This is a path breaking book by a former General that seeks to evaluate Netaji Subhash Chandra Bose as a military leader and indeed, the First Supreme Commander of India. Netaji was instrumental

in India getting her freedom. It is the first professional attempt to evaluate the military performance of the Indian National Army (INA) in World War-II and its significant impact on the Freedom Struggle. The book has gone into great details about each and every engagement fought by the INA. This meticulously researched book seeks to reopen a significant historical debate about

how India got her freedom. A succession of court historians have tried to craft a narrative that India had obtained her freedom entirely by the soft power of Ahimsa/non-violence and Satyagraha; and that hard power had no role to play whatsoever. There is also the dark secret about what finally happened to Bose. The author is pessimistic about the unearthing of the real truth as many

critical Indian files have been destroyed. To get at the whole truth, we need access to Russian, Japanese and British archives. The author has analysed a wealth of data. It leaves us with some most disconcerting and horrible speculations about what happened to the man who in truth, got us our freedom. His legacy was buried and marginalised by a set of non-violent pretenders

who expended inordinate amounts of energy in fighting the ghosts of the INA. Today, India as a nation needs to squarely face up to the truth. Bose, indeed was the icon of Indian nationalism. Today, we need to revive his legacy in the backdrop of an ugly debate that seeks to splinter the nation state in India under the pretext of free speech. Treason and treachery continue to flourish in

India. That is why we need to revive the ardent nationalism of Bose - an Indian Samurai par excellence. *Storm in the Night* Motorbooks International In Rain Forest Food Chains, early fluent readers explore the rain forest biome and the food chains it supports. Please, Puppy, Please Harper Collins A heartfelt story about community and family, and how neighbors working together can make their town a better place for themselves and future generations. Katie and her papa are

among a group of settlers building a town in the middle of the dusty, brown prairie. Every week the trains bring more people and more lumber to build houses, fences, and barns. New buildings are erected: a church with a steeple, a store with glass windows, even a schoolhouse with desks for seventeen children. But one thing is missing: trees. When the townspeople take up a

collection to order trees from back east, Katie adds her own pennies and Papa's silver dollar. When the tiny saplings finally arrive, Katie helps dig holes and fetch water. Then, in a quiet corner off the public square, Katie and Papa plant a flowering dogwood in memory of Mama. Although set in the past, Kathryn O. Galbraith's gentle story of community building, the timelessness

of love, and the power of ritual will resonate with young readers today. Cyd Moore's full-color illustrations reflect the simplicity of the story and life in a new prairie town, while evoking the complexity of its themes.
