Uncovered
along with
Crazy Cock in
1988 by Miller
biographer

Mary V.
Dearborn,
Moloch
emerged from
the misery of
Miller's years
at Western
Union and

from the squalor of his first marriage. Set in the rapidly changing New York City of the early twenties, its hero is the rough-and-tumble Dion Moloch, a man filled with anger and despair. Trapped in a demeaning job, oppressed by an acrimonious home life, Moloch escapes to the streets only to be assaulted by a world he despises even more — a Brooklyn transformed into a shrill

medley of ethnic sights, sounds, and smells. The antagonized Moloch strikes out blindly at everything he hates, battling against a world whose hostility threatens to overwhelm and destroy him.

"I always carry over 40,000 gold francs about with me in my belt. They weight about 40 pounds, and I am beginning to get dysentery from the load." A

collection of stories and excerpts from longer works. Sexus
HarperCollins
UK
Shocking, banned and the subject of obscenity trials, Henry Miller's first novel *Tropic of Cancer* is one of the most scandalous and influential books of the twentieth century. *Tropic of Cancer* redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life

among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, *Tropic of Cancer* continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than 60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature.

Long hailed as a truly liberating book, daring and uncompromising, *Tropic of Cancer* is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the

way American literature would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely

recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European avant-garde and the American Beat generation. The Rosy Crucifixion New Directions Publishing 'New York is an aquarium ... where there are nothing but hellbenders and lungfish and slimy, snag-toothed groupers and sharks' In 1935 Henry Miller set off from his

adopted home, Paris, to revisit his native land, America. Aller Retour New York, his exuberant, humorous missive to his friend Alfred Perlès describing the trip and his return journey on a Dutch steamer, is filled with vivid reflections on his hellraising antics, showing Miller at the height of his powers. This edition also includes Via Dieppe-Newhaven, his entertaining account of a failed attempt

to visit England. 'The greatest American writer' Bob Dylan Nexus Penguin Classics During the Great Depression, Henry Miller travels to Paris and around Europe with his wife "Mona" (June Miller), and documents his sexual exploits and relationship with his spouse. **Black Spring** Grove/Atlantic, Inc. Plexus is the second volume of the scandalous

trilogy The Rosy Crucifixion, Henry Miller's major life work Exploring one man's desperate desire for freedom, Plexus is the central volume of Henry Miller's scandalous semi-autobiographical trilogy The Rosy Crucifixion. It finds him in the midst of his stormy marriage to the volatile, duplicitous Mona, and joyfully quitting his dreary job for a hand-to-mouth

existence in Brooklyn, as he takes his first steps towards becoming a writer. *My Bike & Other Friends* Open Road Media The first book of a trilogy of novels known collectively as "The Rosy Crucifixion." It is autobiographical and tells the story of Miller's first tempestuous marriage and his relentless sexual exploits in New York. The other books are "Plexus" and "Nexus."
On Henry

Miller Grove/Atlantic, Inc. Incorporating the novels, pamphlets and letters of Henry Miller, *Killing the Buddha* argues for Miller's written work to be considered as a whole in relation to the theme of Zen Buddhism, specifically the concept of Satori (awakening). By reading Miller's literary output and letters as a spiritual journey to awakening, it is possible to chart his development

as a writer, and offer insight into his repetitive use of biographical material. Reflecting upon the influence of Otto Rank and Henri Bergson on Miller's conceptualization of the role of the writer, and then by examining his complex rejection of Surrealism, it is possible to show Miller's burgeoning Zen Buddhism as a life-long quest for acceptance and authenticity explicitly explored

within his work. With close readings of the 'Obelisk Trilogy' of the 1930s (Tropic of Cancer, Tropic of Capricorn and Black Spring) and The Rosy Crucifixion Trilogy (1949-1960), Miller's complex journey to Satori is shown as a continuous progression from his early notorious novels through to the essays and pamphlets of his later career. *The Wisdom of the Heart* Fairleigh

Dickinson University Press
In 1941, Henry Miller, the author of Tropic of Cancer, was commissioned by a Los Angeles bookseller to write an erotic novel for a dollar a page. Under the Roofs of Paris (originally published as Opus Pistorum) is that book. Here one finds Miller's characteristic candor, wit, self-mockery, and celebration of the good life. From Marcelle to Tania, to

Alexandra, to Anna, and from the Left Bank to Pigalle, Miller sweeps us up in his odyssey in search of the perfect job, the perfect woman, and the perfect experience. The Air-conditioned Nightmare Grove/Atlantic The first novel of Miller's frank, autobiographical trilogy uses dream, fantasy, and burlesque to portray the life of a struggling writer in pre-World War I New York.

Nexus (Harper Perennial Modern Classics) New Directions Publishing A cult modern classic, *Tropic of Capricorn* is as daring, frank and influential as Henry Miller's first novel, *Tropic of Cancer* A story of sexual and spiritual awakening, *Tropic of Capricorn* shocked readers when it was published in 1939. A mixture of fiction and autobiography, it is the story of Henry V.

Miller who works for the Cosmodemonic telegraph company in New York in the 1920s and tries to write the most important work of literature that was ever published. *Tropic of Capricorn* paints a dazzling picture of the life of the writer and of New York City between the wars: the skyscrapers and the sewers, the lust and the dejection, the smells and the sounds of a city that is

perpetually in motion, threatening to swallow everyone and everything. 'Literature begins and ends with the meaning of what Miller has done' Lawrence Durrell 'The only imaginative prose-writer of the slightest value who has appeared among the English-speaking races for some years past' George Orwell 'The greatest American writer' Bob Dylan Henry Miller (1891-1980) is

one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link

between the European avant-garde and the American Beat generation. [Plexus \(Harper Perennial Modern Classics\)](#) Random House Henry Miller was one of the most distinctive voices in twentieth-century literature. Better known in Europe than in his native America for most of this career, he achieved international success and celebrity during the 1960s when

his banned "Paris" books—beginning with *Tropic of Cancer*—were published here and judged by the Supreme Court not to be obscene. Until then he had toiled in relative obscurity and poverty. The *Unknown Henry Miller* recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur, California, from 1944 to 1961, during which he

wrote many of his most important books, including *The Rosy Crucifixion* trilogy, married and divorced twice, raised two children, painted watercolors, and tried to live out an aesthetic and personal credo of self-realization. Written with the cooperation of the Henry Miller, Anais Nin, and other estates, *The Unknown Henry Miller* quotes extensively from Miller's

correspondence in order to offer the reader direct experience of the author and man. It also draws on material not available to previous biographers, including interviews with Lepska Warren, Miller's third wife, and revelations from unpublished portions of Anais Nin's diaries. Behind the "bad boy" image, the author finds a man with devoted friendships, whose

challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years. He puts Miller's alleged misogyny in the context of his satire of sexual mores in general, and makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon. Skyhorse Publishing, along with our Arcade, Good

Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published

survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Sexus

HarperCollins UK
The only biography Henry Miller ever wanted was the one he himself wrote in the brash, life-affirming fictions of *The Tropic of Capricorn*, *The Tropic of Cancer*, and *The Rosy Crucifixion*. But Robert Ferguson's new biography tells a different tale; for where the novels are sexually explicit and brutally frank—woundingly so to those close to Miller—they are also the fantasies of a man escaping from his past, and from himself. Killing the Buddha Grove Press His stories and essays celebrate those rare individuals (famous and obscure) whose creative resilience and mere existence oppose the mechanization of minds and souls. Nexus Miller, Henry DIVDIVFearless, iconic poet, novelist, and feminist Erica Jong offers a fascinating in-depth appreciation of the controversial life and work of American literary giant Henry Miller/divDIV Henry Miller (*Tropic of Cancer*) and Erica Jong (*Fear of Flying*) are true literary soul mates. Both authors have been, in equal measure, lauded for their creative genius and maligned for their frank treatment of human sexuality. So who better than Erica

Jong to offer an expert appraisal and appreciation of Henry Miller, the man and his art?/divDIV At once a critical study, a biography, a memoir of a remarkable friendship, and a celebration of the life and work of the author whom Erica Jong compares to Whitman, *The Devil at Large* explores the peaks and valleys of Miller's storied writing career. It examines his tumultuous relationships—

including his doomed marriage to June Mansfield and his lifelong tenuous bond with his mother—and confirms his standing as a creative genius. /divDIV Jong, a renowned feminist, courageously answers critics who accuse her subject of degrading women in his fiction, suggesting instead that he sought to demystify them by means of the “violent verbal magic of his books.” With

grace, wit, warmth, and intelligence, Jong brings readers close to the man and his writing. There has never been a more incisive and insightful analysis of this exceptional American master./divDIV This ebook features an illustrated biography of Erica Jong including rare photos and never-before-seen documents from the author's personal collection./div DIV/div/div

Henry Miller and Religion

Penguin UK

This study argues that this previously banned author devoted his entire life to articulating a religion of self-liberation in his autobiographical books, examining his life and work within the context of fringe religious movements that were linked with the avant-garde in New York City and Paris at

the first of the 20th century.

This study shows how these transatlantic movements – including Gurdjieff, Rosicrucianism, and Theosophy – gave him the hermeneutical devices, not to mention the creative license, to interpret texts and symbols from mainline religions in an iconoclastic manner, ranging from obscure Taoist treatises to the mystical works of Jacob Boehme. The influence of numerous

philosophical sources widely circulated in his most critical years – particularly Henri Bergson's *Two Sources of Morality and Religion* (1932) – also helped him develop a religious view situated between transcendence and immanence, in which self-liberation through the channeled flow of élan vital is the chief objective. Miller's knowledge of these intellectual

currents,
along with his
involvement
with
sidestream

religious
groups,
inspired him
to meld his

religious and
literary aims
into one
perplexing
project.
