The Colors covers the past three decades of the American art scene, a period during which the

prevailing artistic fashion has shifted as often as the focus of the Whitney Biennial, when art and money, talent and celebrity have often been confused. During this period, figures such as Julian Schnabel, Jeff Koons, and Keith Haring have crossed over from the rarefied world of high art into popular culture, and art dealers, like Hollywood power agents, have often claimed as much attention as those they represented.

Anthony Haden-Guest has moved within this world,

known the players, and delivers here an authoritative and deliciously inside account. Focusing on the lives and personalities of the art world's main players, and with a sure critical component, Haden-Guest gives us vivid portraits of the period's key artists as they strive to fulfill their ambitions. He does justice as well to the machinations of those who have come to control the larger drama -- the dealers, collectors, and museum curators. Filled

with incredible anecdotes, dramatically told stories, and subtle critical assessments, *True Colors* tells the story of the art world that we have never heard before.

An inspiring and beautiful way to commemorate Barbara Bush—the complete text of her historic speech to the 1990 graduating class of Wellesley College, which NPR included in their list of the “Best Commencement Speeches, Ever.” Barbara

Bush is one of America's most beloved first ladies, and one of only two in our history to be both the wife and the mother of a President. Celebrated for her wit, compassion, candor, and ebullience, she was embraced on both sides of the political aisle. In the outpouring of national admiration and affection in the days following her death in the spring of 2018 at age ninety-two, many remembered the commencement address Mrs. Bush gave to the Wellesley College class of

1990. She urged the graduates to believe in something larger than themselves, citing her own commitment to literacy and her belief that, "if more people could read, write, and comprehend, we would be much closer to solving many of the problems plaguing our society." Filled with timeless wisdom, *Your Own True Colors* is a perfect gift book for graduation or any occasion. Barbara Bush's message about men, women, diversity, and big ideals—finding

one's own true colors—is as timely, important, and inspiring as ever.
