Since then,
millions have

People like
Martin Luther

little in
common, but
they all
started with
WHY. They
realized that
people won't

idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people

can be inspired. And it all starts with WHY. **Business @ the Speed of Thought** Penguin From the critically acclaimed author of *The 25th Hour* and *When the Nines Roll Over* and co-creator of the HBO series *Game of Thrones*, a captivating novel about war, courage, survival — and a remarkable friendship that ripples across a lifetime. During the Nazis' brutal siege of Leningrad, Lev

Beniov is arrested for looting and thrown into the same cell as a handsome deserter named Kolya. Instead of being executed, Lev and Kolya are given a shot at saving their own lives by complying with an outrageous directive: secure a dozen eggs for a powerful Soviet colonel to use in his daughter's wedding cake. In a city cut off from all supplies and suffering unbelievable

deprivation, Lev and Kolya embark on a hunt through the dire lawlessness of Leningrad and behind enemy lines to find the impossible. By turns insightful and funny, thrilling and terrifying, the New York Times bestseller *City of Thieves* is a gripping, cinematic World War II adventure and an intimate coming-of-age story with an utterly contemporary feel for how boys become men.  Growing up on the rough streets of Newark, New Jersey, Rameck, George, and Sampson could easily have followed their childhood friends into drug dealing, gangs, and prison. But when a presentation at their school made the three boys aware of the opportunities available to them in the medical and dental professions, they made a

pact among themselves that they would become doctors. It took a lot of determination—and a lot of support from one another—but despite all the hardships along the way, the three succeeded. Retold with the help of an award-winning author, this younger adaptation of the adult hit novel *The Pact* is a hard-hitting, powerful, and inspirational book that will speak to young readers everywhere.

grandma ride the bus across town. But today, CJ wonders why they don't own a car like his friend Colby. Why doesn't he have an iPod like the boys on the bus? How come they always have to get off in the dirty part of town? Each question is met with an encouraging answer from grandma, who helps him see the beauty—and fun—in their routine and the world around them. This energetic ride through a

bustling city highlights the wonderful perspective only grandparent and grandchild can share, and comes to life through Matt de la Peña's vibrant text and Christian Robinson's radiant illustrations. Strangers on a Train Penguin The true story of Fauja Singh, who broke world records to become the first one hundred-year-old to run a marathon, shares valuable lessons on the source of his

grit, determination to overcome obstacles, and commitment to positive representation of the Sikh community. Every step forward is a victory. Fauja Singh was born determined. He was also born with legs that wouldn't allow him to play cricket with his friends or carry him to school miles from his village in Punjab. But that didn't stop him. Working on his family's farm, Fauja

grew stronger to meet his own full potential. He never stopped striving. At the age of 81, after a lifetime of making his body, mind, and heart stronger, Fauja decided to run his first marathon. He went on to break records all around the world and became the first person over 100 to complete the grueling long-distance race. With exuberant text by Simran Jeet Singh and exhilarating illustrations by Baljinder Kaur,

the true story of Fauja Singh reminds us that it's both where we start and how we finish that make our journeys unforgettable. *American Triumvirate* Nelson Thornes This thought-provoking companion to Nikki Grimes' Coretta Scott King Award-winning *Bronx Masquerade* shows the capacity poetry has to express ideas and feelings, and connect us with ourselves and others. Darrian

dreams of writing for the New York Times. To hone his skills and learn more about the power of words, he enrolls in Mr. Ward's class, known for its open-mic poetry readings and boys vs. girls poetry slam. Everyone in class has something important to say, and in sharing their poetry, they learn that they all face challenges and have a story to tell—whether it's about health

problems, aging out of foster care, being bullied for religious beliefs, or having to take on too much responsibility because of an addicted parent. As Darrian and his classmates get to know one another through poetry, they bond over the shared experiences and truth that emerge from their writing, despite their private struggles and outward differences.

Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream

business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers

don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who

want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising

and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

The Earth

teems with sights and textures, sounds and vibrations, smells and tastes, electric and magnetic fields. But every kind of animal, including humans, is enclosed within its own unique sensory bubble, perceiving but a tiny sliver of our immense world. In *An Immense World*, Ed Yong coaxes us beyond the confines of our own senses, allowing us to perceive the skeins of

scent, waves of electromagnetism, and pulses of pressure that surround us. We encounter beetles that are drawn to fires, turtles that can track the Earth's magnetic fields, fish that fill rivers with electrical messages, and even humans who wield sonar like bats. We discover that a crocodile's scaly face is as sensitive as a lover's fingertips, that the eyes of a giant squid evolved to see sparkling

whales, that plants thrum with the inaudible songs of courting bugs, and that even simple scallops have complex vision. We learn what bees see in flowers, what songbirds hear in their tunes, and what dogs smell on the street. We listen to stories of pivotal discoveries in the field, while looking ahead at the many mysteries that remain unsolved. Funny, rigorous, and

suffused with the joy of discovery, An Immense World takes us on what Marcel Proust called “the only true voyage . . . not to visit strange lands, but to possess other eyes.”

One of the Best Books of the Year: The New York Times, Entertainment

Weekly, TIME, GoodReads, Oprah Daily
From the best-selling author of *The Storied Life of A. J. Fikry*: On a bitter-cold day, in the December of his junior year at Harvard, Sam Masur exits a subway car and sees, amid the hordes of people waiting on the platform, Sadie Green. He calls her name. For a moment, she pretends she hasn't heard him, but then, she turns, and a game begins: a

legendary collaboration that will launch them to stardom. These friends, intimates since childhood, borrow money, beg favors, and, before even graduating college, they have created their first blockbuster, *Ichigo*. Overnight, the world is theirs. Not even twenty-five years old, Sam and Sadie are brilliant, successful, and rich, but these qualities won't protect them from

their own creative ambitions or the betrayals of their hearts. Spanning thirty years, from Cambridge, Massachusetts, to Venice Beach, California, and lands in between and far beyond, Gabrielle Zevin’s *Tomorrow, and Tomorrow, and Tomorrow* examines the multifarious nature of identity, disability, failure, the redemptive possibilities in play, and above all, our

need to connect: to be loved and to love. Penguin Readers Teacher’s Guide *Penguin* “Parents with or without tattoos will be touched by [this] heartwarming tale about sharing your past with your children—it leaves a mark” (*Real Simple*). It’s after dinner and a little boy wants a story from his father. It’s story he’s heard many times before, one etched all over his father’s body.

So, dad once again tells his little son the story behind each of his tattoos, and together they go on a beautiful journey through family history. There’s a tattoo from a favorite book his mother used to read him, one from something his father used to tell him, and one from the longest trip he ever took. And there is a little heart with numbers inside—which might be the best tattoo of them all. Tender

pictures by the New York Times—bestselling illustrator Eliza Wheeler complement this lovely ode to all that's indelible—ink and love.

Between the Lines Feiwel & Friends

Be yourself like Molly Lou Melon no matter what a bully may do. Molly Lou Melon is short and clumsy, has buck teeth, and has a voice that sounds like a bullfrog being squeezed by a boa constrictor. She doesn't mind. Her grandmother

has always told her to walk proud, smile big, and sing loud, and she takes that advice to heart. But then Molly Lou has to start in a new school. A horrible bully picks on her on the very first day, but Molly Lou Melon knows just what to do about that. Start with Why Penguin a conviction that has guided its policies ever since. Now international affairs take place on a global basis, and these historical

concepts of world order are meeting. Every region participates in questions of high policy in every other, often instantaneously. Yet there is no consensus among the major actors about the rules and limits guiding this process, or its ultimate destination. The result is mounting tension. Grounded in Kissinger's deep study of history and his experience as National Security Advisor and Secretary of

State, World Order guides readers through crucial episodes in recent world history. Kissinger offers a unique glimpse into the inner deliberations of the Nixon administration's negotiations with Hanoi over the end of the Vietnam War, as well as Ronald Reagan's tense debates with Soviet Premier Gorbachev in Reykjavík. A Thousand Splendid Suns Penguin A landmark

American drama that inspired a classic film and a Broadway revival—featuring an introduction by David Mamet A blistering character study and an examination of the American melting pot and the judicial system that keeps it in check, *Twelve Angry Men* holds at its core a deeply patriotic faith in the U.S. legal system. The play centers on Juror Eight,

who is at first the sole holdout in an 11-1 guilty vote. Eight sets his sights not on proving the other jurors wrong but rather on getting them to look at the situation in a clear-eyed way not affected by their personal prejudices or biases. Reginald Rose deliberately and carefully peels away the layers of artifice from the men and allows a fuller picture to form of them—and of America, at its best and

worst. After the critically acclaimed teleplay aired in 1954, this landmark American drama went on to become a cinematic masterpiece in 1957 starring Henry Fonda, for which Rose wrote the adaptation. More recently, *Twelve Angry Men* had a successful, and award-winning, run on Broadway. For more than seventy years, Penguin has been the leading publisher of classic literature in

the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning

translators.
