Russians from all walks of life joyously celebrated the end of Nicholas II's monarchy,

but one year later, amid widespread civil strife and lawlessness, a fearful citizenry stayed out of sight. Tsuyoshi Hasegawa offers a new perspective on Russia's revolutionary year through the lens of violent crime and its devastating effect on ordinary people.

Working With Words; Words to Work With was conceived as the author was preparing a presentation on motivation. As handout materials were being prepared, the author wrote copy for several motivational words. He filled both sides of a 5 ½" x 8 ½" sheet with copy. Looking at several sheets as they were lying together, he

thought an assembly of many sheets would make an interesting book. The reader can pick up the book, and read two pages, or as many as he or she wishes. Each two page article will be complete in itself, There are many occasions when a reader has only a few minutes to relax through reading; for example, on the subway, in the bathroom, or at lunch. The words chosen for this book are work-related, and in most cases they are inspirational words. [Eliot's Dark Angel](#)

This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love, carols and songs, and rhymes of everyday life. The

Middle English lyrics and short poems form a varied group that ranges over most aspects of life to include lyrics of religious and secular love, carols and songs, and mundane rhymes of everyday life. Thus there are expressions of devotion, ethereal or earthly, theological expositions, and knowledge needed for life. The poems are disparate and generally anonymous, and their survival owes much to chance. The bibliography assembles neutral annotation of collections and criticism of the works, arranged chronologically to show the course of criticism and the growing appreciation of these poems and all they can tell us. The introduction considers

these matters, problems of definition of the genre, and the isolable lyrics, and seeks to reconcile some first impressions of the poems, as disparate and slight, with the rewards of close study.

Provides a cultural and historical context for medieval popular drama. In *Drama and Resistance*, Claire Sponsler explores the intertwined histories of bodily subjectivity, commodity culture, and theatricality in late

medieval England. In a fascinating consideration of popular drama in the period from 1350 to 1520, she argues that many types of performances during this time represented cultural evasions of the imposition of disciplinary power. The medieval theater was a social site where resistance, masked from the full scrutiny of authority by theatricality, was practiced, articulated, and enacted. Sponsler examines three key discourses of authoritarian bodily and commodity control -- clothing laws, conduct literature, and Books of Hours -- and pairs them with three kinds of theatrical performances that enact resistance to disciplining codes --

Robin Hood performances, morality plays, and Corpus Christi pageants. She considers the contradictions and inconsistencies in the repressive official discourses and analyzes the ways in which the staging of forbidden acts like cross-dressing, social and sexual misbehavior, and violence against the body challenged these discourses. Drawing on recent social theory, *Drama and Resistance* is an important contribution to medieval studies and the history of theater. This book offers a global exploration of current theory and practice in the teaching of stylistics and the implementation of stylistic techniques in teaching other subjects. Pedagogical stylistics is a field that looks at employing stylistic analysis in teaching, with the aim of enabling students to better understand

literature, language and also improving their language acquisition. It is also concerned with the best practice in teaching stylistics. The book discusses a broad range of interrelated topics including hypertext, English as a Foreign Language, English as a Second Language, poetry, creative writing, and metaphor. Leading experts offer focused, empirical studies on specific developments, providing in-depth examinations of both theoretical and practical teaching methods. This interdisciplinary approach covers linguistics and literature from the perspective of current pedagogical methodology, moving from general tertiary

education to more specific EFL and ESL teaching. The role of stylistics in language acquisition is currently underexplored. This contemporary collection provides academics and practitioners with the most up to date trends in pedagogical stylistics and delivers analyses of a diverse range of teaching methods.

Schuchard's critical study draws upon previously unpublished and uncollected materials in showing how Eliot's personal voice works through the sordid, the bawdy, the blasphemous, and the horrific to create a unique moral world

and the only theory of moral criticism in English literature. The book also erodes conventional attitudes toward Eliot's intellectual and spiritual development, showing how early and consistently his classical and religious sensibility manifests itself in his poetry and criticism. The book examines his reading, his teaching, his bawdy poems, and his life-long attraction to music halls and other modes of popular culture to show the complex relation between intellectual biography and art.

 First published in 1982,
 The Truth of Poetry
 attempts to answer a
 seemingly simple
 question: What kind of
 truth does poetry offer
 in modern times?
 Michael Hamburger's
 answer to this question
 ranges over the last
 century of European
 and American poetry,
 and the result is a

phenomenology of modern poetry rather than a history of appreciations of individual poets. Stressing the tensions and conflicts in and behind the work of every major poet of the period, he considers the many different possibilities open to poets since Baudelaire. This expansive work of analysis will be of interest to students of English literature, poetry enthusiasts and literary historians.

Head Trauma: Sonnets and Other Poems is Emmy-winning writer and producer Gary David Johnson's first book of poetry. Though he has published short stories in the horror-fantasy genre, poetry remains his passion. Until recently,

however, creating the "perfect poem" seemed to be just out of his grasp. In 2005, Johnson realized that his poetic compositions were far from his former idealistic definition of the perfect poem. He wasn't even attempting to write a perfect poem; he was expounding, philosophizing, meditating, and reminiscing, but he wasn't writing what he had long ago defined as "poetry." Poetry requires discipline, and one of the definitions of discipline-in Johnson's dictionary, anyway-is the sonnet. With determination renewed, he set out to write one. After rewriting, polishing, and rewriting again, Johnson felt that he had at last found his true poetic voice.

Johnson's poetry is immortalized in *Head Trauma*. His hope for you is that you enjoy it and maybe find the inspiration to discover your own "perfect poem" somewhere along the way.

 "Meticulously maps the eddies and currents that have defined this vexing poem's vexed history of neglect, rediscovery, and canonization . . . grippingly unusual."

 Thomas Wyatt didn't publish "They Flee from Me." It was written in a notebook, maybe abroad, maybe even in prison. Today it is in countless poetry anthologies. How did it survive? That is the story Peter Murphy tells—in vivid and

compelling detail—of the accidents of fate that kept a great poem alive across five hundred turbulent years. Wyatt's poem becomes an occasion to ask and answer numerous questions about literature, culture, and history. Itself about the passage of time, it allows us to consider why anyone would write such a thing in the first place, and why anyone would care to read or remember the person who wrote it. From the deadly, fascinating circles of Henry VIII's court to the contemporary classroom, *The Long Public Life of a Short Private Poem* also introduces us to a series of worlds. We meet antiquaries, editors, publishers, anthologizers, and

critics whose own life stories beckon. And we learn how the poem came to be considered, after many centuries of neglect, a model of the “best” English has to offer and an ideal object of literary study. The result is an exploration of literature in the fine grain of the everyday and its needs: in the classroom, in society, and in the life of nations.

An acclaimed poet and our greatest champion for poetry offers an inspiring and insightful new reading of the American tradition We live in unsettled times. What is America and who are we as a people? How do we understand the dreams and betrayals that

have shaped the American experience? For poet and critic Edward Hirsch, poetry opens up new ways of answering these questions, of reconnecting with one another and with what’s best in us. In this landmark new book from Library of America, Hirsch offers deeply personal readings of forty essential American poems we thought we knew—from Anne Bradstreet’s “The Author to Her Book” and Phillis Wheatley’s “To S.M. a Young African Painter, on seeing his Works” to Garrett Hongo’s “Ancestral Graves, Kahuku” and Joy Harjo’s “Rabbit Is Up to Tricks”—exploring how these poems have sustained his own life and how they might

uplift our diverse but divided nation. "This is a personal book about American poetry," writes Hirsch, "but I hope it is more than a personal selection. I have chosen forty poems from our extensive archive and songbook that have been meaningful to me, part of my affective life, my critical consideration, but I have also tried to be cognizant of the changing playbook in American poetry, which is not fixed but fluctuating, ever in flow, to pay attention to the wider consideration, the appreciable reach of our literature. This is a book of encounters and realizations."

The Second Edition of this practical and comprehensive resource offers a multitude of ways to incorporate literature into teaching and learning across a range of disciplines. Future and practicing

teachers, librarians, instructional coaches, and school leaders can implement the ideas within this text to improve the literacy skills and knowledge of students, while also addressing standards and curricular goals of various content areas. The new edition recognizes a paradigm shift from content areas to disciplines, reflecting the specific ways reading and writing are used in different fields of study. Updated with current research and practices, the volume recommends and evaluates books in different genres and categories, with chapters on informational books; fiction; biography and memoir; poetry; and hands-on and how-to books. For every

category, Kane provides a rationale, instructional strategies, and author studies, as well as lists and descriptions of books related to curricular areas. With a wealth of activities and new BookTalks, this Second Edition is greatly revised and features expanded attention to technology, digital learning, diversity, and culture. Using this text will create opportunities for deep discussions and will stimulate students' interest and motivation to read and learn. Integrating Literature in the Disciplines helps educators identify books that fit with any subject to enhance the creative and affective dimensions of school life; encourages interdisciplinary connections; and

increases the depth and relevance of lessons. It is ideal for professional development and serves as a tool for Readers' Advisory to match books with readers throughout the school day and beyond.

On the last day of 1985, I went home to live in Bunyah, the farming valley I had left some twenty-nine years earlier. My wife and our younger children followed two days later ... at last I was going home, to care for my father in his old age and to live in the place from which I'd always felt displaced. What I didn't know was that I was heading home in order to go mad. Killing the

This practical, accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms, while also addressing content area standards and improving the literacy skills of their students. Two introductory chapters are followed

by five chapters that each cover a different genre: Chapter 3, Informational Books; Chapter 4, Fiction; Chapter 5, Biography, Autobiography, and Memoir; Chapter 6, Poetry; and Chapter 7, How-to and Hands-on Books. Each genre chapter consists of four parts: Part 1: Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills. Part 2: Offers hands-on instructional strategies and activities using literature, with activities for use in a variety of disciplines. Part 3: Presents individual author studies (three or four per chapter) with bibliographies and guidelines for using the authors' books in

content area courses. Part 4: Features an annotated bibliography of specially selected children and young adult literature for that genre, organized by content area. The annotations provide information about the book, which can be used to prepare booktalks, and teaching ideas for using in a specific content area.

Altogether these sections contain more than 600 annotated entries tabbed by subject area, including art, English/language arts, languages and culture, math and technology, music, PE/health, science, and social studies/history.

applies his decades of experience teaching the Italian Renaissance to this beautifully illustrated overview. In his introductory Note to the Reader, Bartlett first explains why he chose Jacob Burckhardt's classic narrative to guide students through the complex history of the Renaissance and then provides his own contemporary interpretation of that narrative. Over seventy color illustrations, genealogies of important Renaissance families, eight maps, a list of popes, a timeline of events, a bibliography, and an index are included.

A wonderful edition of Herbert's poetry,

edited by his acclaimed biographer John Drury and including elegant new translations of his Latin verse by Victoria Moul. George Herbert wrote, but never published, some of the very greatest English poetry, recording in an astonishing variety of forms his inner experiences of grief, recovery, hope, despair, anger, fulfilment and - above all else - love. This volume, edited by John Drury, collects Herbert's complete poetry - including such classics of English devotional poetry as 'The Altar', 'Easter-Wings' and 'Love'. It also includes the verse Herbert wrote in Latin, newly translated into English by Victoria Moul. George Herbert was born in 1593 and

died at the age of 39 in 1633, before the clouds of civil war gathered. He showed worldly ambition and seemed sure of high public office and a career at court, but then for a time 'lost himself in a humble way', devoting himself to the restoration of a church and then to his parish of Bemerton, three miles from Salisbury. When in the year of his death his friend Nicholas Ferrar published Herbert's poems under the title *The Temple*, his fame was quickly established. John Drury is Chaplain and Fellow of All Souls College, Oxford. His books include *The Burning Bush* (1990), *Painting the Word* (1999), and, most recently, *Music at Midnight*, the culmination of a

lifetime's interest in
Herbert. Victoria Moul
