Gernet's
invigorating
book turns the
tables on
traditional
approaches to
the history of
Christianity in

China, presenting a coherent analysis of the impact of Christianity in the seventeenth century from the Chinese point of view. The aim is to reveal what the Chinese said and wrote about the Jesuit missionaries and to ask a profound general question: to what extent do the reactions of the Chinese at the time of their first contacts with the 'doctrine of the Master of Heaven'

reveal fundamental differences between Western and Chinese conceptions of the world? For the missionaries themselves, the Chinese were men like any other, but corrupted by superstition and unfortunate enough to have remained in ignorance of the Revelations. Professor Gernet shows, the missionaries, just like the Chinese literary elite, were the

unconscious bearers of a whole civilisation. The problems they encountered were generated by different languages and logic and by very different visions of the world and of man. The Catholic Church in Japan Oxford University Press, USA From Abraham to Saul Bellow, from Moses Maimonides to Woody Allen, from the Balla Shem Tov to Albert Einstein, this comprehensiv

e dictionary of Jewish biographies provides a first point of entry into the richness of the Jewish heritage. With the advice of leading Jewish scholars, the Dictionary of Jewish Biography provides a rapid reference to those Jewish men and women who have, over the last four thousand years, contributed to the life of the Jewish people and the history of the Jewish religion. This

dictionary will prove essential for general readers interested in the evolution of Judaism from ancient times to the present day, a perfect study aid for students and teachers.

A Question of Rites

HarperCollins Publishers
There were wide repercussions: politics, national and ecclesiastical, even the history of science were involved. Professor Cummins retells the

story from a deliberately 'dissident' viewpoint. Till now the account has been largely that of the Jesuits; his focus is the Spanish Dominican, Domingo Navarrete (1618-86), who emerged as the spokesman for the friars' cause. Not a scholar or scientist of the calibre of Matteo Ricci or other Jesuit 'geometers' in Peking, Navarrete nonetheless fully merits attention as a perceptive

and frank observer of a passionate and complex scene. His major work, the *Tratados*, was widely read, admired by the likes of Quesnay and Locke, and served as a key source of European knowledge about China. The first chapters of the present book set out the background: the rise of the Dominicans and the Jesuits, their differing philosophies, and their conflicts in Europe and

America. Utopian Thought in the Western World Routledge Stay organized this school season with the *Ultimate Teacher's Planner and Organizer* from Sensational School Supplies! Includes 150 high-quality pages with carefully crafted journal and planner layouts that cover everything from daily, weekly and monthly planning, yearly school overview,

class field trips, student attendance records, note sections for EQ/I Can, events, meetings and more! Free Bonus: 11-month planner that runs from August-June! Sized at 8 x 10 inches, it's the perfect size that provides plenty of space. Professionally printed on high quality interior stock with white interior pages. This teacher appreciation notebook or journal makes a great motivational

and inspirational notebook gift for the teacher or homeschooler in your life. This Premium Teacher Planner is perfect for: Teacher Appreciation Gifts Teacher End of the School Year Gifts Teacher Thank You Gifts Teacher Inspirational Quote Gifts Teacher Retirement Gifts

Boomtown Saloons

Lippincott Williams & Wilkins
An anthology of translated analogues, in

whole or in part, on the theme of paradise lost. The collection is divided into two parts. Part one is the analogues and part two is a descriptive catalogue of all the analogues the author consulted. The book also includes a preface and lengthy introduction. It is an indispensable resource for any serious student or scholar of Milton's Paradise Lost.

Douze Ans de Séjour Dans la

Haute-Éthiopie

Independently Published
Utopian fiction was a particularly rich and important genre during the eighteenth century. It was during this period that a relatively new phenomenon appeared: the merging of utopian writing per se with other fictional genres, such as the increasingly dominant novel. However, while early modern and nineteenth and twentieth

century utopias have been the focus of much attention, the eighteenth century has largely been neglected. Utopian Imagination and Eighteenth Century Fiction combines these major areas of interest, interpreting some of the most fascinating and innovative fictions of the period and locating them in a continuing tradition of utopian writing which stretches back

through the Renaissance to the Ancient World. Beginning with a survey of the recurrent topics in utopian writing - power structures in the state, money, food, sex, the role of women, birth, education and death - the book brings together canonical eighteenth century texts containing powerful utopian elements, such as Robinson Crusoe, Gulliver's

Travels and Rasselas, and less familiar works, to examine the reworking of these topics in a new context. The unfamiliar texts, including Gaudenzio di Lucca, are described in detail to give students an idea of relevant material across a broad area. A section is devoted specifically to women writes, an area which has become the focus of attention. The mixture of texts provides a useful cross-

reference for students tackling the subject from various perspectives and the comprehensive bibliography provides a valuable tool for those with general or specific interests

The Blackwell Dictionary of Judaica

Univ of Wisconsin Press
Here a distinguished American historian challenges the belief that the eighteenth century was essentially modern in its temper. In

crystalline prose Carl Becker demonstrates that the period commonly described as the Age of Reason was, in fact, very far from that; that Voltaire, Hume, Diderot, and Locke were living in a medieval world, and that these philosophers "demolished the Heavenly City of St. Augustine only to rebuild it with more up-to-date materials." In a new foreword, Johnson Kent

Wright looks at the book's continuing relevance within the context of current discussion about the Enlightenment . "Will remain a classic--a beautifully finished literary product."-- Charles A. Beard, American Historical Review "The Heavenly City of the Eighteenth-Century Philosophers remains one of the most distinctive American contributions to the

historical literature on the Enlightenment [It] is likely to beguile and provoke readers for a long time to come."-- Johnson Kent Wright, from the foreword **Demophrenia** University of Toronto Press Sammelband mit den Beiträgen zu einem 1978 in Kuwait abgehaltenen Symposium über den Einfluß von Wissenschaft und Technologie auf den wirtschaftliche n

Entwicklungsp rozeß (d.h. auf die sozio-ökonomische Entwicklung, die natürlichen Hilfsquellen, die Energieressou rcen, den Handels- und Finanzsektor und den öffentlichen und privaten Dienstleistung ssektor). (DÜl-Ott). **Utopia and Its Enemies** Cambridge University Press The overwhelming concentration on questions of allegory in Dante studies, Franco Masciandaro

contends, has come at the expense of considerations of the poem's literal dimension. And while the dramatic quality of the Divine Comedy is often recognized, few critics have made it the object of sustained inquiry. In Dante as Dramatist, Masciandaro refocuses on the "poetry of the theater" in the Commedia by examining Dante's interpretation of the myth of the Earthly Paradise as it

is represented in a number of key episodes of Inferno and Purgatorio. His principal objective is twofold: to analyze Dante's dramaturgy, especially the creative force of the tragic rhythm that the scenes under scrutiny produce as they succeed one another; and to show how Dante stages the action of the pilgrim's journey to the Earthly Paradise as the fundamental conflict between the

dream of a future, second innocence, which ignores the tact of evil, and the recovery of another innocence, analogous to that found in Eden before the Fall. Dante as Dramatist will be of unique interest not only to students and scholars of Dante but also to those who study dramatic forms in literature and theories of the tragic. *Realistic Utopias* A&C Black This masterly

study has a grand sweep. It ranges over centuries, with a long look backward over several millennia. Yet the history it unfolds is primarily the story of individuals: thinkers and dreamers who envisaged an ideal social order and described it persuasively, leaving a mark on their own and later times. The roster of utopians includes men of all stripes in different countries and eras--figures as disparate

as More and Fourier, the Marquis de Sade and Edward Bellamy, Rousseau and Marx. Fascinating character studies of the major figures are among the delights of the book. Utopian writings run the gamut from fictional narratives to theoretical treatises, from political manifestos to constitutions for a new society. The *Manuels* have structured five centuries of utopian invention by identifying

successive constellations, groups of thinkers joined by common social and moral concerns. Within this framework they analyze individual writings, in the context of the author's life and of the socio-economic, religious, and political exigencies of his time. Concentrating on innovative works, they highlight disjunctures as well as continuities in utopian thought from the

Renaissance through the twentieth century. Witty and erudite, challenging in its interpretations and provocative in the questions it poses, the *Manuels'* anatomy of utopia is an adventure in ideas. *Utopie Et Civilisations* Littman Library of Jewish Civi This is the first discussion in English of the ethical implications of German liberal theology in the early years of the twentieth

century. It avoids pejorative interpretative categories (such as 'culture protestantism'), seeking instead to understand a much neglected period on its own terms. The leading figure, Ernst Troeltsch (1865-1923), is treated as a 'public theologian', engaging at many different levels with his social and political context and trying to ensure that religion could continue to

shape the future course of history. To understand his context he made use of the tools of the emergent discipline of sociology and also entered into dialogue with philosophers and historians. Troeltsch's public theology is contrasted with other liberal models of theology, particularly those of the New Testament scholar Wilhelm Bousset and the systematic theologian Wilhelm

Herrmann, who were far more reluctant to engage seriously with their context and as a result isolated religion from its wider social and intellectual setting. Troeltsch's theological solution is also compared with Max Weber's sociological response to the problems of modernity: Troeltsch's ideas of cultural synthesis are seen as both constructive and critical and as having

much to contribute to contemporary social and political theology.

Eighteenth-Century Utopian Fiction

University of Pennsylvania Press

En 1985 et 1991, Israël, après être longtemps resté indifférent au sort de cette population, décide d'accueillir des Noirs éthiopiens se réclamant du judaïsme.

Organisées par le Mossad et baptisées Moïse et Salomon, ces

opérations se révélèrent bien moins messianiques qu'elles n'affectaient de l'être. Elles furent surtout l'occasion pour l'Etat hébreu de restaurer son image :son incroyable alliance avec l'Afrique du Sud de l'apartheid et les éclaboussures du massacre de Sabra et Chatila avaient ébranlé l'opinion. Les Nations unies venaient aussi d'assimiler le sionisme au racisme. Les Falachas, ces

Juifs noirs, auraient-ils servi de simples figurants dans un scénario de vaste manipulation de l'opinion internationale ? En 2003, le gouvernement Sharon autorisait à nouveau près de 20 000 Ethiopiens, des Falachmouras cette fois, non reconnus jusque-là comme juifs, à immigrer. Israël, confronté à un enjeu démographique devenu vital, ne cherchait-il pas à opérer un gonflement

de sa population, avant un possible règlement de la question palestinienne ? Or, du fait de leur couleur et de leurs coutumes africaines, ces Juifs d'Ethiopie n'ont trouvé sur la Terre promise que misère, racisme et discrimination. Le sort qui leur a été réservé signifierait-il que le judaïsme, particulièrement hostile au métissage, est non pas un choix ou une adhésion,

mais bel et bien un destin religieux et une condition " raciale " ? Les Falachas, Nègres errants du peuple juif, est une enquête historique, la première en son genre, sur un drame de notre temps quasiment tabou et jusqu'à présent masqué ou escamoté.

The Chinese Rites

Controversy
Routledge
"Boomtown Saloons also offers an equally vivid portrait of the modern historical

archaeologist who combines time-honored digging, reconstruction , and analysis methods with such cutting-edge technology as DNA analysis of saliva traces on a 150-year-old pipestem and chemical analysis of the residue in discarded condiment bottles. Dixon's sparkling text and thoughtful interpretation of both physical and documentary evidence reveal a hitherto unknown

aspect of material life and culture in one of the West's most storied boomtowns and demonstrate the vital, complex social role that the traditional western saloon served in its community."--

Don Celestino is old and bitter and afraid, an impossible man. An anarchist who has been in

exile from his native Spain for more than twenty years, he lives with his daughter in Paris, but in his mind he is still fighting the Spanish Civil War. He fulminates against the daily papers; he brags about his past exploits. He has become bigoted, self-important, and obsessed; a bully to his fellow exiles and a tyrant to his daughter, Pascualita. Then a family member dies in Madrid and there is an inheritance to

sort out. Pascualita wants to go to Spain, which is supposedly opening up in response to the 1960s, and Don Celestino feels he has no choice but to follow. He is full of dread and desire, foreseeing a heroic last confrontation with his enemies, but what he encounters instead is a new commercialized Spain that has no time for the past, much less for him. Or so it seems. Because the

last act of Don Celestino's dizzying personal drama will prove that though "there is nothing serious . . . , there is tragedy." An astonishing modern take on Don Quixote, Chaos and Night untangles the ties between politics and paranoia, self-loathing and self-pity, rage and remorse. It is the darkly funny final flowering of the art of Henry de Montherlant, a solitary and scarifying

modern master whose work, admired by Graham Greene and Albert Camus, is sure to appeal to contemporary readers of Thomas Bernhard and Roberto Bolaño. *Les Falachas, nègres errants du peuple juif* Gareth Stevens Originally published in 1984, this new introductory text fulfilled a need amongst both psychology and education students for a book which dealt with reading in a

way that explored areas beyond the strictly practical question of how to teach children to read. Previous books on the psychology of reading had often concentrated on the analytic approach, in which reading had been seen in terms of a set of interconnected sub-skills and the experimental study of these components had become an end in itself. As a result, although great

advances had been made in our understanding of certain aspects of the process, psychological studies of reading had increasingly been seen by teachers and others as unduly abstract. The Psychology of Reading goes back to first principles and attempts to set reading in its context alongside other cognitive activities, particularly those involving memory and perceptual

processes. Professor Kennedy argues that it is wrong to set reading apart as a 'skill' when it needs to be understood against a background of work in cognitive psychology. Reading is a social phenomenon concerned with human communication, and in this context it must be seen in terms of an interaction between writer and reader. The book explores the nature of this

interaction and the various stylistic and other devices which sustain the 'contract' between reader and writer. In particular, the psychological processes which allow a reader to make sensible assumptions about a writer's intentions are dealt with in detail. No theory of reading, the author argues, should ignore the purpose of the enterprise. Similarly, explaining success and failure in

teaching children to read may well hinge on an understanding of what children think reading is about. The style of this book is concise and largely non-technical. The *Psychology of Reading* will be welcomed as stimulating and demanding by experts and non-specialist general readers alike. *Assyrian Dictionary* Science Publishers Never before have so many distinguished authorities in

Jewish scholarship assembled with the express purpose of gathering together the world of Jewish learning in one landmark book. 250 black-and-white, 48 color illustrations. The Heavenly City of the Eighteenth-century Philosophers Longman Publishing Group Seeking how to be an observant Jew in the modern world, Rosenzweig refused to reduce the

traditions of Jewish law to mere rituals, customs, and folkways. His aim for himself and for others was to find Judaism by living it, and to live it by knowing it more deeply."-

<p>York Review of Books National Jewish Book Awards Winner of Sephardic Studies Award, 2001. Widely regarded as the crowning jewel of Heberew maqama literature (rhymed prose interspersed with verse) this book introduces a somewhat roguish protagonist, Hever the Kenite, often disguised as a teacher, beggar, adventurer, debater, or magician.</p>	<p>Whether preaching, spinning history or fantasy, or working a crowd, Hever the Kenite is ever the consummate storyteller and wordsmith enlightening or astounding his listeners. The author displays great scope, moving from prayers to tales of battlefield carnage, from philosophic reflection to droll satire targeting the pompous, the ignorant and the mean. David Simha Segal's translation</p>	<p>captures the richness and wit of Judah Alharizi, an important Spanish medieval poet, and Segal's explications and analyses identify numerous allusions and illuminate the text's subtleties.</p> <p>Rads McGraw-Hill Companies John Zizioulas is widely recognised as the most significant Orthodox theologian of the last half century and acclaimed advocate of ecumenism.</p>
---	--	--

From his indepth knowledge of the intellectual resources of the Church, Zizioulas has argued that the Church Fathers represent a profound account of freedom and community that represents a radical challenge to modern accounts of the person. Zizioulas uses the work of the Fathers to make an important distinction between the person, who is defined by a

community, and the individual who defines himself in isolation from others, and who sees community as a threat to his freedom. Zizioulas argues that God is the origin of freedom and community, and that the Christian Church is the place in which the person and freedom come into being. This volume offers a critical appraisal of the theology of John Zizioulas. Leading

Anglican, Reformed, Catholic and Orthodox international scholars, including Colin Gunton, Nicholas Loudovikos, Paul McPartlan, Wolfhart Pannenberg and Philip Rosato present essays which analyse Zizioulas' trinitarian doctrine of God, and his theological account of the Church as the place in which freedom and communion are actualised. Many include discussions of

Zizioulas' Being as Communion as well as other lesser known works,

now available in Communion and Otherness. Together they

represent an unrivalled introduction to the work of this great theologian.
