Music for Trumpets from Three Centuries (c. 1600-after 1900) Alfred Music

Contains works from the Renaissance, Baroque, and Classical periods, folk songs and traditional tunes, and a section of original compositions. For the student, these solos will provide material with specific challenges in rhythm, range, and key signatures in music that is both instructive and enjoyable to perform. Each solo has been selected and arranged to challenge the student in different areas of technique and musicianship while providing exposure to a variety of musical styles that are enjoyable to perform. In addition, special attention has been given to creating accompaniments that are easy to play yet at the same time add interest to the solo parts. Titles: * Bouree (Telemann) * Burlesque (Mozart) * The Coronation Day (Traditional English Folk Song) * The Emperor of Germany's March (Clarke) * The Pedlar (Russian Folk Song) * Processional (Snell) * Processional (Daquin) * Rigaudon (Bohm) * Rigaudon (Fischer) * Rio Grande (Snell) * Rondo (Snell) * Sarabande (Speer) * Three Chinese Folk Songs (Song of Hoe / The Filial Crow / Ballad of the Yellow Sun), (Traditional)

First 50 Songs You Should Play On Ocarina Alfred Music Publishing

Includes a 31-page solo pull-out part and 39-page piano accompaniment.

Catalogue of Music for Organ and Instruments LearnToPlayMusic.com

"A concise guide linking the history of trumpet to performance . . . includes information on band music, bugle calls, orchestral repertoire, and jazz." —American Reference Books Annual Unlike the violin, which has flourished largely unchanged for close to four centuries, the trumpet has endured numerous changes in design and social status from the battlefield to the bandstand and ultimately to the concert hall. This colorful past is reflected in the arsenal of instruments a classical trumpeter employs during a performance, sometimes using no fewer than five in different keys and configurations to accurately reproduce music from the past. With the rise in historically inspired performances comes the necessity for trumpeters to know more about their instrument's heritage, its repertoire, and different performance practices for old music on new and period-specific instruments. More than just a history of the trumpet, this essential reference book is a comprehensive guide for musicians who bring that musical history to life. "A compendium of trumpet history with short, fact-filled chapters. It will serve both amateur and professional musicians alike, and few could read this text without learning something. Fanfares and Finesse is a thorough sampling of trumpet topics, including something of interest for every trumpet player, brass enthusiast, or curious reader." —Pan Pipes "Trumpet players in a wide variety of situations and at many levels will find a great deal of useful information, presented in a clear, engaging, reader-friendly way yet backed by solid research. While some topics are covered in more depth than others, Koehler's breadth of vision and thoroughness are commendable. . . . For all trumpeters and anyone who teaches them." —Choice

Trumpet Partitas Alfred Music

Progressive Trumpet Alfred Music

Keith Johnson retired in 2014 from the University of North Texas, where he was Regents Professor of Trumpet and was honored with the Distinguished Teaching Professor award. Acclaimed for his pedagogy, Johnson wrote more than thirty articles, two pedagogical texts, and two method books. During his career, he presented masterclasses at universities and conservatories throughout the United States, as well as in Europe, Canada, Mexico, Brazil, and South Africa. Johnson's former students hold positions in universities, orchestras, and military ensembles in over a dozen countries. He would modestly say, "I just pick the right people and they make me look good," but his students tell a different story. In *The Art of Trumpet Teaching*, Johnson's former students from his early years at the University of Northern Iowa to his last student after retirement from the University of North Texas describe his teaching approach and tireless work to help each person succeed. These stories also highlight the warm and humorous side of his nature and provide an insight into what Johnson called "the art of teaching." Along with Johnson's biography and studio stories, Leigh Anne Hunsaker presents an extensive collection of pedagogical concepts from Johnson's six decades of teaching. Also included are some of his later expositions on the value of music in education, motivation, and the idea of "music as metaphor." Johnson's hallmark pedagogical tenets, along with much practical advice given to his UNT students, provide a teaching and reference handbook for a new generation of teachers and players.

Thirteen Favorite Baroque Trumpet Works Hal Leonard

A proven source of graded duets for both the student and teacher of brass and woodwind instruments. Belwin Master Duets (Trumpet), Easy Volume 1 Omnibus Press

In the first major book devoted to the trumpet in more than two decades, John Wallace and Alexander McGrattan trace the surprising evolution and colorful performance history of one of the world's oldest instruments. They chart the introduction of the trumpet and its family into art music, and its rise to prominence as a solo instrument, from the Baroque "golden age," through the advent of valved brass instruments in the nineteenth century, and the trumpet's renaissance in the jazz age. The authors offer abundant insights into the trumpet's repertoire, with detailed analyses of works by Haydn, Handel, and Bach, and fresh material on the importance of jazz and influential jazz trumpeters for the reemergence of the trumpet as a solo instrument in classical music today.

Wallace and McGrattan draw on deep research, lifetimes of experience in performing and teaching the trumpet in its various forms, and numerous interviews to illuminate the trumpet's history, music, and players. Copiously illustrated with photographs, facsimiles, and music examples throughout, *The Trumpet* will enlighten and fascinate all performers and enthusiasts [Publisher description].

The Trumpet Book Alfred Music

An illustrated look at the history of the trumpet: its ancient precursors, its development and refinement over the centuries, its use in past societies and its present place in both jazz and classical music. The author includes information about playing techniques. Technical details are

explained with the help of line drawings, music examples and fingering charts. Photographs of various trumpets and trumpeters accompany the text.

Belwin Master Duets (Trumpet), Vol 1: Advanced Hal Leonard Corporation

Filled with concise and detailed definitions, *A Dictionary for the Modern Trumpet Player* includes biographies of prominent performers, teachers, instrument makers, and composers of trumpet solo and ensemble literature often omitted from other musical references.

The Art of Baroque Trumpet Playing: A beautiful bouquet of the finest fanfares Michael Shaw

"This book presents music titles in which the organ is part of a chamber ensemble. Alphabetized by composer, entries contain the bibliographical information for each title and a brief commentary or description, as well as information on the level of difficulty, timing, mood, fingerings/pedalings, and other performance aids. The selections are suitable for concerts and religious services and are written in a variety of styles, from Baroque to contemporary." "This catalogue will be of interest to church organists searching for a piece for organ and brass appropriate for Easter, visiting instrumentalists choosing music for a Sunday service, teachers introducing their organ students to the experience of accompanying a violin, and instrumentalists seeking a composition to play with the organ, among many others."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
