This novel by esteemed Swiss writer Max Frisch is an exploration of the question: "Why don't we live when we know we're here just this one time, just one single, unrepeatable time in this unutterably magnificent world?!" This outcry against the emptiness of ordinary everyday life uttered by the hero of Frisch's book is countered by "an answer from the silence" he meets when face-to-face with death. When An Answer from the Silence begins, the protagonist has just turned thirty and is engaged to be married and about to start work as a teacher. Frightened by the idea of settling down, he journeys to the Alps in a do-or-die effort to climb the unclimbed North Ridge, and by doing so prove he is not ordinary. But having reached the top he returns not in triumph, but in frostbitten shock, having come dangerously close to death. This highly personal early novel reflects a crisis in Frisch's own life, and perhaps because of this intimate connection, he refused to allow it to be included in his Collected Works in the 1970s. Now available in English, this distinctive book will thrill fans of Frisch's other works.

Charlie, like all small snails, lives in a shell. And since this two-in-one protective cover is strapped onto his back, Charlie carries his home with him everywhere. One day, while having a snail race with his friends—as snails like to do—there’s a terrible accident. As Charlie nears the finish line, the misplaced shoe of a little boy running through the garden comes down and breaks his shell. Charlie’s shell—and his home—are completely destroyed. To make matters worse, winter is coming and Charlie has nowhere to go. Charlie’s friends try to help him find a new home, but none seem to

fit just right: they are too hard, too sticky, too sharp, or too flimsy. Will someone be able to help Charlie find a new home before winter? Featuring a story of friendship from author and illustrator Doris Lecher, A New House for Charlie teaches children about helping others and showing compassion and empathy when hurting another person, even if unintentionally. Appropriate for children ages 3 to 6. Parents and educators will like the lessons throughout the book and children will be able to relate to Charlie as he tries to find a new home. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. The goal of this dissertation is to document Pasternak’s reception of literature from three periods within German Romanticism: the early Romanticism of the Jena School's greatest literary representative, Friedrich von Hardenberg, whose pseudonym was Novalis; the "second-generation" Romanticism of E T.A. Hoffmann; and the end and eventual rejection of German Romanticism, represented by Heinrich Heine. Revised version of the author's thesis (Ph. D.). University of Michigan, 1996. Teilw. Goethe and Zelter spent a staggering 33 years corresponding or in the case of each artist, over two thirds of their lives. Zelter's position as director of the Sing-Akademie zu Berlin and Goethe's location in Weimar resulted in a wide-ranging correspondence. Goethe's letters offer a chronicle of his musical development, from the time of his journey to Italy to the final months of his life. Zelter's letters retrace his path as stonemason to Professor of Music in Berlin. The 891 letters that passed between these artists provide an important musical record of the music performed in public concerts in Berlin and in the private and semi-public soir of the Weimar court. Their letters are those of men actively engaged in the musical developments of their time. The legacy contains a wide spectrum of letters, casual and thoughtfully composed, spontaneous and written for publication, rich with the details of Goethe's and Zelter's musical lives. Through Zelter, Goethe

gained access to the professional music world he craved and became acquainted with the prodigious talent of Felix Mendelssohn. A single letter from Zelter might bear a letter from Felix Mendelssohn to another recipient of the same family, reflecting a certain community in the Mendelssohn household where letters were not considered private but shared with others in a circle of friends or family. Goethe recognized the value of such correspondence: he complains when his friend is slow to send letters in return for those written to him by the poet, a complaint common in this written culture where letters provided news, introductions, literary and musical works. This famous correspondence contains a medley of many issues in literature, art, and science; but the main focus of this translation is the music dialogues of these artists.

Excerpt from Schatzkästlein Des Rheinischen Hausfreundes To our knowledge Hebel's

Schatzkastlein has here tofore never been republished in the United States. This might be termed a sin of omission, because Johann Peter Hebel (born 1760, died 1826) counts among the dominant masters of German prose. Every reader in Germany loved and still loves Hebel for the humor and the sincere purpose of his writings, and every critic lauds and commends the classic simplicity and beauty of his style. He endeavored successfully to provide entertainment and enlightenment for the so-called middle class of his countrymen, and the grace with which he did so has not been surpassed or even attained by any other German author. He was the friend and the poet of the people and for the people. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. This volume explores the lexical influence of English on European languages, a topical theme with linguistic and cultural implications. It provides an extensive introductory background to a cross-national view of English-induced lexical borrowing, posing crucial analytical questions such as what counts as an Anglicism. It also offers a typology of borrowings with examples from the languages represented: Armenian, Danish, French, German, Italian, Norwegian, Polish, Serbian, Spanish, and Swedish. The articles in this volume address general and language-specific issues related to the analysis and collection of Anglicisms, extending the scope to the largely unexplored area of phraseology and bringing new insights into corpus-based and corpus-driven methodologies. This volume fits into a well-established and constantly developing research field and will appeal to scholars interested in the spread of English as an international language, contact and contrastive linguistics, lexicology and lexicography, and computer corpus lexicography.

Literary Nonfiction. LGBTQIA Studies. Translated from the German by James J. Conway. Rough trade, drag kings, tea dances, sporty dykes, coded classified ads, campy nicknames, passing, outing, hustlers, beats and cruising at the YMCA--all accompanied by a wave of gay and lesbian activism. Eighties New York? No, Germany's imperial capital at the dawn of the 20th century.

BERLIN'S THIRD SEX reveals an astonishingly diverse gay subculture years ahead of the Weimar era, with cross-dressing cabaret, all-night parties and erotic license at every level of society. Magnus Hirschfeld's 1904 report is a foundational text of modern gay identity, queer history captured by an insider, as it happened. Police, blackmailers and moral crusaders are never far, suicide is all too common, but Hirschfeld also invites us into the homes of same-sex couples to witness tranquil scenes of domesticity and devotion. BERLIN'S THIRD SEX formed part of the vast "Metropolis Documents" project, a visionary panorama of early 20th century urban life. This, the first part of the series to appear in English, is offered alongside an earlier Hirschfeld study of the "third sex" (the author's provisional term for gays and lesbians) as well as comprehensive notes and an informative afterword. "[BERLIN'S THIRD SEX] depicts a flourishing gay subculture populated by cross-dressers, drag queens, sporty dykes, blackmailers and prostitutes, who establish contact with one another via intricately coded classified ads, adopt droll nicknames such as 'Squeaky Lotte,' 'Rollmop Queen' and 'Hiddigeigei,' and generally live it up in bars and cabarets, in the Tiergarten, or at the Opera. The Rixdorf edition includes an informative afterword and helpful notes by the translator James J. Conway."--Anna Katharina Schaffner "Hirschfeld's rhetorical strategy, which includes these appeals to sentiment, walks the line between emphasizing the similarities in behavior between homosexuals and heterosexuals (in other words, suggesting homosexuals are just like the [presumably heterosexual] reader), and relating

anecdotes or characteristics that portray the former as uniquely, yet endearingly, different. That this approach has strong parallels with contemporary gay rights rhetoric suggests that there is a timeless appeal in finding reasons for empathy in order to demonstrate that 'the other' is just as human."--Tyler Langendorfer
