Spanning more than two centuries in Ireland, *Castle on the Rise* unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend's vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they'd imagined are suddenly ripping apart. With hopes of

resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom's home in Ireland—never expecting she'd be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle's lady of legend, fighting for survival through the 1798 rebellion that started it all. Praise for *Castle on the Rise*: "Enchanting and mesmerizing!" —PATTI

Dark Romance mit herzerreißender Tiefe und knisternder Sinnlichkeit!« – Anna Zaires, Bestsellerautorin der New York Times Vor sechs Jahren hat Harold Dalton mich mit einem fingierten Diebstahl reingelegt und mich ins Gefängnis gebracht, um meinen Diamantenfund zu stehlen. Im Austausch für die Grabungsrechte gab er seine Tochter Jack Clarke. Heute bin ich ein freier Mann, und will meine Rache. Sechs Jahre voller Grausamkeiten machen aus Menschen Bestien. Ich werde mir das zurückholen, was er mir gestohlen hat, und noch mehr. Ich bin nicht an seinen Immobilien oder Aktien interessiert. Ich will sein Kleingeld nicht. Ich will seinen größten

Schatz, die schöne, mental instabile Angelina Dalton-Clarke. Mit ihren Milliarden ist sie die reichste Witwe des Landes, und auch die verrückteste. Ihre selbstverletzenden Tendenzen hatten Jack dazu veranlasst, sie für unzurechnungsfähig erklären zu lassen, bevor er sich eine Waffe an den Kopf hielt und sich das Gehirn rausblies. Lina darf keinen Cent ihres Reichtums anfassen. Ihr Vater verwaltet ihre Finanzen und hat alle Unterschriftsvollmachten. Als ihr Mann werden mir diese Aufgaben zufallen, aber wenn sie denkt, dass ich sie nur wegen ihres Geldes will, irrt sie sich gewaltig.

An urgent critique of the biopolitical subject and omnipresent Empire. Historical conflict no longer opposes two massive molar heaps, two classes—the exploited and the exploiters, the dominant and dominated, managers and workers—between which, in each individual case, it would be possible to differentiate. The front line no longer cuts through the middle of society; it now runs through each one of us... “—from *This Is Not a Program* Traditional lines of revolutionary struggle no longer

hold. Rather, it is ubiquitous cybernetics, surveillance, and terror that create the illusion of difference within hegemony.

Configurations of dissent and the rhetoric of revolution are merely the other face of capital, conforming identities to empty predicates, ensuring that even “thieves,” “saboteurs,” and “terrorists” no longer exceed the totalizing space of Empire. *This Is Not a Program* offers two texts, both originally published in French by Tiquun with *Introduction to Civil War* in 2001. In *This Is Not a Program*, Tiquun outlines a new path for resistance and struggle in the age of Empire, one that eschews the worn-out example of France's May '68 in

favor of what they consider to be the still fruitful and contemporary insurrectionary movements in Italy of the 1970s. "As a Science of Apparatuses" examines the way Empire has enforced on the subject a veritable metaphysics of isolation and pacification, "apparatuses" that include chairs, desks, computers; surveillance (security guards, cameras); disease (depression); crutch (cell phone, lover, sedative); and authority. Tiqqun's critique of the biopolitical subject and omnipresent Empire is all the more urgent as we become inured to the permanent state of exception that is the War on Terror and to

other, no less intimate forms of pacification. But all is not lost. In its unrelenting production of the Same, Empire itself creates the conditions necessary for the insurrection to come.

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and

stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps

the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his

life.
