'That which puzzled and fascinated me whenever I met Lasgush was this sensation of the impossible. It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well, luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

A New York Times Book Review Editors' Choice “Erotic, paranoiac and lightly fantastical.” —The Wall Street Journal “Ismail Kadare's readers are astonished every year when the Nobel committee overlooks him. . . . A Girl in Exile, published in Albanian in 2009, may rekindle the worldwide hopes.” —The New York Times Book Review During the bureaucratic machinery of Albania’s 1945–1991 dictatorship, playwright Rudian Stefa is called in for questioning by the Party Committee. A girl—Linda B.—has been found dead, with a signed copy of his latest book in her possession. He soon learns that Linda’s family, considered suspect, was exiled to a small town far from the capital. Under the influence of a paranoid regime, Rudian finds himself swept along on a surreal quest to discover what really happened to Linda B. “At a time when parts of the world are indulging nostalgia for communism, Kadare's novel confronts the infuriating impossibility of art in an autocratic, anti-individualist system.” —The Washington Post “A Girl in Exile confirms Kadare to be the best writer at work today who remembers—almost aggressively so, refusing to forget—European totalitarianism.” —The New Republic

From the man whose name is synonymous with the contemporary personal essay, Getting Personal is a rich and ambitious collection that spans Phillip Lopate's career as an essayist, teacher, film critic, father, son, and husband. Witty, insightful, deeply meditative, and self-revelatory, with his characteristic candor and curmudgeonly charm, he explores himself, his life, his family, his religion, and his friends.

In the play, the Danaids, the fifty daughters of Danaus, founder of Argos, flee a forced marriage to their cousins in Egypt. They turn to King Pelasgus of Argos for protection, but Pelasgus refuses until the people of Argos weigh in on the decision, a distinctly democratic move on the part of the king. The people decide that the Danaids deserve protection, and they are allowed within the walls of Argos despite Egyptian protests.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

The inner structure of the Earth, in the form as it's still expressed today in the standard books, is a complete reflection of the archaic method of thinking. The continual change in the state of matter by pressure and temperature rising towards the Earth center, it is not an essential change in the character of chemical elements to create the core, shell-like building of the mantle, lithosphere and the known processes. This is also a firm argument why the necessity appears to place a sort of ultra dense matter as the source of permanent transformation in the core's central region, to create

different particles and sub particles in bonds of atoms or free in radiation. Lets suppose for a moment that we would remove the silicate coverings. What would be the outcome? The processes of transformation and growth would continue in the core. The "small earth" would begin to recreate the silicate coat progressively with time, and we would "see" the imitation of crust formation, as well as the differentiation, the "bone of discord" between the fixists, mobilists and supporters of the expansion and their "quarrel" would end forever.Such solution on the geologic development of Earth crust must radically change the method of thinking about the origin of the solar system.

When a young Algerian named Meursault kills a man, his subsequent imprisonment and trial are puzzling and absurd. The apparently amoral Meursault--who puts little stock in ideas like love and God--seems to be on trial less for his murderous actions, and more for what the authorities believe is his deficient character.

Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy’s eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy’s story are tantalizing fragments of the city’s history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Aeschylus (525-c.456 bc) set his great trilogy in the immediate aftermath of the Fall of Troy, when King Agamemnon returns to Argos, a victor in war. Agamemnon depicts the hero's discovery that his family has been destroyed by his wife's infidelity and ends with his death at her callous hand. Clytemnestra's crime is repaid in The Choephoroi when her outraged son Orestes kills both her and her lover. The Eumenides then follows Orestes as he is hounded to Athens by the Furies' law of vengeance and depicts Athene replacing the bloody cycle of revenge with a system of civil justice.

Written in the years after the Battle of Marathon, The Oresteian Trilogy affirmed the deliverance of democratic Athens not only from Persian conquest, but also from its own barbaric past.

Upon her arrival in Tirana, Albania, in April 1994, the author found a city unlike any other she had experienced. Rotting trash was piled in the center of the streets, animals shared the rutted roads with cars, and housing, when it could be found, was crowded and crumbling. But she found a people full of optimism, particularly the women. Despite the subservient role forced by tradition on nearly all Albanian women, they have increasingly become the foundation upon which the country exists. Not only are they responsible for caring for extended households, these women are now also becoming vital parts of the country's economy. Most importantly, however, they maintain a faith in Albania that belies the country's turbulent past and widely predicted future. Through interviews with over 200 Albanian women, this work is an insightful, often poignant, look at a country that remains a mystery to most in the West.

The Blue Lagoon (1908) is a novel by Henry De Vere Stacpoole. The first in a trilogy of novels including The Garden of God (1923) and The Gates of Morning (1925), The Blue Lagoon is a story of romance and adventure inspired by the author’s travels in the South Pacific. A total of five films have been adapted from the novel, including the hit 1980 drama of the same name starring Brooke Shields. “The Pacific slept; a vast, vague swell flowing from far away down south under the night, lifted the Northumberland on its undulations to the rattling sound of the reef points and the occasional creak of the rudder; whilst overhead, near the fiery arch of the Milky Way, hung the Southern Cross like a broken kite.” When a terrible shipwreck leaves them stranded on a deserted island in the South Pacific, Dick and Emmeline LeStrange are merely children. Paddy Button, the ship’s cook and the only other survivor, takes it upon himself to train them in the ways of survival, teaching the arts of fishing and pearl diving to ensure the youths know how to take full advantage of a hostile environment. When Paddy dies from alcoholism, Dick and Emmeline are more than prepared to fend for themselves, but as they grow into young adulthood, a strange sense of desire starts to take hold. With a beautifully designed cover and professionally typeset manuscript, this edition of Henry De Vere Stacpoole’s The Blue Lagoon is a classic of British literature reimaged for modern readers.

"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the

'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare, Albanian writer.
