This is a short guide to papier m~~o~~ch~~o~~ sculpture. The aim of this book is to inspire you and instruct you. Papier m~~o~~ch~~o~~ is an enjoyable, versatile and inexpensive way of creating simple

objects right up to elaborate works of art. In the book I show you how to create a "juggling" clown sculpture. For this project I have used traditional and contemporary papier m~~o~~ch~~o~~ methods, with the aim to recycle as much household refuse as possible. Most of the materials and equipment I have used are low cost or free and can be found in and around the home. This is a marvelous way to recycle your waste and other useless bits and pieces. The project is illustrated with step-by-step instructions. The clown is constructed using newspaper, bottles, a tin, a jar, foil, paper, cardboard and balls. Other items can also be used or adapted for this. This is primarily an adult craft project, but could be undertaken by older children under supervision. Images

are in black and white.
