Kinslayer is Book Two in Jay Kristoff's critically acclaimed Lotus War series that began with Stormdancer, featuring an unforgettable heroine and a stunningly original Japanese dystopian steampunk world A SHATTERED EMPIRE The mad Shogun Yoritomo has been assassinated by the Stormdancer Yukiko, and the threat of civil war looms over the Shima Imperium. The toxic blood lotus flower continues to ravage the land, the deadlands splitting wider by the day. The machine-worshippers of the Lotus Guild conspire to renew the nation's broken dynasty and crush the growing rebellion simultaneously - by endorsing a new Shogun who desires nothing more than to see Yukiko dead. A DARK LEGACY Yukiko and the mighty thunder tiger Buruu have been cast in the role of heroes by the Kagé rebellion. But Yukiko herself is blinded by rage over her father's death, and her ability to hear the thoughts of beasts is swelling beyond her power to control. Along with Buruu, Yukiko's anchor is Kin, the rebel Guildsman who helped her escape from Yoritomo's clutches. But Kin has his own secrets, and is haunted by visions of a future he'd rather die than see realized. A GATHERING STORM Kagé assassins lurk within the Shogun's palace, plotting to end the new dynasty before it begins. A waif from Kigen's gutters begins a friendship that could undo the entire empire. A new enemy gathers its strength, readying to push the fracturing Shima imperium into a war it cannot hope to survive. And across raging oceans, amongst islands of black glass, Yukiko and Buruu will face foes no katana or talon can defeat. The ghosts of a blood-stained past.

El presente libro está organizado en tres partes: después de haber terminado de hacer la selección de los artículos que publicaríamos, las editoras tuvimos que emprender la tarea de convertirlos en un libro. El texto final que presentamos aquí, pues, pudo haber tenido muchas formas. Esperamos haber acertado al organizarlo en tres núcleos articulados a través de tres rasgos importantes de la escritura de Montserrat Ordóñez: su carácter autobiográfico —en el continuo de la vida y la escritura— y la centralidad que ocupan en su obra la pregunta por las mujeres y por otras formas de la otredad en la literatura y en la cotidianidad. La estructura de este libro es, entonces, provisional, y por ello sus tres partes se interrelacionan: no hay una clara línea divisoria entre ellas. Como podrán constatar quienes lo lean, la escritura de Ordóñez se mueve claramente entre sus vivencias, entre las condiciones específicas del momento histórico que vivió —no solo como colombo-catalana, sino como latinoamericana—, y las corrientes de pensamiento propias de su tiempo. En la convivencia de todos ellos ocurre su reflexión y su escritura.

Enciclopedia universal ilustrada europeo-americana Orion
Hablar de valores es interesarse por la relación del sujeto con el mundo: el mundo objetivo (los objetos materiales), el mundo social (el otro, la realidad humana) y el mundo subjetivo e inmaterial (la conciencia: el cómo percibo el universo de valores en el que vivo). Indica nuevos "modos de sentir", con su reverso, lo que he llamado el "sin sentir". El cine actual exagera estas mutaciones porque da cabida a todos los imaginarios, abre la puerta a los deseos, hasta a veces los más inconfesables, es a menudo un instrumento de cuestionamiento y refleja una profunda crisis de valores: el "presentismo" (el volcarse en el inmediato presente), el miedo al futuro que se traduce en visiones postapocalípticas, el redescubrimiento del cuerpo y su exploración extrema, los cambios en lo que respecta a la pareja, el "neo-existencialismo" que se manifiesta mediante estados de supervivencia, resistencia pasiva, crisis de los treinta, la revisión de valores y mitos colectivos que sirvieron de cimiento del sueño americano, la asunción del horror como parte de la realidad humana y nuevo territorio identitario, los juegos con la verdad (lo que fundamenta los valores). Esta crisis refleja una "volatilización" de los valores (que sean más cuestionables, relativos y mutables), en especial dentro de lo que he llamado el cine posmoderno, que surge en las dos últimas décadas: un cine más allá del "buen decir" (lo políticamente correcto) y del "bien mostrar" (lo estéticamente correcto).

"Carlos Saura, en busca de la luz" es la primera biografía autorizada de uno de los más grandes genios de la

cinematografía mundial. Basado en decenas de conversaciones con el director, este libro nos muestra la trayectoria vital y profesional de un artista total que ha cosechado los más altos reconocimientos internacionales. Desde la atalaya de sus 88 años, Saura reflexiona sobre las tres grandes pasiones que han marcado su vida -el cine, la fotografía y la música- y los mecanismos que desencadenan la creación artística. A lo largo de las páginas del libro iremos conociendo los hechos fundamentales que han marcado su vida. Desde la cruel guerra civil durante la que transcurrió su infancia, a las miserias de la posguerra, pasando por sus dudas profesionales, su lucha contra la asfixiante censura y su posterior consagración internacional. La influencia decisiva de sus padres, liberales avanzados a su tiempo, y su relación con su hermano Antonio, pintor de extraordinario prestigio, son también piezas clave en su andadura artística. Yerno del mítico Charles Chaplin, amigo y colaborador de Luis Buñuel o de Stanley Kubrick, Saura ha trabajado con grandes nombres no sólo del mundo del cine sino también de la ópera - como Daniel Barenboim o Zubin Mehta-, del flamenco -como Paco de Lucía o Camarón- o de la fotografía como Vittorio Storaro. Su vida transcurre paralela a la del convulso siglo XX, cargado de violencia y avances tecnológicos que han revolucionado la vida en el planeta hasta convertirlo en la gran aldea global interconectada que es en la actualidad y en la que, a pesar de todas las evoluciones técnicas, el talento del creador sigue siendo el combustible imprescindible para cualquier expresión artística y cultural. Desde su consagración en el Festival de Cannes en los años 60, en el que triunfó en competición con sus colegas Fellini, Bergman o Kurosawa, Carlos Saura ha dirigido más de medio centenar de películas que forman ya parte del patrimonio cultural de nuestro tiempo. Esta biografía es el retrato de toda una generación irreplicable de maestros del arte universal, un libro imprescindible para los amantes del cine y la cultura".
