The New Bread Basket Little, Brown
The Know-It-All can be spotted from a block away in most any city today, devoted to the latest microtrends, sure that he is an influencer, never realizing he is mostly just being influenced. Often seen with others who share a similar look and viewpoint, he does not have a clue how to march to the beat of his own drummer. He spends his time in what he thinks is his refined circle, whether in real life or online, and always knows "the best", be it clothing, coffee, or culture. He is rarely without an opinion and doubts his own even less. He is largely without humor when the mirror is turned

upon him. We've all seen and heard this type of guy in public and on social media: the classic jerk who thinks he always knows best. Chris Black is here to help you not become, or stop being him. Life for Chris Black over the past twenty years has put him in close contact with many of these guys, as they regularly congregate in the creative industries: film, music, advertising, media, and fashion. He has worked in all of these businesses and his astute and witty observations could only come from one who needs to know what is current in pop culture to make a living, yet is routinely able to step back and rise above the noise to keenly survey the scene. We've all had cringe-worthy moments in our past, and many are experiencing them still every day, only

to realize it down the road. The chances for such occurrences are greatly reduced with the advice in I Know You Think You Know it All. It's not too late.

Barber Shop Chronicles Rebecca Jenshak Michael Chugg was only fifteen years old when he began managing and promoting music in his hometown of Launceston, Tasmania. That was in 1962. Fast forward to the present, and "Chuggi", as he is affectionately known, has been a pioneer in bringing the newest, biggest and baddest musical acts to Australia. These include The Police, Frank Sinatra, Liza Minelli and Sammy Davis Jr., Fleetwood Mac, R.E.M., Bon Jovi, Guns N Roses, Red Hot Chili Peppers, Kiss, Pearl Jam, and many more. Chuggi has developed a reputation as a hard-arse, often walking on stage to shout down

the crowd or pull the talent into line. He also never minces words - writing in shocking detail about what goes on behind closed doors when big international acts come to town. This honest, open and blunt expose of the underbelly of Australian music events is both hilarious and fascinating.

A Novel of Psychological Horror
Memories scream behind every blink: the footage of Marshall's son, Noah, and of his long, fatal fall. Remains beneath a blood-stained morgue sheet. Good times, shattered. Marshall's hunger to understand the reason for his son's suicide devours his life. It appears that the boy's secret will remain buried with him--until Marshall discovers something

tucked into the seams of a musty, old teddy bear. It is a portable thumb-drive, the contents painting a chilling portrait of a child who was desperate to be heard, and his mysterious Internet friend who was only too happy to listen. And whisper, whisper, whisper. Step by step, Marshall must track these digital footprints into very real and very dark woods, unaware that he is being led into a maze of lies and violence from which he may never return. *The Fallen Boys* is a gut-wrenching novel of extreme psychological horror from the author of *House of Sighs* and *Where the Dead Go to Die. ..*. "A terrific book. Beautiful and brutal. Heartbreaking and incredibly emotional." - Mick Garris (director of Stephen King's *The Stand*, and creator of *Masters of Horror*) "A tale you will never

The story of The Hundreds and the precepts that made it an iconic streetwear brand by Bobby Hundreds himself Streetwear occupies that rarefied space where genuine "cool" coexists with big business; where a star designer might work concurrently with Nike, a tattoo artist, Louis Vuitton, and a skateboard company. It's the ubiquitous

style of dress comprising hoodies, sneakers, and T-shirts. In the beginning, a few brands defined this style; fewer still survived as streetwear went mainstream. They are the OGs, the "heritage brands." The Hundreds is one of those persevering companies, and Bobby Hundreds is at the center of it all. The creative force behind the brand, Bobby Kim, a.k.a. Bobby Hundreds, has emerged as a prominent face and voice in streetwear. In telling the story of his formative years, he reminds us that The Hundreds was started by outsiders; and this is truly the story of streetwear culture. In *This Is Not a T-Shirt*, Bobby Hundreds cements his spot as a champion of an industry he helped create and tells the story of The Hundreds—with anecdotes ranging from

his Southern California, punk-DIY-tinged youth to the brand's explosive success. Both an inspiring memoir and an expert assessment of the history and future of streetwear, this is the tale of Bobby's commitment to his creative vision and to building a real community.

A visual history of counterculture music T-shirts, spanning the defining era of indie music. Ripped is the first book to document the shirts of the post-punk and indie period, after the submission of 1960s rock 'n' roll to mass popularity and before the onset of ironic consumerism. Carefully selected from the archives of vintage fashion collector Cesar Padilla, the 200 T-shirts in this book are classic examples of rare and extremely limited shirts created by and for the very bands who embodied the true essence of the DIY and indie movements—from The Ramones to Sonic Youth, John Cale, Talking Heads, Madonna, X, Pil, The Germs, and many others. Each shirt has been photographed in all its gritty, sweat-stained glory just as it was found—on

the street, in a thrift store, or inherited from a friend. Introduced by Lydia Lunch, the book includes recollections and ruminations from musicians, fashion designers, and pop culture personalities on the enigmatic and enduring appeal of the rock band T-shirt.
