HOWARD GWENDOLYN

The Locker Exchange Forever
[Book 1 in the "Year of the Chick" series. There's a bit of a cliffhanger to end this book, but the sequel addresses any unanswered questions] An awkward family homecoming at Christmas. A humiliating public weigh-in, with two judging parents as the audience. The announcement of a deadline for arranged marriage doom. And that's just the first two chapters. In "Year of the Chick," Romi Narindra must find love before her parents find her a husband (a seemingly absurd concept that's the norm in many cultures). To escape her fate, Romi wades through the waters of secret-dating, where self-consciousness is at an all-time high, and experience at an all-time low. It's the sort of thing that would turn almost anyone into a man-crazy freak with romance tunnel-vision, and that's exactly what happens to her. All the while, a lack of inspiration in her corporate job leads Romi to her love of writing, in what quickly becomes a man-quest play-by-play. From whiskey-breath scum bags to uni-brow creeps and everything in between, Romi and her wingmen come up empty time after

time. And that's when she meets a fellow writer. On the Internet. So will it be arranged marriage doom, or an Internet affair that's not as creepy as "To Catch a Predator"? Time will tell in the "year of the chick," a twelve-month quest to find love. Tick-tock. -----
----- "Year of the Chick" is book 1 in a series, and the sequel "Last-Minute Love" is available now! LENGTH: 75,000 words or 288 pages DISCLAIMER: this book contains profanities, blunt accounts of the dating scene, and cringe-worthy awkward family moments (free,freebie,chicklit,love,romance,romantic comedy,funny,humor,humour,long distance,multicultural,marriage,dating,relationships)

The Wallflower's Revenge Penguin
#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing,

honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.
