On 29th February 2000, John Price took out a restraining order against his girlfriend, Katherine Knight. Later that day, he told his co-workers that she had stabbed him and if he were ever to go missing, it was because Knight had killed him. The next day, Price didn't show up for work. A co-worker was sent to check on him. They found a bloody handprint by the front door and they immediately contacted the police. The local police force was not prepared for the chilling scene they were about to encounter. Price's body was found in a chair, legs crossed, with a bottle of lemonade under his arm. He'd been decapitated and skinned. The "skin-suit"

was hanging from a meat hook in the living room and his head was found in the kitchen, in a pot of vegetables that was still warm. There were two plates on the dining table, each had the name of one of Price's children on it. She was attempting to serve his body parts to his children. Man-Eater is a dramatic and gripping account of the first woman in Australia to be given a life sentence without parole and a special addendum 'never to be released'. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victim and has all the elements of a classic thriller. *CAUTION: This book contains descriptive accounts of abuse and

"I have no desire whatever to reform myself. My only desire is to reform people who try to reform me. And I believe that the only way to reform people is to kill 'em. My motto is, Rob em all,

Rape em all and Kill em all." - Carl Panzram In 1902, at the age of 11, Carl Panzram broke into a neighbour's home and stole some apples, a pie, and a revolver. As a frequent troublemaker, the court decided to make an example of him and placed him into the care of the Minnesota State Reform School. During his two-year detention, Carl was repeatedly beaten, tortured, humiliated and raped by the school staff. At 15-years old, Carl enlisted in the army by lying about his age but his career was short-lived. He was dishonourably discharged for stealing army supplies and was sent to military prison. The brutal prison system sculpted Carl into the man that he would remain for the

rest of his life. He hated the whole of mankind and wanted revenge. When Carl left prison in 1910, he set out to rob, burn, rape and kill as many people as he could, for as long as he could. His campaign of terror could finally begin and nothing could stand in his way. Kill 'Em All is a chilling and gripping account of one of the most brutal and gruesome true crime stories in American history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. In this third book in the Mockingbird Hill saga, the North and the South come together in battle again, although on a nominal scale. Anthony Parish, war weary Confederate soldier, returns home, his mind and heart set to rebuild his life on his beloved Low-Country plantation, Tally's Nook, only to find it totally destroyed by fire. In Charleston, the Perry sisters, Yankee haters both, chose to flee their confiscated home rather than share a roof with Yankee invaders and conquerors. These three converge on Mockingbird Hill plantation, already occupied by Margaret

Grenville, her child and three loyal and devoted ex-slaves who refused to leave their homeland. The fireworks begin. The atmosphere becomes even more explosive when Charlie O'Donnell, Margaret's father, returns to Mockingbird Hill with two Yankee ladies in tow. Anthony's hands are already full with these pyrotechnics when he finds the Hardway orphans on his doorstep. What can he do but bring them in? He is faced with serving as peace keeper and provider to the menagerie of souls who call Mockingbird Hill their home, while he struggles to rebuild two war ravaged plantations. In "The Eighth Evil" you meet love, hatred, anger, pride, sorrow and joy.

You see how some character's lives are made fuller and more beautiful when they overcome their negative attitudes, and you see how some are destroyed by clinging to useless prejudices and self-centered ways.

A spine-tingling account of the man behind the World's End murders On 15th October 1977, Christine Eadie and Helen Scott left the World's End pub after a

fun-filled night with two men in their arms. They had their whole lives ahead of them. They had nothing to fear and everything to look forward to. Their naked bodies were discovered the following day. They were found six miles apart from each other. No attempt had been made to conceal their bodies, and both girls had been beaten, gagged, tied, raped and strangled. The case attracted widespread media attention and despite the Police's best efforts, they were unable to identify a culprit. Within the next six months, the investigation was scaled down. The World's End killers were still at large. Free to continue terrorising the streets of Scotland.

Thanks to the advances in DNA profiling, investigators were able to link the murders of Christine Eadie and Helen Scott to an Angus Sinclair, who was known to the Police. Sinclair had pleaded guilty to culpable homicide of an eight-year-old girl when he was just sixteen and was serving a life sentence for the murder of another seventeen-year-old girl. It is not known how many victims suffered at the hands of Sinclair. He is thought to have killed at least another four women but it could have been twice that amount. Bestselling author Ryan Green assumes the role of Angus Sinclair and attempts to fill in the blanks on one of Scotland's most

notorious serial killers. Sinclair is a shocking true story about lust, manipulation, dominance and extreme violence.

A thrilling new novel from #1 New York Times bestselling author Lisa See explores the lives of a Chinese mother and her daughter who has been adopted by an American couple. Li-yan and her family align their lives around the seasons and the farming of tea. There is

ritual and routine, and it has been ever thus for generations. Then one day a jeep appears at the village gate—the first automobile any of them have seen—and a stranger arrives. In this remote Yunnan village, the stranger finds the rare tea he has been seeking and a reticent Akha people. In her biggest seller, *Snow Flower and the Secret Fan*, See introduced the Yao people to her readers. Here she shares the customs of another Chinese ethnic minority, the Akha, whose world will soon change. Li-yan, one of the few educated girls on her mountain, translates for the stranger and is among the first to reject the rules that have shaped her existence. When she has a baby outside

of wedlock, rather than stand by tradition, she wraps her daughter in a blanket, with a tea cake hidden in her swaddling, and abandons her in the nearest city. After mother and daughter have gone their separate ways, Li-yan slowly emerges from the security and insularity of her village to encounter modern life while Haley grows up a privileged and well-loved California girl. Despite Haley's happy home life, she wonders about her origins; and Li-yan longs for her lost daughter. They both search for and find answers in the tea that has shaped their family's destiny for generations. A powerful story about a family, separated by circumstances, culture,

and distance, Tea Girl of Hummingbird Lane paints an unforgettable portrait of a little known region and its people and celebrates the bond that connects mothers and daughters.

Poisonwood Bible, now

established Barbara
Kingsolver as one of
the most thoughtful
and daring of modern
writers. Taking its
place alongside the
classic works of
postcolonial literature,
it is a suspenseful epic
of one family's tragic
undoing and
remarkable
reconstruction over the
course of three
decades in Africa. The
story is told by the wife
and four daughters of
Nathan Price, a fierce,
evangelical Baptist
who takes his family
and mission to the

Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on

Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral

risk and personal responsibility.

#1 Ronald's life was turned upside down when his father died and his mother remarried. They moved constantly, which contributed to Ronald's lack of social skills. He was expelled from school at age 16 for his violent outbursts. #2

Ronald's life was completely turned around when he entered military school. He thrived under the strict order and pressure of the school's rigorous routines, and he found a sense of peace and purpose that he had

been lacking his entire life. #3 Ronald was a man who was house proud, and he was very particular about how things were done around the house. He was kind and caring, and never raised a hand to Becky. She was lucky to have found such a man. #4 When she was done, she dumped the pot onto the clean pile, lifted the rest of the pots back onto the other side, and dried her hands on the dishtowel. In March 1944, as the Nazis occupied Paris,

the French Police and Fire Brigade were called to investigate a vile-smelling black smoke that had been pouring from the chimney of 21 Rue La Sueur for days. Inside the house, they were confronted with a scene from a nightmare. The thick black smoke was rising from a series of wood-burning stoves throughout the property that were stocked with human remains. In the basement, they discovered a furnace with larger body parts and a pit filled with quicklime and decay. There were suitcases full of the deceased's belongings, and in the other rooms, they came upon something like a factory line of bodies. This was not mere murder - it was

methodical processing of corpses. The homeowner was Dr. Marcel Petiot, an admired and charismatic physician. When questioned, Dr. Petiot claimed that he was a part of the Resistance and the bodies they discovered belonged to Nazi collaborators that he killed for the cause. The French Police, resentful of Nazi occupation and confused by a rational alternative, allowed him to leave. Was the respected Doctor a clandestine hero fighting for national liberty or a deviant using dire domestic circumstances to his advantage? One thing is for certain, the Police and the Nazis both wanted to get their hands on Dr. Marcel Petiot to find out the

truth. Doctor Satan is a chilling account of Dr. Marcel Petiot and one of the most disturbing true crime stories in French history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller.

Here is a book as joyous and painful, as

mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live

with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition. *The Poisonwood Bible* B&H Publishing Group

The Truro Murders presents the shocking true story of Christopher Worrell, and his accomplice, James Miller. The events in this book unveil one of the worst serial killing sprees in Australian history. Over the course of two months in 1976-1977, seven young women were brutally raped and murdered. Worrell and Miller met in prison, and upon release, developed a dominant and submissive relationship that centred around feeding Worrell's sadistic urges towards women. Miller would deny any involvement in the murders, claiming his love for Worrell was the basis for his cooperation and silence. In the space of twelve months between 1978-1979,

remains of two of the victims were found within 1km of one another. Police linked the two bodies with another five young females reported missing in the area. The police uncovered two more skeletons within the Truro region and now faced the difficult task of piecing together the evidence and finding the countries biggest serial killers. The Truro Murders portrays the sex-fuelled killing spree from the perspective of James Miller, the accomplice. Contained within this shocking true crime story are love, loss, manipulation, and extreme violence. If you are especially sensitive to accounts of suffering young females, it might be advisable not to read

any further. If, however, you seek to understand the darker side of human nature by coming face to face with it, then this book is written for you.

In the fall of 1994, Erich Baumeister (13), was playing in a wooded area of his family's estate, when he stumbled across a partially buried human skeleton. He presented the disturbing finding to his mother, Julie, who inquired about the skull to her husband, Herb. He told her that the skeleton belonged to his late father, an anaesthesiologist, who used it for his research. He said he didn't know what to do with it, so he buried it in the back garden. Astonishingly, Julie believed him. Over the course of eighteen-months, Julie became increasingly concerned and even frightened by her husband's mood

swings and erratic behaviour. In June 1996, whilst Herb was on vacation, she granted police full access to her family's eighteen-acre home. Within ten days of the search, investigators uncovered the remains of eleven bodies. Once news of the findings at Fox Hollow Farm was broadcast, Herb disappeared. He was missing for eight days when campers eventually found his body inside his car. In an apparent suicide, Herb had shot himself while parked at Pinery Park, Ontario. He wrote a three-page suicide note explaining his reasons for taking his life, which he attributed to his failing marriage and business. There was no mention of the victims scattered in his

backyard. Herb Baumeister would later be alleged to have killed at least nine more men along the Interstate 70 between Indiana and Ohio, and coined the "I-70 Strangler." It is entirely possible that he was one of the most prolific serial killers in history, but because of his perpetual cowardice in the face of scrutiny, the world will never know. In *You Think You Know Me*, bestselling author Ryan Green assumes the role of Herb Baumeister and attempts to fill in the blanks on one of Indiana's most mysterious serial killers. Two small brothers named Jakub and Ondrej, nine and seven years old respectively, were revealed to have suffered confinement, mutilation, psychological brutality, and cannibalism at the hands of several people, foremost among them their own mother and her sister."--Back cover.
