Starship Grifters (A Rex

Nihilo Adventure)

Crossway

"My favorite read this year. A hilarious space adventure. Hard book to put down." —Hugh Howey, author of *Wool*

A space-faring ne'er-do-well with more bravado than brains, Rex Nihilo plies the known universe in a tireless quest for his own personal gain. But when he fleeces a wealthy weapons dealer in a high-stakes poker game, he ends up winning a worthless planet...and owing an outstanding debt more vast than space itself! The only way for Rex to escape a lifetime of torture on the prison world Gulagatraz is to score a big payday by pulling off his biggest scam. But getting mixed up in the struggle between the tyrannical Malarchian

Empire and the plucky rebels of the Revolting Front—and trying to double-cross them both—may be his biggest mistake.

Luckily for Rex, his frustrated but faithful robot sidekick has the cyber-smarts to deal with buxom bounty hunters, pudgy princesses, overbearing overlords, and interstellar evangelists...while still keeping Rex's martini glass filled.

The English artist Eric Hebborn (1934-1996) explains the secrets of his forging techniques in this illustrated work compiled shortly before his death. Drawings previously attributed to artists such as Picasso and Corot were in fact the

work of Hebborn and this work provides an insight through explanations of his work. Inks, papers, pigments, monograms and signatures are all explained as well as Hebborn's own often outrageous speculations about the nature of art and value. *Sixty Five Hours* Weidenfeld & Nicolson Apologetics is for everyone. The Bible is clear that all believers are called to defend their faith. However, if apologetics is the formal process that we have come to expect, this sounds like an impossible task. But what if apologetics could be part of natural, normal conversation—both from the pulpit and in everyday life? Aimed at preparing you to clearly and confidently

defend your faith, Expository Apologetics sets forth an approach to apologetics that is rooted in Scripture and eminently accessible. Filled with real-world examples and practical advice, this book will equip you with the tools you need to think biblically and converse persuasively—offering unbelievers “a reason for the hope that is in you.”
