Appunni grows up to earn enough money and returns to buy his ancestral home, but his victory soon turns into ashes when his father's murderer turns out to be the same man who was the only

sympathetic adult in Appunni's lonely teenage years.

Kerala. A land
from the past,

potent with dreams and legends, enfolds the traveller in a powerful and unsettling embrace. Ravi is bewitched and entranced as everything around him—the villagers; their children whom he teaches in a makeshift school; the elders who see him as a threat; the toddy-tappers; the shamans—takes on the quality of myth. And then reality, painful and threatening, begins to intrude on the

sojourner's resting place and Ravi begins to understand that there is no escape from the relentless dictates of karma... Often poetic and dark, always complex and rich, *The Legends of Khasak*, O.V. In this
powerful book,
Nobel Peace

and New York

bestselling
author Malala
Yousafzai
introduces the

people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, María escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but

then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere except to the home she loved. In *We Are Displaced*, Malala not

only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that

every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. "A stirring and timely book." —New York Times

'Takes the Malayalam novel to new heights and fresh possibilities'

HINDU What makes us human?

Twelve people accompany an anthropologist to a deserted island, cutting off all relations with the outside world. There, an experiment begins. They are not to use any known

languages and must begin anew – to explore and find out if they can achieve in twenty-five years what humanity has achieved over generations. Twenty-five years later, only three of the thirteen have survived. As these three survivors recount their tale, what emerges is a story of humanity returned to its primitive roots, bereft of attachment, and not nearly as utopian as was expected. Award-winning writer T. D.

Ramakrishnan's debut novel, translated for the first time to English, explores through a powerfully imaginative conceit the meaning of relationships, attachments, love, hate and anger. Above all, it seeks to answer the question: what does it mean to be human? Kunju Karyangalude Odeythampur an Katha Perhaps the only novel to have been reprinted nearly every year for over a hundred years,

Indulekha (1889) is widely held to be the first Malayalam novel. Often called an 'accidental' and 'flawed' work, at its core lies a love story. The setting of the novel is the Nair community of Kerala, which had for centuries practised polyandrous matriliney, a most unusual form of inheritance through the woman whom both property and authority flavoured. It gives us glimpses of

prevalent social practices much debated amongst a people already under colonial pressure to change their ways of life. Written by a Nair, Indulekha is not a grandiose outpouring but the author's effort to achieve certain social goals: firstly, to create a novel much like those of the English authors he had read, and secondly, to illustrate Nair society at that time, both of which met with success. The novel influenced the deliberations of the Malabar Marriage Commission which it predated, and of which Chandum enon was a member. This novel will appeal to general readers interested in Indian writings in translation. Students of literature, history and culture, political and legal theory, and gender studies, will also find it useful. The Laws of

 Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and

a narrative structure that has influence generations of fiction writing.

Why Forge?

Juggernaut Publication It is the story of a young domestic worker, who has battled poverty, hardship and violence to

make a name for herself as a writer. Hurriedly married off at the age of twelve, a mother by the time she was fourteen, Baby lived in her married home for several years, facing continual violence from her husband. Her father's long absences from their home, her mother's decision to walk out of the marriage, leaving Baby and her sister to manage the household, were the realities that shaped Baby's

early life. When marriage came, Baby, still a child, yearned to play and study, but was burdened with the responsibility of being wife and mother. Escape finally came many years later, by which time Baby still young was a mother of three, and she fled to the city in the hope of finding a job. Working in Delhi as a domestic help, Baby was lucky enough to come across an

employer who encouraged her to build upon her few years of education and to read - and then to write. The story of Baby's life is a lesson in courage and survival. Since its first publication in India in Hindi, the book has become a bestseller, receiving accolades from some of the best-known writers and critics in India and elsewhere. It has been translated into several other Indian languages.
