The Storymakers Mark Lewis NSTA/CBC Best STEM Book This picture book biography tells the story of Meg Lowman, a groundbreaking female scientist called a "real life Lorax" by National Geographic, who was determined to investigate the marvelous, undiscovered world of the rainforest treetops. Meg Lowman was always fascinated by the natural world above her head — the colors, the branches, and, most of all, the leaves and mysterious organisms living there. Meg set out to climb up and investigate the rain forest tree canopies — and to be the first scientist to do so. But she encountered challenge after challenge. Male teachers would not let her into their classrooms, the high canopy was difficult to get to, and worst of all, people were logging and clearing the forests. Meg never gave up or gave in. She studied, invented, and persevered, not only creating a future for herself as a scientist, but making sure that the rainforests had a future as well. Working closely	

with Meg Lowman, author Heather Lang and artist Jana Christy beautifully capture Meg's world in the treetops. "Meg Lowman or 'Canopy Meg' is a true hero, a courageous explorer, who made amazing discoveries high in the forest canopy. The Leaf Detective captures the magic of that little-known world with its clear, informative text and fabulous illustrations. Young readers everywhere will be fascinated and inspired to learn more about nature." —Jane Goodall, PhD, DBE, Founder of the Jane Goodall Institute and Pioneer of Peace “Margaret Lowman is a pioneer scientist in a discipline that demands exceptional imagination, courage, and physical rigor. But of equal importance, she has created an extraordinarily important branch of environmental and conservation research. Heather Lang and Jana Christy, in this charming introduction, have invited us to climb on up and visit her.” —Edward O. Wilson, Pulitzer Prize winner and Professor Emeritus, Harvard University

Several of the “best of” lists appear here for the first time in book form. Several others have been unavailable for a number of years.; Of special note, are Anthony Boucher's “Best Picks for the Year.” Boucher, one of the major mystery reviewers of all time, reviewed for The San Francisco Chronicle, Ellery Queen Mystery Magazine, and The New York Times. From these resources Mr. Sobin created “Boucher’s Best” and “Important Lists to Consider,” lists that provide insight into important writing in the field from 1942 through Boucher’s death in 1968.? This is a great resource for all mystery readers and collectors.; ; Winner of the 2008 Macavity Awards for Best Mystery Nonfiction.
