LOZANO GEORGE

The Purchase of the Past Walter de Gruyter GmbH & Co KG

Ce volume riche et fouillé, qui réunit des contributions de spécialistes de lexicographie, de linguistique et d'informatique, évalue de différents points de vue les qualités et les défauts des dictionnaires français (imprimés et électroniques)...

Bibliographie nationale française Taylor & Francis

A history of French homosexuals since 1942 in the interconnected realms of law, politics and the media, with a focus on the complex relationship between French republican values and the possibilities they have offered for change in each of these three spheres.

The Elastic Closet Copyright Office, Library of Congress

The Manuel de linguistique française provides a concise, critical overview of the historical foundations and the

current situation of the French language and introduces its readers to the most important topics and questions of present-day linguistic research on French. Compared with other reference works currently available on the market, this manual provides a lot of additional and updated information.

In nineteenth-century Paris, passionate involvement with revolution turned the city into an engrossing object of cultural speculation. For writers caught between an explosive past and a bewildering future, revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed. In this engaging book, Priscilla Ferguson locates the originality and modernity of nineteenth-century French literature in the intersection of the city with revolution. A cultural geography, Paris as Revolution "reads" the nineteenth-century city not in literary works alone but across a broad spectrum of urban

icons and narratives. Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century, the city, and their literature. In her understanding and reconstruction of the guidebooks of Mercier, Hugo, Vallès, and others, alongside the novels of Flaubert, Hugo, Vallès, and Zola, Ferguson reveals that these works are themselves revolutionary performances, ones that challenged the modernizing city even as they transcribed its emergence. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

Travels in the Congo Pergamon

Il y a fort à parier que le Petit Larousse ait été notre premier dictionnaire, comme pour nos parents et nos grands-parents. A la fois familiers et méconnus, anciens et contemporains, les dictionnaires Larousse sont nés du génie de Pierre Larousse, un instituteur doublé d'un visionnaire dont la devise était: instruire tout le monde sur toutes choses. Ce livre nous invite à la découverte de Pierre Larousse et de son oeuvre, guidés par des experts qui en sont passionnés. Chacun prospecte la région laroussienne à la recherche des richesses qu'elle recèle. On y fait des découvertes étonnantes. Ainsi, on apprend que le lexicographe barbu qu'on nous présente toujours était en outre un entrepreneur dynamique capable de

brasser non seulement des mots, mais des chiffres et des stratégies. Grand maître du dictionnaire d'apprentissage, Pierre Larousse a produit une oeuvre à laquelle ses successeurs ont réussi à garder toute la force d'information, au point de gagner l'ensemble de la francophonie.

Lexique 19/ Changer les dictionnaires Springer

Built around the concept of linguistic and cultural plurality, this book defines language as an instrument of action and symbolic power. Plurality is conceived here as : a complex array of voices, perspectives and approaches that seeks to preserve the complexity of the multilingual and multicultural enterprise, including language learning and teaching ; a coherent system of relationships among various languages, research traditions and research sites that informs qualitative methods of inquiry into multilingualism and its uses in everyday life ; a view of language as structured sociohistorical object, observable from several simultaneous spatiotemporal standpoints, such as that of daily interactions or that which sustains the symbolic power of institutions. This book is addressed to teacher trainers, young researchers, decision makers, teachers concerned with the role of languages in the evolution of societies and educational systems. It aims to elicit discussion by articulating practices, field observations and analyses based on a multidisciplinary conceptual framework.

Etudes de linguistique appliquée

AFRICAN SUN MeDIA

Since 1987 when the first English explanatory dictionary fully based on corpus evidence was published, considerable changes related to the choice of lexicographic evidence have

affected the field of lexicography. On this background (even though the volume of the lexicographic material is ample) the English-Latvian lexicographic tradition looks rather traditional and even somewhat stagnant. Thus, there is an urgent need for a detailed analytical inventory of English-Latvian dictionaries in order to facilitate new dictionary projects. This book provides a comprehensive survey of the development of the English-Latvian lexicographic tradition considering the various extra-linguistic factors which have influenced it. It studies the typical features of English-Latvian dictionaries traced throughout the tradition at the levels of their mega-, macro- and microstructure, pinpoints the problematic aspects of English-Latvian lexicography and offers theoretically grounded solutions for improving the quality of future English-Latvian dictionaries.

Paris as Revolution Walter de Gruyter Brosse une histoire analytique des dictionnaires de langue française, de celui de Robert Estienne au "Trésor de la langue française" sur Internet, en passant par celui de l'Académie française, pour comprendre leur fonctionnement et découvrir les nombreux critères qui les distinguent les uns des autres.

Catalog of the Avery Memorial Architectural Library of Columbia University. 2d Ed., Enl Berghahn Books "Eco wittily and enchantingly develops themes often touched on in his previous works, but he delves deeper into their complex nature . . . this collection can be read with pleasure by those unversed in semiotic theory." —Times Literary Supplement

Black Morocco: A History of Slavery, Race, and Islam chronicles the experiences, identity and achievements of enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century. Chouki El Hamel argues that we cannot rely solely on Islamic ideology as the key to explain social relations and particularly the history of black slavery in the Muslim world, for this viewpoint yields an inaccurate historical record of the people, institutions and social practices of slavery in Northwest Africa. El Hamel focuses on black Moroccans' collective experience beginning with their enslavement to serve as the loyal army of the Sultan Isma'il. By the time the Sultan died in 1727, they had become a political force, making and unmaking rulers well into the nineteenth century. The emphasis on the political history of the black army is augmented by a close examination of the continuity of black Moroccan identity through the musical and cultural practices of the Gnawa.

Encyclopedie Theologique, ou Serie de Dictionnaires sur toutes les parties de la Science Religieuse ... publiee par M. l'Abbe Migne (etc.) Bloomsbury USA **Time and the Rhythms of Emancipatory Education** argues that by rethinking the way we relate to time, we can fundamentally rethink the way we conceive education. Beyond the contemporary rhetoric of acceleration, speed, urgency or slowness, this book provides an epistemological, historical and theoretical framework that will serve as a comprehensive resource for critical reflection on the relationship between the experience of time and emancipatory education. Drawing upon time and rhythm studies, complexity theories and educational research,

Alhadeff-Jones reflects upon the temporal and rhythmic dimensions of education in order to (re)theorize and address current societal and educational challenges. The book is divided into three parts. The first begins by discussing the specificities inherent to the study of time in educational sciences. The second contextualizes the evolution of temporal constraints that determine the ways education is institutionalized, organized, and experienced. The third and final part questions the meanings of emancipatory education in a context of temporal alienation. This is the first book to provide a broad overview of European and North-American theories that inform both the ideas of time and rhythm in educational sciences, from school instruction, curriculum design and arts education, to vocational training, lifelong learning and educational policies. It will be of key interest to academics, researchers and postgraduate students in the fields of philosophy of education, sociology of education, history of education, psychology, curriculum and learning theory, and adult education. *Livres hebdo* Indiana University Press

The range of languages covered by the lexicographic investigations reported on, e.g. Afrikaans, English, Northern Sotho, Yilumbu, Fang, French and Dutch is a clear indication of the wide-ranging influence of Rufus Gouws, to whom the work is dedicated.

Archives contemporaines

What is—and what was—“the world”? Though often treated as interchangeable with the ongoing and inexorable progress of globalization, concepts of “world,” “globe,” or “earth” instead suggest something limited and absolute.

This innovative and interdisciplinary volume concerns itself with this central paradox: that the complex, heterogeneous, and purportedly transhistorical dynamics of globalization have given rise to the idea and reality of a finite—and thus vulnerable—world. Through studies of illuminating historical moments that range from antiquity to the era of Google Earth, each contribution helps to trace the emergence of the world in multitudinous representations, practices, and human experiences.

Le travail de recherche ne s'improvise pas et répond à des exigences spécifiques. Ce guide pratique vous apprendra à préparer et structurer votre travail (TFE, rapport, mémoire...) de manière autonome et cohérente, en accord avec les normes universitaires. Incontournable : tout ce qu'il faut savoir pour préparer, rédiger et présenter un travail à l'université (rapport de stage, mémoire, TER, TFE, thèse, séminaire...) Progressif : les différentes étapes du travail de recherche, de la mise en place du projet à l'exposition des résultats Actuel : tous les conseils pour réaliser une bonne présentation multimédia (PowerPoint) Pratique : des exercices d'entraînement avec corrigé en fin de chapitre Concret : constitution d'une

bibliographie, d'un index, cyberplagiat, usage des abréviations, boîte à outils des normes d'écriture, etc. Adapté à l'autoformation Destiné aux étudiants et chercheurs en sciences humaines

Colonising Egypt Springer

This book analyses the legal literacy, knowledge and skills of people in premodern and modernizing Europe. It examines how laymen belonging both to the common people and the elite acquired legal knowledge and skills, how they used these in advocacy and legal writing and how legal literacy became an avenue for social mobility. Taking a comparative approach, contributors consider the historical contexts of England, Finland, France, Germany, Italy and Sweden. This book is divided into two main parts. The first part discusses various groups of legal literates (scriveners, court of appeal judges and advocates) and their different paths to legal literacy from the Middle Ages to the nineteenth century. The second part analyses the rise of the ownership and production of legal literature - especially legal books meant for laymen - as means for acquiring a degree of legal literacy from the eighteenth to the early twentieth century.

Legal Literacy in Premodern European Societies De Boeck Supérieur

These 20 articles in French on lexicographic examples are the fruits of the »Premières Journées allemandes des dictionnaires« conference organized in 2004 by the Institute of Applied Linguistics of the University of Erlangen-Nuremberg. The international lexicographic colloquium was the first to be devoted entirely to examples in dictionary entries and assembled over

20 experts on lexicography, among them J. Rey-Debove. Dictionary examples are complex lexicographic units posing problems that have received little scholarly attention so far. The present collection of articles will serve as an important reference for future studies on the subject.

Revue de linguistique romane

Cambridge University Press

Extending deconstructive theory to historical and political analysis, Timothy Mitchell examines the peculiarity of Western conceptions of order and truth through a re-reading of Europe's colonial encounter with nineteenth-century Egypt.

Festschrift Rufus H. Gouws Univ of California Press

Impossible to read at one sitting, but utterly unputdownable, Schott's Original Miscellany is a unique collection of fabulous trivia. What other book boasts an index that includes shoelace lengths, sign language, and the seven deadly sins; dueling and dwarves; the hair color of Miss America and the Hampton Court maze? Where else can you find, packed onto one page, the names of golf strokes, a history of the Hat Tax, cricketing dismissals, nouns of assemblage, an unofficial motto of the US Postal Service, and the flag of Guadeloupe? Where else but Schott's Original Miscellany will you stumble across John Lennon's cat, the supplier of bagpipes to the Queen, the labors of Hercules, and the brutal methods of murder encountered by Miss Marple? A book like no other, Schott's Original Miscellany is entertaining, informative, unpredictable, and utterly addictive.
