The Pictorial Story of Walt Disney's First Superstar

Random House Disney

This series of Pictorial books enables readers worldwide to share images selected from the author's collections of extremely rare Disney-related memorabilia that is generally shown only at formal philatelic exhibitions. Walt Disney's humble little character, Mickey Mouse, was first presented to motion picture theater audiences in 1928-just one year prior to the infamous Wall Street stock market crash that resulted in what is referred to as The Great Depression, which continued until 1941 and was followed by World War Two which lasted until 1945. For the better part of two decades, for countless millions of families, there were few

moments of joy and little means of escape from the world's dismal, disheartening economic conditions. Two items not directly related to either Depression or World War came together to provide moments of relief and escape from the grim news of the day. One was the creation of short animated cartoons and another was the development of motion pictures with synchronized sound. Walt Disney and his brilliant creative team became pioneers in these entertainment advances, and their work resulted in the introduction of a small mouse who would quickly become the world's most beloved motion picture star. Even Walt was caught unprepared for the global popularity of Mickey Mouse. Printed items featuring Mickey's

likeness were quickly churned out in many countries, much of which was crude to the point of vulgarity. Some examples of these images have survived to become part of Ed Bergen's collection, along with examples of Disney's own successful marketing activities which are presented in this Pictorial series-postcards, greeting cards, books and magazines, toys, wristwatches and other novelties, and ultimately even feature films. Ed Bergen's delightful collection of unusual and seldom seen memorabilia begins with Mickey's motion picture introduction and his immediate rise to unparalleled entertainment fame. It is an insightful glimpse of the early beginnings of Mickey Mouse, who would become America's most welcome ambassador to the entire world.

Disney Junior Mickey

Mouse: Mickey's Day Out Random House Books for Young Readers

Who HQ brings you the stories behind the most

beloved characters of our time. Meet Mickey Mouse-

Disney's most famous and much-loved cartoon

character! In 1928, the short film Steamboat

Willie dazzled audiences. It was not only one of the

first cartoons to feature sound, it was also where

viewers first met Mickey Mouse. Despite starting

out as a replacement for another Disney cartoon

character, Mickey has since taken over the

spotlight and won the hearts of children and

adults all over the world. He is a true international

superstar! Mickey has starred in countless

movies and television shows, has been in

Academy Award-winning films, and even has his

own star on the Hollywood Walk of Fame. It's not

hard to see why Mickey Mouse is one of the

world's most recognizable and popular Disney

characters.
