“Intense . . . anyone familiar with the Band of Brothers story will want to read this book” (Military Review). Easy

Company of the 506th Parachute Infantry Regiment of the 101st Airborne Division has become one of the most famous small units in US history. But fewer people are aware of Fox Company of that same regiment—the men who fought alongside Easy Company through

every step of the war in Europe, and who had their own stories to tell. WWII vet Bill Brown decided to research the fate of a childhood friend who had served in Fox Company. Along the way, he met Terry Poyser, who was on a similar mission to research the combat death of a Fox Company man from his hometown. Together, the two authors proceeded to locate and interview every surviving Fox Company vet they could find. The ultimate result was this book, a decade in the making, offering a wealth of fascinating firsthand accounts of WWII combat as well as new perspectives on Dick Winters and others of the "Band." Told primarily through the words of participants, Fighting Fox Company takes us through some of the most horrific close-in fighting of the war,

beginning with the chaotic nocturnal paratrooper drop on D-Day. After fighting through Normandy, the drop into Holland saw prolonged, ferocious combat and even more casualties; and then during the Battle of the Bulge, Fox Company took its place in line at Bastogne during one of the most heroic against-all-odds stands in US history. As always in combat, each man's experience is different, and the nature of the German enemy is seen here in its equally various aspects. From ruthless SS fighters to meek Volkssturm to simply expert modern fighters, the Screaming Eagles encountered the full gamut of the Wehrmacht. The work is also accompanied by rare photos and useful appendices, including rosters and lists of casualties, to give the full look at Fox

Company that has long been overdue. *Prince of Foxes: A Gothic Scottish Fairy Tale* Bright Spear Trilogy  
"His territory is [where] passion and eloquence collide and fuse.'"—The New York Times "Richard Siken writes about love, desire, violence, and eroticism with a cinematic brilliance and urgency."—Huffington Post Richard Siken's debut, *Crush*, won the Yale Younger Poets' Prize, sold over 20,000 copies, and earned him a devoted fan-base. In this much-anticipated second book, Richard Siken seeks definite answers to indefinite questions: what it means to be called to make—whether it is a self, love, war, or art—and what it means to answer that call. In poems equal parts contradiction and clarity, logic and dream, Siken tells the modern

world an unforgettable fable about itself. The Museum Two lovers went to the museum and wandered the rooms. He saw a painting and stood in front of it for too long. It was a few minutes before she realized he had gotten stuck. He was stuck looking at a painting. She stood next to him, looking at his face and then the face in the painting. What do you see? she asked. I don't know, he said. He didn't know. She was disappointed, then bored. He was looking at a face and she was looking at her watch. This is where everything changed . . . Richard Siken is a poet, painter, and filmmaker. His first book, *Crush*, won the Yale Younger Poets' prize. He lives in Tucson, Arizona. *The Wonderling* Tin House Books  
The Puritans condemned war profiteering as a "Provoking Evil,"

George Washington feared that it would ruin the Revolution, and Franklin D. Roosevelt promised many times that he would never permit the rise of another crop of "war millionaires." Yet on every occasion that American soldiers and sailors served and sacrificed in the field and on the sea, other Americans cheerfully enhanced their personal wealth by exploiting every opportunity that wartime circumstances presented. In *Warhogs*, Stuart D. Brandes masterfully blends intellectual, economic, and military history into a fascinating discussion of a great moral question for generations of Americans: Can some individuals rightly profit during wartime while others sacrifice their lives to protect the nation? Drawing upon a wealth of manuscript sources,

newspapers, contemporary periodicals, government reports, and other relevant literature, Brandes traces how each generation in financing its wars has endeavored to assemble resources equitably, to define the ethical questions of economic mobilization, and to manage economic sacrifice responsibly. He defines profiteering to include such topics as price gouging, quality degradation, trading with the enemy, plunder, and fraud, in order to examine the different guises of war profits and the degree to which they have existed from one era to the next. This far-reaching discussion moves beyond a linear narrative of the financial schemes that have shaped this nation's capacity to make war to an in-depth analysis of American thought and culture. Those

scholars, students, and general readers interested in the interaction of legislative, economic, social, and technological events with the military establishment will find no other study that so thoroughly surveys the story of war profits in America.

### **The Family Legacy of Henry Clay**

Open Road Media

Best-selling poet and painter Richard Siken uses strong, bold strokes to reveal a world abstract, concrete, and exquisitely complex.

### War of the Foxes Bridgeworks

Sometimes a fox is not a fox, and a man is not what he seems. When Lachlan, the golden prince of the faeries, is transformed into a fox and banished from the forest on the eve of his mother's funeral, the last creature he

expects to seek help from is a human. But Sorcha Darrow is not so easily enchanted by the wily faerie. Only after discovering her father means to marry her to a wealthy Londoner does she decide to help him, seeking the power of a being even Lachlan is wary of: a kelpie. In finding one Sorcha hopes that she may just avoid her own dire fate in the process. With Sorcha's dreams being their only true form of communication, Lachlan has to race against time to break his curse and take his place as king before he's doomed to live as a fox forever. But someone else is after the throne, and may just use Sorcha's growing connection to Lachlan to reach it. \*\*\* The first book in the Bright Spear trilogy, Prince of Foxes is loosely based on the Celtic fairy tale of Gold-tree and

Silver-tree, and features a cameo from Julian and Evie from *The Tower Without a Door* (Chronicles of Curses book 3).

NOTE: *Prince of Foxes* is written in UK (British) English, not American English.

\*\*\* Praise for *Prince of Foxes*: "The *Prince of Foxes* is as lushly filled with rich prose as any timeless classic. Hayley writes in a way that calls to mind the original fairy tales written hundreds of years ago..." Amazon.com reviewer  
 "From the first page to the last, this is a captivating read." Amazon.com reviewer  
 "I had no doubt I would lose myself in this book, and I can safely say it was everything I wanted." Amazon.co.uk reviewer

*The Sac and Fox Indians* University of Oklahoma Press

A delightful tale of victory against all

odds from master storyteller, Michael Morpurgo, lavishly illustrated by Michael Foreman.

*Memoirs of a Fox-hunting Man* University Press of Kentucky

Mama Zorra distracts a hungry coyote from eating her and her three cubs by persuading him that the moon's reflection in a pond is actually a giant wheel of cheese.

*Crush* Wayne State University Press  
 The second enthralling installment in the highly praised *Conclave of Shadows* series—an epic saga of adventure, danger, magic, and intrigue from the New York Times bestselling master *Rescued*, recruited, and trained by the mysterious *Conclave of Shadows*, Tal Hawkins, hero of *Talon of the Silver Hawk* has become one of their most

effective operatives. But to destroy the nemesis who annihilated his people, the evil Duke of Olasko, Tal must sell his soul. Masquerading as a noble from the far western territory of the Kingdom of the Isles, he must insinuate himself into the duke's confidence and carry out his most heinous and dangerous commands—even though it means betraying his own moral code. Driven to the brink, Tal eventually defies the duke—and is imprisoned and left to die in the Fortress of Despair. But the determined young man will not be beaten. Alone, armed only with his courage and wits, Tal makes a daring escape. Returning to Olasko, he will finally bring revenge on his hated enemy.

*Fox and I* University Press of Kentucky

Fiction. *NECROPHILIA VARIATIONS* is a literary monograph on the erotic attraction to corpses and death. It consists of a series of texts that, like musical phrases, take up the theme and advance it by means of repetition, contrast, and variation. Written in a style that ranges from the lugubrious to the ludicrous--from purple prose to black humor--*NECROPHILIA VARIATIONS* uses literary means to probe the psychopathology of sexual perversion. Eros, the book asks, is naturally drawn to beauty, and yet nothing would seem to be less inherently beautiful than a cadaver. How is it that a necrophile ends up confusing the two, discovering beauty in what most people would find repugnant? How does he come to desire that which would seem to be intrinsically

undesirable? If you have ever contemplated the curious points of contact between eros and thanatos, then *Necrophilia Variations* will be sure to delight you with its depictions of death, desire, and deviance.

*The Cult of the Fox* Graywolf Press

This is the saga of the Fox (or Mesquakie) Indians' struggle to maintain their identity in the face of colonial New France during the late seventeenth and early eighteenth centuries. The Foxes occupied central Wisconsin, where for a long time they had warred with the Sioux and, more recently, had opposed the extension of the French firearm-and-fur trade with their western enemies. Caught between the Sioux anvil and the French hammer, the Foxes enlisted other tribes' support and maintained their

independence until the late 1720s. Then the French treacherously offered them peace before launching a campaign of annihilation against them. The Foxes resisted valiantly, but finally were overwhelmed and took sanctuary among the Sac Indians, with whom they are closely associated to this day.

*The Hedgehog and the Fox* Princeton University Press

A beautiful lost classic of nature writing which sits alongside *Tarka the Otter*, *Watership Down*, *War Horse* and *The Story of a Red Deer* This is the story of Wulfgar, the dark-furred fox of Dartmoor, and of his nemesis, Scoble the trapper, in the seasons leading up to the pitiless winter of 1947. As breathtaking in its descriptions of the natural world as it is perceptive its portrayal of damaged

humanity, it is both a portrait of place and a gripping story of survival. Uniquely straddling the worlds of animals and men, Brian Carter's *A Black Fox Running* is a masterpiece: lyrical, unforgiving and unforgettable.

*Night of the Fox* Copper Canyon Press  
Tucked away in Siberia, there are furry, four-legged creatures with wagging tails and floppy ears that are as docile and friendly as any lapdog. But, despite appearances, these are not dogs—they are foxes. They are the result of the most astonishing experiment in breeding ever undertaken—imagine speeding up thousands of years of evolution into a few decades. In 1959, biologists Dmitri Belyaev and Lyudmila Trut set out to do just that, by starting with a few dozen silver foxes from fox farms in the USSR

and attempting to recreate the evolution of wolves into dogs in real time in order to witness the process of domestication. This is the extraordinary, untold story of this remarkable undertaking. Most accounts of the natural evolution of wolves place it over a span of about 15,000 years, but within a decade, Belyaev and Trut's fox breeding experiments had resulted in puppy-like foxes with floppy ears, piebald spots, and curly tails. Along with these physical changes came genetic and behavioral changes, as well. The foxes were bred using selection criteria for tameness, and with each generation, they became increasingly interested in human companionship. Trut has been there the whole time, and has been the lead scientist on this work since Belyaev's

death in 1985, and with Lee Dugatkin, biologist and science writer, she tells the story of the adventure, science, politics, and love behind it all. In *How to Tame a Fox*, Dugatkin and Trut take us inside this path-breaking experiment in the midst of the brutal winters of Siberia to reveal how scientific history is made and continues to be made today. To date, fifty-six generations of foxes have been domesticated, and we continue to learn significant lessons from them about the genetic and behavioral evolution of domesticated animals. *How to Tame a Fox* offers an incredible tale of scientists at work, while also celebrating the deep attachments that have brought humans and animals together throughout time. *Necrophilia Variations* Bloomsbury Publishing

DigiCat Publishing presents to you this special edition of "Memoirs of a Fox-hunting Man" by Siegfried Sassoon. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. *The Wild Fox of Yemen* Da Capo Press From award-winning author Sara Pennypacker comes the long-awaited sequel to *Pax*; this is a gorgeously crafted, utterly compelling novel about chosen families and the healing power of love. A New York Times bestseller! It's been a year since Peter and his pet fox,

Pax, have seen each other. Once inseparable, they now lead very different lives. Pax and his mate, Bristle, have welcomed a litter of kits they must protect in a dangerous world. Meanwhile Peter—newly orphaned after the war, racked with guilt and loneliness—leaves his adopted home with Vola to join the Water Warriors, a group of people determined to heal the land from the scars of the war. When one of Pax's kits falls desperately ill, he turns to the one human he knows he can trust. And no matter how hard Peter tries to harden his broken heart, love keeps finding a way in. Now both boy and fox find themselves on journeys toward home, healing—and each other, once again. As he did for Pax, Jon Klassen, New York Times bestseller, Caldecott medalist, and

two-time Caldecott Honoree, has created stunning jacket and interior illustrations. **Mother Fox and Mr. Coyote / Mamá Zorra y Don Coyote** HarperCollins This Caldecott Honor book from beloved illustrator Peter Spier is a spirited take on a classic American folk song. "[Spier's] finely detailed, action-packed New England autumn vistas are almost startlingly beautiful."—The New York Times Over fifty years after he won a Caldecott Honor for *The Fox Went Out on a Chilly Night*, legendary illustrator Peter Spier went back to this time-honored favorite in 2014 to paint the half of the book that was originally printed in black and white. In this glowing, restored vision of Spier's beloved classic, follow the wily fox as he roams a sleepy New England town in search of a meal, with

tones and textures so vivid you can almost hear the crackle of crisp fall leaves and the ripples of the river in the moonlight.

**An American Iliad** HarperCollins UK  
From the bestselling author of Charlie and the Chocolate Factory and The BFG! Someone's been stealing from the three meanest farmers around, and they know the identity of the thief--it's Fantastic Mr. Fox! Working alone they could never catch him, but now Boggis, Bunce, and Bean have joined forces, and they've concocted a cunning plan to dig him out of his hole once and for all. What they don't know is they're not dealing with just any fox. Mr. Fox would rather die than surrender, and he just happens to have a fantastic plan of his own . . . This special edition of Roald Dahl's beloved

story has a beautiful full-color interior and large trim to feature Quentin Blake's iconic art.

The Hidden World of the Fox

HarperCollins

Breaks new ground in fairy-tale studies by offering male writers a chance to reflect on their relationships to fairy tales.

**Fighting Fox Company** Candlewick Press

Discover the hidden world of the fox, as beautifully revealed by an acclaimed ecologist who has studied foxes for two decades across four continents “An ode to this familiar yet mysterious creature. ... The sight of foxes can lift Brand's prose into poetry. ... By turns lyrical, salty, funny and scholarly.” —New York Times Book Review The fox. For

thousands of years myth and folklore have celebrated its cunning intelligence. Today the red fox is the nature's most populous carnivore, its dancing orange tail a common sight in backyards. Yet who is this wild neighbor, truly? How do we negotiate this uneasy new chapter of an ancient relationship? Join British ecologist Adele Brand on a journey to discover the surprising secrets of the fabled fox, the familiar yet enigmatic creature that has adapted to the human world with astonishing—some say, unsettling—success. Brand has studied foxes for twenty years across four continents—from the Yucatán rainforest to India's remote Thar Desert, from subarctic Canada to metropolitan London. Her observations have convinced her that the fox is arguably

the most modern of all wildlife, uniquely suited to survival in the rapidly expanding urban/wild interface. Blending cutting-edge science, cultural anthropology, and intimate personal storytelling drawn from her own remarkable fieldwork, *The Hidden World of the Fox* is Brand's rich and revelatory portrait of the extraordinary animal she has devoted her life to understanding.

**King of Foxes** Yale Younger Poets

" An updated edition of this concise yet comprehensive history of the Civil War, written by a distinguished historian of the conflict. Charles Roland skillfully interweaves the story of battles and campaigns with accounts of the major political, diplomatic, social, and cultural events of the epoch and insightful sketches of the leading actors. Of prime

interest are the contrasts he draws between the opposing presidents and generals. What traits, he asks, made Lincoln superior to Davis as a war leader? How were Union military leaders able to forge a more effective fighting force, a more comprehensive strategy than their opponents? Roland's thoughtful answers and his recognition of the contradictions of human nature and the interplay of intention and chance raise this book above a mere recounting of military events. The story of the Civil War is the epic of the American people. Never has it been told more movingly.

*Warhogs* Penguin

The New York Times–bestselling author's "most tingling thriller since *The Eagle Has Landed*": An agent poses as a Nazi for a mission on the verge of D-Day

(Publishers Weekly). In May of 1944, shipwrecked American Colonel Hugh Kelso washes up on the shore of Nazi-occupied Jersey—with a valuable secret. As one of the few men with knowledge of the impending invasion of Normandy, Kelso must be rescued at all costs. Enter Harry Martineau, a covert British operative charged with the dangerous mission of impersonating a Nazi officer to infiltrate Jersey and retrieve—or silence—Colonel Kelso. It is not only their lives that hang in the balance . . . A riveting World War II thriller, *Night of the Fox* is "an exceptional tale" from the multimillion-selling author of the Liam Devlin and Sean Dillon series, a master of edge-of-your-seat espionage adventure (Library Journal). It was adapted into a TV film starring George

Peppard, John Mills, and Michael York.
