

indexes for all words and verses used in the hymn. The book is a must-have for reciters and singers of the Hanuman Chalisa who want to understand the deep essence of Tulsidas's timeless hymn to Hanuman. It targets laypersons as well as scholarly readers. The design of the book, including font sizes and line spacing, is suitable for the elderly as well. The book has reached thousands of readers across the globe and has been praised as "the most comprehensive guide to the Hanuman Chalisa available in English". It has been loved by readers for not only its scholarship and research, but also for its beautiful production, aesthetic typeface, attractive layout, and excellent footnotes and appendices.
