The Palace Murder Allison & Busby

A lonely man stumbles into a dangerous game in this twisting novel of psychological suspense by the New York Times–bestselling author of *The Crocodile Bird*. In a desolate alley on the bank of the Thames, a spy slips through the shadows. Mungo is the Director General of English intelligence, and he knows Moscow Centre has been watching him for weeks, but there is no spy in London better at losing a tail. Satisfied he hasn't been followed, he drops off his message and disappears into the night. It's a classic scene of Cold War espionage, save for one detail: Mungo isn't a spy at all. He's a teenager, playing an epic game of make-believe. John Creevey, still reeling from the implosion of his marriage, is dreaming of taking revenge against his wife's lover when he discovers one of Mungo's coded signals. Unaware that the message is simply part of a child's game, he becomes obsessed with uncovering the rest of the spy network—a tragic misunderstanding that threatens to turn this imaginary war into something very real—and very deadly. "Rendell has brilliantly interwoven these compelling strands into one masterful tale of suspense," writes *Library Journal*. Three-time Edgar Award winner Ruth Rendell was a master of psychological suspense, and *Talking to Strange Men* is one of the most unusual espionage stories in the history of the Cold War.

Mystery crime fiction written in the Golden Age of Murder "[T]he entire book is filled with country-house-mystery wonders: the closed-circle puzzle, the dying-message clue, and the sociopathic guest who invades the weekend house party." —Booklist The English country house is an iconic setting for some of the greatest British crime fiction. This new collection gathers together

stories written over a span of about 65 years, during which British society, and life in country houses, was transformed out of all recognition. It includes fascinating and unfamiliar twists on the classic 'closed circle' plot, in which the assorted guests at a country house party become suspects when a crime is committed. In the more sinister tales featured here, a gloomy mansion set in lonely grounds offers an eerie backdrop for dark deeds. Many distinguished writers are represented in this collection, including such great names of the genre as Anthony Berkeley, Nicholas Blake and G.K. Chesterton. Martin Edwards has also unearthed hidden gems and forgotten masterpieces: among them are a fine send-up of the country house murder; a suspenseful tale by the unaccountably neglected Ethel Lina White; and a story by the little-known Scottish writer J.J. Bell. *DEAD MEN'S MONEY (Murder Mystery Classic)* Valyn Ltd Travel to the Scotland Highlands with this classic Hamish Macbeth cozy mystery where an unladylike gossip columnist meets an untimely and watery death. From the author of the *Agatha Raisin* series. When society widow and gossip columnist Lady Jane Winters joined the fishing class, she wasted no time in ruffling the feathers—or was it the fins?—of those around her. Among the victims of her sharp tongue and unladylike manner was Lochdubh Constable Hamish Macbeth. Yet not even Hamish thought someone would permanently silence Lady Jane's shrills—until her strangled body is fished out of the river. Now with the help of the lovely Priscilla Halburton-Smythe, Hamish must angle through the choppy waters of the tattler's life to find the murderer. But with a school of suspects who aren't ready to talk and dead women telling no tales, Hamish may be in over his head, for he knows that secrets are dangerous, knowledge is power, and killers usually do strike again.
