Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Cangrande della Scala is everything a man should be. Daring. Charming. Ruthless. To the poet Dante, he is the ideal Renaissance prince - until Dante's son discovers a secret that could be Cangrande's undoing. Thrust into the betrayal surrounding Verona's prince, Pietro Alighieri must navigate a rivalry that severs a friendship, divides a city, and sparks a feud that will produce Shakespeare's famous star-crossed lovers, Romeo & Juliet. Based on the plays of William Shakespeare, The Master Of Verona is a sweeping novel of Renaissance Italy. Filled with swashbuckling adventure and unrequited love, this epic journey recalls the best of Bernard Cornwell, Sharon Kay Penman, and Dorothy Dunnett.

This unique A-Z guide to central heating wiring systems provides a comprehensive reference manual for hundreds of items of heating and control equipment, making it an indispensable handbook for electricians and installers across the country. The book provides comprehensive coverage of wiring and technical specifications, and now includes increased coverage of combination boilers, recently developed control features and SEDBUK (Seasonal Efficiency of Domestic Boilers in the UK) boilers ratings, where known. In addition to providing concise details of nearly 500 different boilers fuelled by electric, gas, oil and solid fuel, and over 400 programmers and time switches, this invaluable resource also features numerous easy-to-understand wiring diagrams with notes on all definitive systems. Brief component descriptions are provided, along with updated contact and website details for most major manufacturers. Ray Ward has spent over 20 years as a specialist in the field of wiring domestic central heating systems and the knowledge he has gained from hands-on experience and staff training is now brought together in this comprehensive handbook.
