"From the Bible to The Hate U Give: a completely updated look at the history of censorship in world literature. Throughout history, nations, peoples, and governments have censored writers and their works on political, religious, sexual, and social grounds. Although the literary merit of the majority of these books has been proven time and time again, censorship efforts are still in place today. From Animal Farm to The Grapes of Wrath, The Koran to The Talmud, Beloved to the Harry Potter series, The Canterbury Tales to Catch-22, this revised edition examines the many struggles these books faced in order to be read"--

The Koran translated into English.

120 Banned Books New York : Garland Pub.

The Iran-Iraq War, which ended in the summer of 1988, a month short of its eighth anniversary, is undoubtedly the Third World's longest and bloodiest conflict in a half-century. As such, its lessons and implications extend beyond the geographical confines of the Middle East. Bringing together Israeli, American and European specialists from the fields of Middle East history, international relations, strategy and economics, this book offers the first comprehensive post bellum analysis of the impact and implications of the Iran-Iraq war. The book starts with an examination of the war's impact on the domestic and foreign affairs of the two belligerents, continues with a discussion of the political ramifications of the war in both the regional and the global spheres, and concludes by analysing the economic, military and strategic implications.

Enamines Springer

Wolf presents astonishing findings from the recently opened Vatican archives--discoveries that clarify the relations between National Socialism and the Vatican. He vividly illuminates the inner workings of the Vatican.

A Biographical Dictionary of Freethinkers of All Ages and Nations Career Examination Series

This report, which comprises three booklets, provides a comprehensive analysis of the crime of trafficking in persons and how different countries are responding to this crisis. Countries worldwide have been detecting and reporting a larger number of victims and are also convicting more traffickers than ever before. This may well be the result of an increase in the capacity to identify victims over the last few years. While the number of reporting countries did not significantly increase, the number of victims reported in different countries did increase. The trend has unfortunately been growing over the past few years.

The Roxburghe Ballads "O'Reilly Media, Inc."

The Twenties and Thirties were a golden age of adventure as two-fisted heroes and daring explorers came to life in the pages of pulp magazines. Now you can create roleplaying games and characters set in this thrilling era!

List of Officers and Men Serving in the First Canadian Contingent of the British Expeditionary Force, 1914 (Classic Reprint) Penguin Classics

Literature Suppressed on Sexual Grounds, Revised Edition examines the issues underlying the suppression of more than 100 works deemed sexually obscene. The entries new to this edition include America by Jon Stewart, Sex by Madonna, The Buffalo Tree by Adam Rapp, and many more. Also included are updates to entries such as Forever by Judy Blume, and more
Wrigley's British Columbia Directory Sophia Institute Press

Reviewing and correlating in detail the synthetic, mechanistic, and physical properties of enamines, this reference features an extensive discussion of all enamine literature ... numerous practical examples of synthetic enamine applications ... new information on oxidation-reduction reactions of enamines ... numerous tables and schemes that give fast, easy access to a wealth of useful data ... and improved coordination among contributing authors to reduce duplication and overlap. Thoroughly updating the original edition, Enamines, Second Edition contains over 2,400 bibliographic citations that help researchers investigate particular subjects in greater depth. It comprises an authoritative source for organic, synthetic, physical, and natural products chemists in academe, industry, or government, as well as for advanced graduate students in these disciplines.

Both an expert and a collector, James Geary has devoted his life to aphorisms--and the last few years to organizing, indexing, and even translating them. The result is Geary's Guide, featuring aphorists like Voltaire, Twain, Shakespeare, Nietzsche, Woody Allen, Muhammad Ali, Emily Dickinson, and Mae West, as well as international practitioners appearing in English for the first time. But it is more than just a conventional anthology. It is also an encyclopedia, containing brief biographies of each author in addition to a selection of his or her aphorisms. The book is a field guide, too, with aphorists organized into eight different "species," such as Comics, Critics & Satirists; Icons & Iconoclasts; and Painters & Poets. The book's two indexes--by author and by subject--make it easily searchable, while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works. A perfect follow-up to Geary's New York Times bestseller *The World in a Phrase*, Geary's Guide is eminently suitable for browsing or for sustained reading. A

comprehensive guide to our most intimate, idiosyncratic literary form, the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers.

Polk's Bankers Encyclopedia John Wiley & Sons

Get complete instructions for manipulating, processing, cleaning, and crunching datasets in Python. Updated for Python 3.6, the second edition of this hands-on guide is packed with practical case studies that show you how to solve a broad set of data analysis problems effectively. You'll learn the latest versions of pandas, NumPy, IPython, and Jupyter in the process. Written by Wes McKinney, the creator of the Python pandas project, this book is a practical, modern introduction to data science tools in Python. It's ideal for analysts new to Python and for Python programmers new to data science and scientific computing. Data files and related material are available on GitHub. Use the IPython shell and Jupyter notebook for exploratory computing Learn basic and advanced features in NumPy (Numerical Python) Get started with data analysis tools in the pandas library Use flexible tools to load, clean, transform, merge, and reshape data Create informative visualizations with matplotlib Apply the pandas groupby facility to slice, dice, and summarize datasets Analyze and manipulate regular and irregular time series data Learn how to solve real-world data analysis problems with thorough, detailed examples

Civil Society and Mirror Images of Weak States R. R. Bowker

Bringing together many of today's key scholars of verbal charming, these essays cover vernacular magical texts and practice from Malaysia to Madagascar, and from England to Estonia. As the most comprehensive collection of research on charms, charmers and charming available in the English language, it forms an essential reader on the topic.

Literature Suppressed on Religious Grounds, Revised Edition profiles the censorship of many such essential works of literature. The entries new to this edition include extensive coverage of the Harry Potter series, which has been frequently banned in the United States on the grounds that it promotes witchcraft, as well as entries on two popular textbook series, *The Witches* by Roald Dahl, *Women Without Men: A Novel of Modern Iran*, and more.

Also included are updates to such entries as *The Satanic Verses* by Salman Rushdie and *On the Origin of Species* by Charles Darwin.

Literature Suppressed on Political Grounds Routledge

The Clerical Associate Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: deductive reasoning; information ordering; number facility; matching; written expression; and more.

Twenty Tales of Irish Saints Infobase Publishing

Of all the aspects of recovery in postwar Germany perhaps none was as critical or as complicated as the matter of dealing with Nazi criminals, and, more broadly, with the Nazi past. While on the international stage German officials spoke with contrition of their nation's burden of guilt, at home questions of responsibility and retribution were not so clear. In this masterful examination of Germany under Adenauer, Norbert Frei shows that, beginning in 1949, the West German government dramatically reversed the denazification policies of the immediate postwar period and initiated a new "Vergangenheitspolitik," or "policy for the past," which has had enormous consequences reaching into the present. Adenauer's Germany and the Nazi Past chronicles how amnesty laws for Nazi officials were passed unanimously and civil servants who had been dismissed in 1945 were reinstated liberally—and how a massive popular outcry led to the release of war criminals who had been condemned by the Allies. These measures and movements represented more than just the rehabilitation of particular individuals. Frei argues that the amnesty process delegitimized the previous political expurgation administered by the Allies and, on a deeper level, served to satisfy the collective psychic needs of a society longing for a clean break with the unparalleled political and moral catastrophe it had undergone in the 1940s. Thus the era of Adenauer devolved into a scandal-ridden period of reintegration at any cost. Frei's work brilliantly and chillingly explores how the collective will of the German people, expressed through mass allegiance to new consensus-oriented democratic parties, cast off responsibility for the horrors of the war and Holocaust, effectively silencing engagement with the enormities of the Nazi past.

An accessible history of Iran predicts its eventual cultural and military dominance in the Middle East while illuminating many factors that are commonly misunderstood by the West, including the oppression of citizens under current leadership and their negative regard of western policy.

The Kingdom of Happiness Univ of California Press

NOAA Technical Memorandum CRCP 11. Identifies goals, objectives, and approaches to guide NOAA's research, management, and international cooperation activities on deep-sea coral and sponge ecosystems for fiscal years 2010 through 2019. Integrates research and conservation needs and is intended to be a flexible, evolving document that allows NOAA and its partners to address new management challenges and priorities as appropriate. The primary goal of this Strategic Plan is to improve the understanding, conservation, and management of deep-sea coral and sponge ecosystems.

The Koran Columbia University Press

Alice Curtayne has collected stories that reflect not only the holiness but also the gaiety of the saints -- appealing to readers of all ages -- and she tells them with the poetry and feeling that mark the work of every true Irish storyteller.

The Iran-Iraq War Checkmark

In today's globalized world, viable and reliable research is fundamental for the development of information. Innovative

methods of research have begun to shed light on notable issues and concerns that affect the advancement of knowledge within information science. Building on previous literature and exploring these new research techniques are necessary to understand the future of information and knowledge. The Handbook of Research

on Connecting Research Methods for Information Science Research is a collection of innovative research on the methods and application of study methods within library and information science. While highlighting topics including data management,

philosophical foundations, and quantitative methodology, this book is ideally designed for librarians, information science professionals, policymakers, advanced-level students, researchers, and academicians seeking current research on transformative methods of research within information science.
