CHRISTINE SANAA	

His Personality, His Disciples, and His Sayings (Classic Reprint) Oxford University Press

In this beautifully realized study, Peter Schäfer investigates the origins of a female manifestation of God in Jewish mysticism. The search itself is a fascinating exploration of the idea of a feminine divinity. And Schäfer's surprising but persuasive conclusions yield deeper understanding of the complex but frequently intimate relationship between Christianity and Judaism--and of the development of religious concepts more generally. Toward the end of the twelfth century, a small book titled the Bahir (Light) appeared in Provence. The first document of Judaism's emerging kabbalistic movement, it introduced a completely new view of God, one that included a divine potency that was essentially female. This female divinity was portrayed both as a mediator between Jews and God and as part of the Godhead itself. Examining Judaic history from the biblical Wisdom tradition to the Middle Ages, Schäfer finds some precedents for the Kabbalah's feminine divinity. But he cannot account for her forceful appearance in twelfth-century southern France without reference to the immediate Christian environment, particularly the flourishing veneration of the Virgin Mary. Indeed, twelfth-century Jews and Christians were simultaneously rediscovering the feminine as an aspect of the Godhead after having abandoned it in favor of either an abstract, disembodied God or an exclusively male one. In proposing that the medieval cult of Mary--rather than eastern Gnosticism--is the appropriate framework for understanding the feminine elements in Jewish mysticism, Mirror of His Beauty represents a sea change in Kabbalah and Jewish-Christian cultural studies. It shifts our attention from the Byzantine East to the Latin Christian West. And in contrast to histories that treat the development of Judaism and Christianity in isolation, it leads us to a fuller understanding of Jews and Christians living in proximity, aware of each other.

The Trial of Jesus Alpha Edition

This book is an important and provocative study of the thought of the Pharisees in the time of Jesus and marks the first attempt by a rabbinic writer to demonstrate that Jesus of Nazareth consistently upheld the views of the rabbis of the School of Hillel, and that all his criticism was directed at the School of Shammai and their followers. After the School of Shammai disappeared from the Jewish scene following the destruction of the Jerusalem Temple in the first century, Judaism developed according to the teachings of Bet Hillel. This alone increases the common grounds for dialogue between Jews and Christians. Some important findings of this book include the following: The Pharisees of Bet Shammai controlled Jewish life and thought during the first century; the School of Shammai denied salvation to the Gentiles; the Shammaite Pharisees and priests considered Jesus a danger to the Jewish people; the Jerusalem Temple was destroyed because of Bet Shammai's hatred of the Gentile world; the prophet Elijah condemned Jesus' crucifixion. These new insights will help achieve a new understanding of the seemingly anti-Jewish passages contained in the Christian scriptures, and make possible improved relations between Christians and Jews. It is acclaimed by scholars of both faiths.

From Jesus to Christ Forgotten Books

Jesus as represented in the Talmud is a subject which must interest the Christian student. For what can be of profounder interest than to learn what the Jews have said concerning Jesus and Christianity. We naturally look to the Jewish historian Josephus, who described and witnessed the downfall of the Jewish commonwealth. But we are disappointed. True that in his "Antiquities" (XVIII, 3, 3) Josephus has reference to Christ, but scholars are now generally agreed1 that this passage is a later interpolation. Leaving then aside Josephus, we must turn to that encyclopaedia of "Jewish wisdom and unwisdom" which is known as the Talmud.

The Origins of the New Testament Images of Jesus (Second Edition) Wipf and Stock Publishers

An intimate and moving portrait of daily life in New York's oldest institution of traditional rabbinic learning New York City's Lower East Side has witnessed a severe decline in its Jewish population in recent decades, yet every morning in the big room of the city's oldest yeshiva, students still gather to study the Talmud beneath the great arched windows facing out onto East Broadway. Yeshiva Days is Jonathan Boyarin's uniquely personal account of the year he spent as both student and observer at Mesivtha Tifereth Jerusalem, and a poignant chronicle of a side of Jewish life that outsiders rarely see. Boyarin explores the yeshiva's relationship with the neighborhood, the city, and Jewish and American culture more broadly, and brings vividly to life its routines, rituals, and rhythms. He describes the compelling and often colorful personalities he encounters each day, and introduces readers to the Rosh Yeshiva, or Rebbi, the moral and intellectual head of the yeshiva. Boyarin reflects on the tantalizing meanings of "study for its own sake" in the intellectually vibrant world of traditional rabbinic learning, and records his fellow students' responses to his negotiation of the daily complexities of yeshiva life while he also conducts anthropological fieldwork. A richly mature work by a writer of uncommon insight, wit, and honesty, Yeshiva Days is the story of a place on the Lower East Side with its own distinctive heritage and character, a meditation on the enduring power of Jewish tradition and learning, and a record of a different way of engaging with time and otherness.

During his life Jesus did not view himself as divine, nor did his disciples. In THE CHANGING FACES OF JESUS the great scholar Vermes works back through successively earlier accounts of the life of Christ to finally reveal the true, historical figureof Jesus hidden beneath the Gospels: a Palestinian charismatic convinced he had an essential role to play in bringing about the kingdom of God.

A Day in Capernaum Jesus in the Talmud

For us, Jews who grew up in Israel, Jesus and His word were never part of the conversation. Not in our school system, not in our synagogues, and not in our media. Nor do we have easy access to the New Testament. Jesus has been studiously avoided, and hidden from our people. Today in Israel, 99.7% of the Jewish population, reject Jesus as the Messiah. How did our country, where the gospel first took place, come to be so adamantly against it?Within Judaism over the last two millennia, any kind of spiritual message had to go through the "gate keepers," the Orthodox Jewish Rabbis. The Rabbinic Judaism of the Orthodox comes directly from the sect of the "Pharisees," whom Jesus rebuked: "Woe to you, scribes and Pharisees, hypocrites, because you shut off the kingdom of heaven from people; for you do not enter in yourselves, nor do you allow those who are entering to go in." (Matthew 23:13)Ever since the days of Messiah, the Rabbis have set themselves in opposition to the gospel, blocking the message of Jesus from Israel. They deliberately prevent Jewish people from hearing about the free salvation offered to them in the death and resurrection of their own Jewish Messiah. They have gone to great lengths to conceal Jesus, and keep him the best kept secret in Judaism., keeping our people in spiritual darkness.But now the secret is out!After almost 2000 years, Jesus, or as we call him in Hebrew, Yeshua, can no longer be hidden from the people! Today, our ministry, ONE FOR ISRAEL, reaches Jewish and Arab Israelis exactly where they are - online. We no longer need the rabbis' permission for anything. We can go straight into the smartphones, tablets, and computers of every Israeli, sharing the saving good news of Yeshua the Messiah!In the past, the message of the gospel came to Israel from outside our borders, delivered by people who didn't understand our language, our culture, our heritage or our way of thinking. Today the messengers look very different. Now it is Jewish and Arab Israelis who are bringing the gospel back to where it started - back to our own people Israel. We can explain the gospel to our people in a way that makes sense to them, in our own native tongues of Hebrew and Arabic as only Israelis can, and help our people understand who Yeshua really is.The Orthodox rabbis in Israel operate an "anti missionary" organization called Yad L'Achim, specifically to fight against the spread of the gospel among the Jewish people. This very well-funded organization, works very closely with the Minister of Interior in the Israeli government. They seek to prevent Jewish people from leaving the confines of Rabbinic Judaism by any means necessary (not always legally), and relentlessly persecute us, the Jewish believers in Jesus in Israel. With over 90% of the names, photos and addresses of all the Messianic Jews in Israel on file, Yad L'Achim began sending a magazine called "Searching" to the homes of believers in Israel back in 2014. The magazine contains objections and refutations from Orthodox rabbis about the messiahship of Jesus, the credibility of the New Testament, and trying to ridicule and destroy the belief in Jesus. This caused several Jewish believers, even including some who had been missionaries, to deny their faith in Jesus and revert to rabbinic Judaism. Over the past five years, I decided to go over all of their magazines, books and videos, in order to answer their arguments and prove their objections false. Since 2015 we have released about 150 short videos where we share the gospel and directly refute these rabbinic objections to Jesus, New Testament and Christianity. This book is a compilation of transcripts from these videos, all in one place for your consideration. While the content of this book is based on five years of academic research, I did my best to write it in a simple, easy-to-read way, in order to keep this book as short as possible.Please SHARE links to this book!:

Taking a fresh look at what the Greeks and Romans thought about Jews and Judaism, Peter Schafer locates the origin of anti-Semitism in the ancient world. Judeophobia firmly establishes Hellenistic Egypt as the generating source of anti-Semitism, with roots extending back into Egypt's pre-Hellenistic history. A pattern of ingrained hostility toward an alien culture emerges when Schafer surveys an illuminating spectrum of comments on Jews and their religion in Greek and Roman writings, focusing on the topics that most interested the pagan classical world: the exodus or, as it was widely interpreted, expulsion from Egypt; the nature of the Jewish god; food restrictions, in particular abstinence from pork; laws relating to the sabbath; the practice of circumcision; and Jewish proselytism. He then probes key incidents, two fierce outbursts of hostility in Egypt: the destruction of a Jewish temple in Elephantine in 410 B.C.E. and the riots in Alexandria in 38 C.E. Asking what fueled these attacks on Jewish communities, the author discovers deep-seated ethnic resentments. It was from Egypt that hatred of Jews, based on allegations of impiety, xenophobia, and misanthropy, was transported first to Syria-Palestine and then to Rome, where it acquired a new element: fear of this small but distinctive community. To the hatred and fear, ingredients of Christian theology were soon added--a mix all too familiar in Western history.

Jews have sometimes been reluctant to claim Jesus as one of their own; Christians have often been reluctant to acknowledge the degree to which Jesus' message and mission were at home amidst, and shaped by, the Judaism(s) of the Second Temple Period. In The Jewish Teachers of Jesus, James, and Jude David deSilva introduces readers to the ancient Jewish writings known as the Apocrypha and Pseudepigrapha and examines their formative impact on the teachings and mission of Jesus and his half-brothers, James and Jude. Knowledge of this literature, deSilva argues, helps to bridge the perceived gap between Jesus and Judaism when Judaism is understood only in terms of the Hebrew Bible (or "Old Testament"), and not as a living, growing body of faith and practice. Where our understanding of early Judaism is limited to the religion reflected in the Hebrew Bible, Jesus will appear more as an outsider speaking "against" Judaism and introducing more that is novel. Where our understanding of early Judaism is also informed by the Apocrypha and Pseudepigrapha, we will see Jesus and his half-brothers speaking and interacting more fully within Judaism. By

engaging critical issues in this comparative study, deSilva produces a portrait of Jesus that is fully at home in Roman Judea and Galilee, and perhaps an explanation for why these extra-biblical Jewish texts continued to be preserved in Christian circles.

Including Hebrew texts, translated by Gustav Dalman and translated into English from the German by A W Streane. Gustaf Hermann Dalman (9 June 1855 - 19 August 1941) was a German Lutheran theologian and orientalist. He did extensive field work in Palestine before the First World War, collecting inscriptions, poetry, and proverbs. He also collected physical articles illustrating the life of the indigenous farmers and herders of the country, including rock and plant samples, house and farm tools, small archaeological finds, and ceramics. He pioneered the study of biblical and early post-biblical Aramaic, publishing an authoritative grammar (1894) and dictionary (1901), as well as other works. His collection of 15,000 historic photographs and 5,000 books, including rare 16th century prints, and maps formed the basis of the Gustaf Dalman Institute at Ernst Moritz Arndt Universität, Greifswald, which commemorates and continues his work. Dalman served as one of the early directors of the Deutsche Evangelische Institut für Altertumswissenschaft des heiligen Landes zu Jerusalem (German Evangelical Institute for Ancient Studies of the Holy Land in Jerusalem).

Scattered throughout the Talmud, the founding document of rabbinic Judaism in late antiquity, can be found quite a few references to Jesus--and they're not flattering. In this lucid, richly detailed, and accessible book, Peter Schäfer examines how the rabbis of the Talmud read, understood, and used the New Testament Jesus narrative to assert, ultimately, Judaism's superiority over Christianity. The Talmudic stories make fun of Jesus' birth from a virgin, fervently contest his claim to be the Messiah and Son of God, and maintain that he was rightfully executed as a blasphemer and idolater. They subvert the Christian idea of Jesus' resurrection and insist he got the punishment he deserved in hell--and that a similar fate awaits his followers. Schäfer contends that these stories betray a remarkable familiarity with the Gospels--especially Matthew and John--and represent a deliberate and sophisticated anti-Christian polemic that parodies the New Testament narratives. He carefully distinguishes between Babylonian and Palestinian sources, arguing that the rabbis' proud and self-confident countermesssage to that of the evangelists was possible only in the unique historical setting of Persian Babylonia, in a Jewish community that lived in relative freedom. The same could not be said of Roman and Byzantine Palestine, where the Christians aggressively consolidated their political power and the Jews therefore suffered. A departure from past scholarship, which has played down the stories as unreliable distortions of the historical Jesus, Jesus in the Talmud posits a much more deliberate agenda behind these narratives.

Christianity in Talmud and Midrash Penguin UK

"For what purpose in the world were the Jews singled out as God's 'chosen people'? What Are Jews For? explores the history of western thinking on the historical purpose of the Jewish people, starting with ancient and medieval foundations but focusing on the period from 1600 to the present. In both Judaism and Christianity the Jews have long been accorded a crucial role at the end of history, when they will the world into an transformed era of unity and harmony in which all human divisions will be overcome. Since the seventeenth century this messianic conception of historical purpose has been repeatedly reconfigured in new forms. From the political theology of the early modern era and the universalist aspirations of Enlightenment philosophy, to almost all the key domains of modern thought - social, economic, nationalist, radical, assimilationist, satirical, psychoanalytical, religious and literary - the Jews have retained a close association with the positive transformation of the world. Across the past four centuries the 'Jewish Purpose Question' has been central to the attempts of both Jews and non-Jews to make sense of cultural particularity in relation to a wider vision of collective purpose in history. The deep and intricate layering of this question demands careful attention, as it remains extremely resonant in contemporary global politics and culture: polarized universalistic and particularistic conceptions of Jewish purpose have become emblematic of the most fundamental divisions over the meaning of peoplehood and collective purpose for all of us"--

"The Talmud Unmasked" is an 1892 work by Justinas Pranaitus. Generally regarded as anti-Semitic, it is a collection of quotes from the Talmud and Zohar that the author claims illustrate that Judaism promotes hatred towards non-Jews to the point of promoting murder. Contents include: "Justinas Pranaitis", "Jesus Christ in the Talmud", "The Christians", "Christians Must Be Avoided", and "Christians Must Be Exterminated". Justinas Bonaventura Pranaitis (1861 - 1917) was a Lithuanian Catholic priest who worked as Master of Theology and Professor of Hebrew at the Imperial Ecclesiastical Academy of the Roman Catholic Church in Saint Petersburg, Russia. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Excerpt from Jesus Christ in the Talmud, Midrash, Zohar, and the Liturgy of the Synagogue The attractive subject of Heir Laible's recently published essay ("Jesus Christus im Thalmud") leads me to think that the passages on which he bases his work, and the comments which he makes upon them, cannot be without interest for the English reader, even though the conclusions which he reaches may not on all occasions appear entitled to equally full assent. On my suggesting this to Dr Hermann L. Strack of Berlin (at whose suggestion, as will be seen from the preface to the German edition, Herr Laible undertook the task) I received permission to make use of a large number of spare printed copies of the original texts (numbers I - xxiv; pages 5 - 19) which had been edited by Dr Gustaf H. Dalman of Leipzig. In order to secure in each case the best available (unexpurgated) text, the following editions were used by him: 1. Palestinian Talmud, Venice, 1523 - 4. 2. Babylonian Talmud, Venice. B'rakhoth, Shabbath, Sota, Gittin, Sanhedrin, 'Aboda zara, 1520; Chagigah, 1521; Soph'rim, 1522; Aboth, 1526; 'Erubin, Kallah, J'bamoth, 1528. Variants in the MSS. used by RabbinoVICZ (Dikduke Soph'rim, or Variae Lectiones in Mischnam et in Talmud Babylonicum, Munich, 1867 - 1886) are indicated thus: M = the Munich, O = the Oxford, FI = the Florence, K= the Karlsruhe MS. For the treatises not dealt with by RabbinoVICZ, 'En Ja'akob, venice, 1546, was specially used. 3. Tosephta, Zuckerman, Pasewalk, 1880. Feminine Images of God from the Bible to the Early Kabbalah University of Pennsylvania Press

Excerpt from Jesus in the Talmud His Personality, His Disciples, and His Sayings The importance of the utterances in the Talmud concerning Jesus must not be misunderstood and still less must they be over-estimated. We therefore call the reader's attention to the fact that they are not based on contemporary evidence and thus possess no historical value. They are the expression of a non-Christian spirit mostly hostile and sometimes positively offensive. In extenuation of the Talmud we must say, first, that the animosity between Jew and Gentile is deep and mutual. When the Gentile blames the Jew for wrong thinking, the Jew may equally blame the Gentile for wrong doing, for the Jew has had to suffer persecution of the crudest kind. Further we must bear in mind that the Talmud is not one book with a consistent tendency, but a collection of innumerable writings, essays, anecdotes, and what not. Side by side with noble and deep thoughts we find worthless gossip. On account of the latter we must not forget the former and therewith depreciate the entire Talmud. Born in Slutsk, Russia, in 1805, Elijah Zvi Soloveitchik is a largely forgotten member of the prestigious Soloveitchik rabbinic dynasty. Before Hayyim Soloveitchik developed the standard Brisker method of Talmudic study, or Joseph Dov Soloveitchik helped to found American Modern Orthodox Judaism, Elijah Soloveitchik wrote Qol Qore, a rabbinic commentary on the Gospels of Matthew and Mark. Qol Qore drew on classic rabbinic literature, and particularly on the works of Moses Maimonides, to argue for the compatibility of Christianity with Judaism. To this day, it remains the only rabbinic work to embrace the compatability of Orthodox Judaism and the Christian Bible. In The Bible, the Talmud, and the New Testament, Shaul Magid presents the first-ever English translation of Qol Qore. In his contextualizing introduction, Magid explains that Qol Qore offers a window onto the turbulent historical context of nineteenth-century European Jewry. With violent anti-Semitic activity on the rise in Europe, Elijah Soloveitchik was unique in believing that the roots of anti-Semitism were theological, based on a misunderstanding of the New Testament by both Jews and Christians. His hope was that the Qol Qore, written in Hebrew and translated into French, German, and Polish, would reach Jewish and Christian audiences alike, urging each to consider the validity of the other's religious principles. In an era characterized by fractious debates between Jewish communities, Elijah Soloveitchik represents a voice that called for radical unity amongst Jews and Christians alike.

After centuries of persecution, oppression, forced migrations, and exclusion in the name of Christ, the development of a Jewish "Quest for the Historical Jesus" might seem unexpected. This book gives an overview and analysis of the various Jewish perspectives on the Nazarene throughout the centuries, emphasizing the variety of German voices in Anglo-American contexts. It explores the reasons for a steady increase in Jewish interest in Jesus since the end of the eighteenth century, arguing that this growth had a strategic goal: the justification of Judaism as a living faith alongside Christianity.

Excerpt from The Talmud: What It Is and What It Knows About Jesus and His Followers It is a saying of Monsieur Rénan that "in the history of the origins of Christianity, the Talmud has hitherto been far too much neglected." His idea is that the New Testament can only be understood by the light of the Talmud, while the present work will prove that many things in the Talmud can only be understood by the light of the New Testament and the history of the Church. To do this we have divided the matter into two parts. The first tries to show what the Talmud is, by giving a succinct history of the development of Jewish traditionalism, which culminated in the Talmud, "that wonderful monument of human industry, human wisdom, and human folly," as Milman calls it; and in order to dispel erroneous views concerning the Talmud, we have arrayed the opinions of such scholars as Milman, Farrar, Geikie, Schaff, Delitzsch and others, whom no one will accuse of partiality. As a connecting link we have inserted those passages of the Talmud which treat of the Messiah, because we believe that their contents were more or less influenced by Christian thought, and that they do not express the views of the Jews concerning the Messiah before and at the Christian era.
