Sweet sixteen and never been kissed . . . That's Aurora Skye's big secret. And the way she wants it to stay. She's not going to give away her first kiss to just anyone. Busy dodging suitors and matchmaking for her best friends, Aurora (not so)

patiently awaits her prince. But everything changes when Aurora is coerced into a lead role in the school production of *Much Ado about Nothing*. Which means she'll have to lock lips with her co-star Hayden Paris—the smart and funny boy next door who also happens to be the bane of her existence, always around to see her at her worst. Now Aurora is more determined than ever to have her first kiss with the one who's truly worthy of it. But first she'll have to figure out just who that person is.

Romantic and funny, Tara Eglington's *How to Keep a Boy from Kissing You* is a feel-good tale of finding love where you least expect it.

Fresh out of clean clothes, Lacey must

wear a previously shunned birthday gift from her grandma: a T-shirt that says, Kiss Me, I'm Perfect. Skeptical about the reception she will receive, Lacey starts her journey to school...and is pleasantly surprised by the attention she receives from the kitty cat, dog, eagle, and MOOSE she meets along her way. Even better, once at school, her potentially embarrassing attire is soon coveted by her classmates! This ridiculously silly tale, filled with wet sloppy kisses, will leave readers in hysterics!

The course of true love never did run smoothly. For a girl who shares her name with a princess (a.k.a Aurora from Sleeping Beauty), Aurora Skye's life seem fathoms away from a fairytale. the course of true love never did run

smoothly. For a girl who shares her name with a princess (a.k.a Aurora from Sleeping Beauty), Aurora Skye's life seem fathoms away from a fairytale. Sure, she's landed Hayden Paris, Potential Prince extraordinaire. And she got her wish - one first kiss with all the knee-trembling, butterfly-inducing gloriousness she'd hoped for - but Aurora's learning that a kiss is just the beginning of a story. Instead of being the truly transcendent, utterly epic follow up it should be, her second attempt at kissing has literally landed Hayden Paris in the emergency room. If that's not mortifying enough, the whole school is now referring to her as 'Lethal Lips'. Meanwhile it's all systems go for her best friend Cassie - she and Potential Prince Scott are totally loved up and

can't stop kissing. Jelena (Jefferson High's answer to Helen of Troy) has moved on from the heinous betrayal by Bad Boy Alex West and has unleashed her plan to rule the world by running for School Captain. Problem is Alex is running too and Jelena's pulling out all the stops to prevent him from stealing her rightful place as ruler of Jefferson High - including offering Aurora's Find a Prince/Princess Program as one of her campaign initiatives. How is Aurora going to prove her program is foolproof and help Jelena win the election when her matchmaking manoeuvres seem to be throwing all the wrong people together - including the NAD and the hippy-dippy Ms Deforest - and she can't even convince Hayden to kiss her? Wendy Mass turns to another magical birthday: 13! When Tara, a self-proclaimed shrinking violet, steals the school mascot, a goat, in order to make some friends with the popular crowd and gets caught, she gets herself in a heap of trouble. In addition, her parents decide that instead of taking her on their summer trip to Madagascar to study the courtship rituals of the Bamboo Lemur, she must go stay with her aunt, uncle, and bratty cousin Emily St. Claire in Willow Falls. Tara thinks it's a good time to start over; she'll be turning 13 after all, so she might as well make the best of it and perhaps even attempt to break out of her shell (in a non-criminal manner). What Tara doesn't know is that this charmed town has something big in store for her on her 13th birthday. It's

not a typical birthday. But then again, nothing in Willow Falls is exactly typical!

After a perfect first kiss, Aurora's second kiss lands her boyfriend in the hospital, and her matchmaking strategies start to backfire in this sequel to Tara Eglington's *How to Keep a Boy from Kissing You*. For a girl who shares her name with a princess (aka Sleeping Beauty), Aurora Skye's romantic life seems fathoms away from a fairy tale. Sure, she's landed her prince charming, Hayden Paris. And she got her wish—one first kiss with all the knee-trembling, butterfly-inducing gloriousness she'd hoped for. But instead of happily ever after, their second kiss landed Hayden in the emergency room. If that's not

mortifying enough, the whole school is now referring to her as "Lethal Lips." When Aurora's best friend decides to run for class president and offers up Aurora's matchmaking service as one of her campaign initiatives, the kissing games begin. Aurora has to convince everyone that her program works—but that might be hard to do when it seems like her own love life might be falling apart.

Wednesday Books

A whip-smart, heart-wrenching debut YA novel about first love, first loss, and filmmaking that will delight fans of Jandy Nelson and Jennifer Niven In the movie version of Amelia's life, the roles have always been clear. Her older brother, Toby: definitely the Star. As popular with the stoners as he is with the cheerleaders, Toby is someone you'd pay ten bucks to watch sweep Battle of the Bands and build a "beach party" in the bathroom. As for Amelia? She's Toby Anderson's Younger Sister. She's perfectly happy to watch Toby's hijinks from the sidelines, when she's not engrossed in one of her elaborately themed Netflix movie marathons. But recently Toby's been acting in a very non-movie-version way. He's stopped

hanging out with his horde of friends and started obsessively journaling and disappearing for days at a time. Amelia doesn't know what's happened to her awesome older brother, or who this strange actor is that's taken his place. And there's someone else pulling at her attention: a smart, cute new boyfriend who wants to know the real Amelia—not Toby's Sidekick. Amelia feels adrift without her star, but to best help Toby—and herself—it might be time to cast a new role: Amelia Anderson, leading lady.

The latest scientific research on home birth, breastfeeding, sleep training, vaccines, and other key topics—to help parents make their own best-informed decisions. In the era of questionable Internet "facts" and parental oversharing, it's more important than ever to find credible information on everything from prenatal vitamins to screen time. The good news is that parents and parents-to-be no longer

need to rely on an opinionated mother-in-law about whether it's OK to eat sushi in your third trimester, an old college roommate for sleep-training "rules," or an online parenting group about how long you should breastfeed (there's a vehement group for every opinion). Credible scientific studies are out there – and they're "bottom-lined" in this book. The ultimate resource for today's science-minded generation, *The Informed Parent* was written for readers who prefer facts to "friendly advice," and who prefer to make up their own minds, based on the latest findings as well as their own personal preferences. Science writers and parents themselves, authors Tara Helle and Emily Willingham have sifted through thousands of research studies on dozens of essential topics,

and distill them in this essential and engaging book. Topics include: Home birth * Labor induction * Vaginal birth vs. Cesarean birth * Circumcision * Postpartum depression * Breastfeeding * Vaccines * Sleep training * Pacifiers * SIDS * Bed-sharing * Potty training * Childhood obesity * Food sensitivities and allergies * BPA and plastics * GMOs vs. organic foods * The hygiene hypothesis * Spanking * Daycare vs. other childcare options Full reference information for all citations in the book is available online at <http://theinformedparentbook.com/book-references/>

apart. In grade school, she panicked during the practice fire drills. Practice for what?, Tara asked. For the upcoming disaster that was bound to happen? Then, at the age of 11, it happened. Tara heard the phrase that changed her life: Step on a crack, break your mother's back. Before Tara knew it, she was counting every crack in the sidewalk. Over time, Tara's "quirks" grew and developed: arranging her meals on plates, nonstop prayer rituals, until she developed a new ritual wherein she kissed her fingers and touched doorknobs....
